Russian Historians The Soviet State:

Russian Historians and the Soviet State Konstantin Shteppa, 1962 **Russian Historians and the Soviet State** Konstantin Shteppa, 1962 *Russian Historians and the Soviet State. (Manuscript Prepared for Publication by William L. Blackwell.).* Konstantin Feodos'evich SHTEPA, William L. BLACKWELL, 1962 The Historiography of the First Russian Antarctic Expedition, 1819–21 Rip Bulkeley, 2021-04-26 This book looks at the different ways in which Russian historians and authors have thought about their country's first Antarctic expedition 1819–21 over the past 200 years. It considers the effects their discussions have had on Russia's Antarctic policy and may yet have on Antarctica itself. In particular, it examines the Soviet decision in 1949 in line with the cultural policies of late Stalinism to revise the traditional view of the expedition in order to claim that it was Russian seamen that first sighted the Antarctic mainland in January 1820; this claim remains the official position in Russia today. The author illustrates, however, that the case for such a claim has never been established and that attempts to make it damaged the work of successive Russian historians. Providing a timely assessment of Russian historiography of the Bellingshausen expedition and examining the connections between the priority claim and national policy goals, this book represents an important contribution to the history of the Antarctic. Plekhanov in Russian History and Soviet Historiography Samuel H. Baron, 2010-11-23 Baron brings together eleven articles published between 1958 and 1986 with a new introduction and an autobiographical essay that serves as a coda to the collection. The essays examine Georgi V. Plekhanov's ideas about history and their relationship to Soviet historiography, most especially his concept of 'primitive Russia' not as a Western feudal society but rather as 'Oriental despotism' and his views on the prospect for socialism in the United States. Baron also includes two pieces that revise his earlier thinking about Plekhanov: retracing his steps and exploring paths he neglected in his earlier research for his major biography *Plekhanov: The Father of Russian Marxism* (1963). The Europecentric Historiography of Russia Elizabeth Beyerly, 2018-12-03 No detailed description available for *The Europecentric Historiography of Russia*. **Readings in Russian Civilization Volume I** Thomas Riha, 2009-02-15 This new and enlarged version of *Readings in Russian Civilization* is the result of fairly extensive revisions. There are now 72 instead of 64 items; 20 of the selections are new. The first volume has undergone the least change with 3 new items, of which 2 appear in English for the first time. In the second volume there are 6 new items, all of them appearing in English for the first time. The third volume has undergone the greatest revision with 11 new items, of which 6 are newly translated from the Russian. It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating. The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present. The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition. New citations include not only works which have appeared since 1963 but also older books and articles which have come to

the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California Russia and Eastern Europe, 1789-1985 Raymond Pearson, 1989 *Citizens in the Making in Post-Soviet States* Olena Nikolayenko, 2011-03-02 This book based on extensive original research including new survey research amongst young people examines the political attitudes of Russian and Ukrainian adolescents without any firsthand experience with communism **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
