Russian Identities A Historical Survey:

Russian Identities Nicholas V. Riasanovsky, 2005-09-29 This book investigates the question of Russian identity looking at changes and continues over a huge territory many centuries and a variety of political social and economic structures Its main emphases are on the struggle against the steppe peoples Orthodox Christianity autocratic monarchy and **Russian Identities** Nicholas Valentine Riasanovsky, 2005 Adventures in Russian Historical Research Westernization Samuel H. Baron, Cathy Frierson, 2015-04-08 American historians of Russia have always been an intrepid lot Their research trips were spent not in Cambridge or Paris Rome or Berlin but in Soviet dormitories with official monitors They were seeking access to a historical record that was purposefully shrouded in secrecy boxed up and locked away in closed archives Their efforts indeed their curiosity itself sometimes raised suspicion at home as well as in a Soviet Union that did not want to be known even while it felt misunderstood This lively volume brings together the reflections of twenty leading specialists on Russian history representing four generations They relate their experiences as historians and researchers in Russia from the first academic exchanges in the 1950s through the Cold War years detente glasnost and the first post Soviet decade Their often moving acutely observed stories of Russian academic life record dramatic change both in the historical profession and in the society that they have devoted their careers to understanding Borderland Russians G. Hønneland, 2010-10-13 Geir H nneland discusses some of the big guestions in social science What is identity What is the role of identity and narrative in the study of international relations The location is the Kola Peninsula the most heavily militarized area of the world during the Cold War now set to become Europe's next big oil playground A History of Russian Exposition and **Festival Architecture** Alla Aronova, Alexander Ortenberg, 2018-10-03 This collection of thirteen vignettes addresses several important episodes in the history of Russian temporary architecture and public art from the royal festivals during the times of Peter the Great up to the recent venues including the Sochi Winter Olympics The forms and the circumstances of their design were drastically different however the projects discussed in the book share a common feature they have been instrumental in the construction of Russia's national identity with its perception of the West simultaneously a foe and a paragon looming high over this process The book offers a history of multidirectional relationships between diplomacy propaganda and architecture

Race and Racism in Russia N. Zakharov,2015-03-23 Race and Racism in Russia identifies the striking changes in racial ideas practices exclusions and violence in Russia since the 1990s revealing how Russianness has become a synonym for racial whiteness This ground breaking book provides new theories and substantive insights into race and ethnicity in a Russian context

The Russia Anxiety Mark B. Smith,2019-09-03 A history of Russophobia and its living legacy in world affairs With proof of election meddling and the relationship between Donald Trump and Vladimir Putin an ongoing conundrum little wonder many Americans are experiencing what historian Mark B Smith calls the Russia Anxiety This is no new phenomenon Time and time again the West has judged Russia on assumptions of its inherent cunning malevolence and

brutality Yet for much of its history Russia functioned no differently or at least no more dysfunctionally than other absolutist war mongering European states So what is it about this country that so often provokes such excessive responses And why is this so dangerous Russian history can indeed be viewed as a catalog of brutal violence in which a rotation of secret police from Ivan the Terrible's Oprichina to Andropov's KGB and Putin's FSB hold absolute sway However as Smith shows there are nevertheless deeper political and cultural factors that could lead to democratic outcomes Violence is not an innate element of Russian culture and Russia is not unknowable From foreign interference and cyber attacks to mega corruption and nuclear weapons Smith uses Russia's sprawling history to throw light on contemporary concerns Smith reveals how the past has created today s Russia and how this past offers hints about its future place in the world one that reaches beyond crisis and Motivation in War Ilya Berkovich, 2017-02-02 Explains the motivation of ordinary soldiers to enlist serve and fight in the armies of eighteenth century Europe Adventures in Russ Hist Research, American historians of Russia have always been an intrepid lot Their research trips were spent not in Cambridge or Paris Rome or Berlin but in Soviet dormitories with official monitors. They were seeking access to a historical record that was purposefully shrouded in secrecy boxed up and locked away in closed archives Their efforts indeed their curiosity itself sometimes raised suspicion at home as well as in a Soviet Union that did not want to be known even while it felt misunderstood This lively volume brings together the reflections of twenty leading specialists on Russian history representing four generations They relate their experiences as historians and researchers in Russia from the first academic exchanges in the 1950s through the Cold War years detente glasnost and the first post Soviet decade Their often moving acutely observed stories of Russian academic life record dramatic change both in the historical profession and in the society that they have devoted their careers to understanding

Nikolai Gretsch's Travel Letters: Volume 1 - Letters from England Nikolai Gretsch, 2021-08-17 Nikolai Gretsch s
Travel Letters is a fully translated English edition of a three volume account published by Nikolai Gretsch 1787 1867 in St
Petersburg in 1839 In the original Russian Gretsch describes his travels in post Napoleonic England France and Germany in
1837 at the behest of the Russian Empire His official task was to examine educational systems but as he travelled he also
noticed the cultural norms in his surroundings the history of each country and the personal experiences of the people he met
On his return home Gretsch assembled his entertaining and often humorous personal observations into the edition that forms
the basis for the present translation His astute observations provide a rich contemporary resource for information about the
countries he visited especially given his status as an outsider Additionally as a result of his government position Gretsch was
able to move in social circles that would have been closed to many other people In England he once found himself in the
same room with Princess the future Queen Victoria and in France he dined with Victor Hugo Gretsch's observations offer a
treasure trove of contextual information that will be valuable to anyone interested in cultural interactions during the
nineteenth century

The Paradox of Musical Vernaculars Marina Ritzarev, 2023-10-13 Musical vernaculars are a rare and

challenging object of study Their sound can include everything from local folk and popular songs to random foreign hits and fragments of classic repertoire It is an everchanging element eclectic whimsical and resistant to regularity Based on the author's multicultural experience proficiency in Russian and Jewish music history and interest in anthropology this book explores the essential features of vernaculars They can have varying degrees of changeability some are quite stable and exist in closed rural or immigrant communities phylo vernacular while others are dynamic like those of an urbanized population onto vernacular These types of vernacular can turn into one another when communities migrate that is agricultural people move to cities and the townspeople settle on the land Understanding the changes in the vernacular repertoires as something natural this book defends the value of urbanized folk music disputing the traditional view of art music composers of rural folk songs as only authentic and suitable for expressing nationalistic sentiments. The book also examines unexpected interconnections between Russian and Jewish music both in their vernacular manifestations and the creative work of Sergei Slonimsky and Dmitry Shostakovich **New Directions in Literature and Medicine Studies** Stephanie M. Hilger, 2017-11-11 This book is situated in the field of medical humanities and the articles continue the dialogue between the disciplines of literature and medicine that was initiated in the 1970s and has continued with ebbs and flows since then Recently the need to renew that interdisciplinary dialogue between these two fields which are both concerned with the human condition has resurfaced in the face of institutional challenges such as shrinking resources and the disappearance of many spaces devoted to the exchange of ideas between humanists and scientists This volume presents cutting edge research by scholars keen on not only maintaining but also enlivening that dialogue They come from a variety of cultural academic and disciplinary backgrounds and their essays are organized in four thematic clusters pedagogy the mind body connection alterity and medical practice The Politics of Eurasianism Mark Bassin, Gonzalo Pozo, 2017-01-12 In the course of Vladimir Putin s third presidential term many of the doctrines and ideas associated with Eurasianism have moved to the center of public political discourses in Russia Eurasianism both Russian and non Russian is politically active influential and contested in debates about identity popular culture or foreign policy narratives Deploying a variety of theoretical frameworks and perspectives the essays in this volume work together to shed light on both Eurasianism's plasticity and contemporary weight and examine how its tropes and discourses are appropriated interpreted modulated and deployed politically by national groups oppositional forces left or right prominent intellectuals artists and last but not least government elites In doing so this collection addresses essential themes and questions currently shaping the Post Soviet world and beyond Religious Diversity, State, and Law Joseph Marko, Maximilian Lakitsch, Franz Winter, Wolfgang Weirer, Kerstin Wonisch, 2022-10-17 Globalisation migration and de secularisation have fundamentally transformed the concepts of religion state and law during the last decades The main goal of this interdisciplinary approach is to clarify the multifaceted theoretical and practical challenges of religious diversity and socio political pluralism in Europe In twenty two chapters the contributions to this

volume revisit basic concepts structures and institutional settings such as sovereignty the dogma of the separation of state church and or religion human and minority rights gender and religion varieties of fundamentalisms interreligious dialogue Political Ideologies in Contemporary Russia Elena and peacebuilding and not least religious education Chebankova, 2020-11-18 In the realm of political discourse there is a distinct gap in understanding between Russia and the West To an outsider the ideas that animate the actions of Russia's ruling elite opposition and civil society from the motivations driving Russia's political actors to the class structure and international and domestic constraints that shape Russia's political thinking remain shrouded in mystery Contrary to the view that a bleak discursive uniformity reigns in Vladimir Putin s Russia Political Ideologies in Contemporary Russia shows that the country is engaging in serious theoretical debates across a wide spectrum of modern ideologies including liberalism nationalism feminism and multiculturalism Elena Chebankova argues that the nation is fragmented and the state seeks to balance the various ideological movements to ensure that none dominates She shows that each of the main ideological trends is far from uniform but the major opposition is between liberalism and traditionalism The pluralistic picture she describes contests many current portrayals of Russia as an authoritarian or even totalitarian state Offering an alternative to the Western lens through which to view global politics Political Ideologies in Contemporary Russia is a major contribution to our understanding of this world power **De/Centered** Maxim Waldstein, Sanna Turoma, 2016-05-06 In 1991 the Soviet empire collapsed at a stroke throwing the certainties of the Cold War world into flux Yet despite the dramatic end of this last empire the idea of empire is still alive and well its language and concepts feeding into public debate and academic research Bringing together a multidisciplinary and international group of authors to study Soviet society and culture through the categories empire and space this collection demonstrates the enduring legacy of empire with regard to Russia whose history has been marked by a particularly close and ambiguous relationship between nation and empire building and between national and imperial identities Parallel with this discussion of empire the volume also highlights the centrality of geographical space and spatial imaginings in Russian and Soviet intellectual traditions and social practices underlining how Russia's vast geographical dimensions have profoundly informed Russia's state and nation building both in practice and concept Combining concepts of space and empire the collection offers a reconsideration of Soviet imperial legacy by studying its cultural and societal underpinnings from previously unexplored perspectives In so doing it provides a reconceptualization of the theoretical and methodological foundations of contemporary imperial and spatial studies through the example of the experience provided by Soviet society and culture The Mathematical Mind of F. M. Dostoevsky Michael Marsh-Soloway, 2024-11-19 The Mathematical Mind of F M Dostoevsky Imaginary Numbers Non Euclidean Geometry and Infinity reconstructs the curriculum and readings that F M Dostoevsky encountered during his studies and connects such sources to the mathematical references and themes in his published works Prior to becoming a man of letters Dostoevsky studied at the Main Engineering School in St Petersburg from

1838 to 1843 After he was arrested submitted to mock execution by firing squad and sentenced to penal servitude in Siberia for his involvement in the revolutionary Petrashevsky Circle in 1849 most of his books and journals from the period of his education were confiscated and destroyed by the Third Section of the Russian Secret Police Although most scholars discount the legacy of his engineering studies the literary aesthetics of his works communicate an acute awareness of mathematical principles and debates This book unearths subtexts in works by Dostoevsky communicating veins of mathematical thought that evolved throughout Classical Antiquity the Renaissance and the Scientific Revolution Russia in the Twentieth Century David R. Marples, 2014-01-14 The history of Russia as the natural successor to the Soviet Union is of crucial importance to understanding why communism ultimately lost out to Western democracy and the free market system David Marples presents a balanced overview of 20th century Russian history and shows that although contemporary Russia has retained many of the practices and memories of the Soviet period it is not about to revert back to the Soviet example and Protest in Putin's Russia Lena Jonson, 2015-02-20 The Pussy Riot protest and the subsequent heavy handed treatment of the protestors grabbed the headlines but this was not an isolated instance of art being noticeably critical of the regime As this book based on extensive original research shows there has been gradually emerging over recent decades a significant counter culture in the art world which satirises and ridicules the regime and the values it represents at the same time putting forward through art alternative values The book traces the development of art and protest in recent decades discusses how art of this kind engages in political and social protest and provides many illustrations as examples of art as protest The book concludes by discussing how important art has been in facilitating new social values and in prompting political protests

Putinism Marcel Van Herpen, 2013-01-21 In this original analysis of contemporary Russia the author shows how Putin s regime is a completely new right wing political model that combines features of Mussolini s Italy with the 19th Century Bonapartism of Napoleon III and 21st Century Populism of Berlusconi An essential read

Russian Identities A Historical Survey Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russian Identities A Historical Survey PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and

empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russian Identities A Historical Survey PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russian Identities A Historical Survey free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
