of Language Teaching from The Spanish-American War Until the Sputnik Moment H. Jay Siskin, 2025-03-22 This book highlights the lively exchanges that shaped foreign language pedagogy and educational policy during the first fifty years of the twentieth century It is critically important to revivify our past particularly in a field where innovation is conceptualized as progress and where knowledge production is a criterion for success Modern language teaching began its ascendancy shortly before the turn of the twentieth century In the academy this impulse was marked by the founding of the Modern Language Association in 1883 Modern languages were increasingly recognized as possessing the mental and humanistic values that had formerly been the sole province of Greek and Latin The book provides an overview of the historical political and social concerns that preoccupied the nation from 1898 and provides a context for analyzing the developments in the teaching of foreign languages over the course of the following century **Languages and Their**

Status Timothy Shopen, 1987-01-29 An introduction both to languages themselves and to their social role Languages and Their Status gives insight into the meaning value and function of language within culture and into the ways language behavior varies and changes It examines the part languages play in the evolution and structure of communities and in turn the ways languages are shaped by the social forces impinging on their speakers Each chapter discusses what it means to be a speaker of a particular language and puts that language in context among the languages of the world This volume is complemented by a second volume entitled Languages and Their Speakers also available from the University of Pennsylvania Press Current Topics in Language and Literature Nataša Bakić-Mirić, 2019-03-25 This volume brings together 15 peer

reviewed papers which discuss numerous current topics in language and literature It synthesizes various contemporary

practical topics in post secondary education written by active researchers and practitioners in their respective areas By using research methods such as mixed methods case studies discourse analysis grounded theory and the repertory grid the contributors offer insights into the ways in which higher education continuously changes and evolves to face constant challenges resulting from new instructional practices Taking this into consideration this book will help educators researchers and students to keep up with these changes and to stay aware of contemporary issues relating to post secondary education
