Cosgrove, 2004-01-29 Russian nationalism increasingly important as the Russian Federation finds its place in the world is not a new phenomenon Who were the Russian nationalists before the creation of today's Russia What were their views What was their political influence This book seeks answers to these questions by looking in detail at the last decade of the USSR through the eyes of a group of Russian nationalist intellectuals gathered around the literary journal *Nash sovremennik* The author suggests that in the Twenty first century a specifically Russian type of nationalism ethnic and statist could provide the ideological underpinning for a new authoritarianism

*Russian Nationalism and the Politics of Soviet Literature*, 2004 *Russian Nationalism and the Politics of Soviet Literature* Simon Cosgrove, 2004 With the collapse of empire and the creation of the Russian Federation Russian nationalism is becoming increasingly important in Russian politics Yet Russian nationalism is not a new phenomenon Who were the Russian nationalists before the creation of today's Russia What were their views What was their political influence

 examining the re emergence of Russia s White Movement Memory Politics and the Russian Civil War gets to the heart of the  
 rich 20th century memory debates going on in Putin s Russia today The Kremlin has been giving preference to a Soviet lite  
 nostalgia that denounces the 1917 Bolshevik revolution but celebrates the birth of a powerful Soviet Union able to bring the  
 country to the forefront of the international scene after the victory in World War II Yet in parallel another historical narrative  
 has gradually consolidated on the Russian public scene one that favours the opposite camp namely the White movement and  
 the pro tsarist groups defeated in the early 1920s This book offers the first comprehensive exploration of this White Revenge  
 looking at the different actors who promote a White and pro Romanov rehabilitation agenda in the political ideological and  
 cultural arenas and what this historical agenda might mean for Russia both today and tomorrow     *Russian Messianism*  
 Peter J. S. Duncan, 2002-11 This unique work will be of great interest to those engaged in politics and Russian studies as well  
 as professionals dealing with Russia     Civil War in Poland 1942-1948 A. Prazmowska, 2004-07-29 This challenging new  
 work uses archival research to examine Poland s government in exile during the Second World War as it sought both to fight  
 against the advances of Germany and the Soviet Union and to prepare for the moment when it would once more be possible  
 to establish a national Polish government The author suggests that the Poles were as much at war with themselves  
 throughout the war and in the years immediately following the end of hostilities as they were with the German and Soviet  
 forces Civil War in Poland 1942 1948 contributes to the debate on the fate of Poland in this complex period the origins of  
 Communist regimes in Eastern Europe and the process of transformation in Europe during and since the Second World War

Oushakine, 2011-02-23 The sudden dissolution of the Soviet Union altered the routines norms celebrations and shared understandings that had shaped the lives of Russians for generations It also meant an end to the state sponsored nonmonetary support that most residents had lived with all their lives How did Russians make sense of these historic transformations Serguei Alex Oushakine offers a compelling look at postsocialist life in Russia In Barnaul a major industrial city in southwestern Siberia that has lost 25 percent of its population since 1991 many Russians are finding that what binds them together is loss and despair The Patriotism of Despair examines the aftermath of the collapse of the Soviet Union graphically described in spray paint by a graffiti artist in Barnaul We have no Motherland Once socialism disappeared as a way of understanding the world what replaced it in people's minds Once socialism stopped orienting politics and economics how did capitalism insinuate itself into routine practices Oushakine offers a compelling look at postsocialist life in noncosmopolitan Russia He introduces readers to the neocoms people who mourn the loss of the Soviet economy and the remonetization of transactions that had not involved the exchange of cash during the Soviet era Moving from economics into military conflict and personal loss Oushakine also describes the ways in which veterans of the Chechen war and mothers of soldiers who died there have connected their immediate experiences with the country's historical disruptions The country the nation and traumatized individuals Oushakine finds are united by their vocabulary of shared pain
