Russian Now Grammar

L Towne

Russian Now Grammar:

A Grammar of Kolyma Yukaghir Elena Maslova, 2009-05-08 Kolyma Yukaghir is a seriously endangered language spoken by about 50 people in the northeast of Asiatic Russia. It is one of the two surviving languages of the Yukaghir family which is considered by different scholars either as an isolate left over from before the expansion of other languages and language families into Siberia or as a distant relative of the Uralic family. In many ways Yukaghir fits the grammatical type widespread among the languages of Siberia, namely that of predominantly verb final dependent marking language with relatively rich agglutative morphology and deranking strategies of clause linking. Furthermore, it has a number of typologically remarkable features which will be of interest to general linguists irrespective of their theoretical orientation. These include Yukaghir focus marking system, differential object marking based on global effects of person hierarchy, the obligatory use of bound possessive markers to indicate non coreference of the possessor with the subject, elaborated switch reference system, intimate interaction between aspect and valence changing derivation, etc. The book incorporates all major components of descriptive grammar from phonology to syntax with a special chapter on coreference and discourse coherence, annotated and translated sample texts, a Yukaghir-English vocabulary and a subject index. The description is based on extensive field materials and richly exemplified by non elicited data. The organization of the book facilitates its use as a reference grammar with numerous cross references between sections and concise summaries of interrelated phenomena discussed in various parts of the grammar. The book is of interest to scholars of Uralic and Siberian languages, linguistic typology and general linguistics.

Manchu Grammar Liliya M. Gorelova, 2002-04-01 With the help of this long awaited comprehensive grammar of Manchu, the official language in China during the Qing dynasty, access can be gained to the numerous official documents of more than 250 years of Chinese history immediately preceding the Republic. Taking into full account the scholarship on the subject from both China and Russia, the volume provides full coverage of the Manchu writing system, morphology and phonology. Special attention is given to syntax, until recently a conspicuous hiatus in Manchu linguistic studies. Also dealt with is Sibe, which the author convincingly argues to be a direct successor of Manchu vernacular and its relation with classical Manchu. Many grammatical problems of Manchu are considered in a wider framework of the Manchu-Tungusic languages, the group to which Manchu belongs. Dr. Gorelova's grammar is a true reference work indispensable for students of Qing China and Oriental languages.

Munsey's Magazine, 1899 Munsey's Magazine for ..., 1899 **Contributions to Grammatical Studies** Frans van Coetsem, Linda R. Waugh, 2023-08-21 Parts of Speech Brander Matthews, 2022-08-21 Brander Matthews' *Parts of Speech* delves into the intricacies of language and grammar, exploring the essential building blocks of communication. Through a scholarly and thought-provoking analysis, Matthews dissects the role of each part of speech in shaping the structure of sentences and conveying meaning. Drawing from a rich literary tradition, Matthews demonstrates how an understanding of grammar can enhance one's writing and appreciation of literature. This book serves as a

comprehensive guide for both language enthusiasts and students looking to deepen their understanding of syntax and semantics As a prominent literary critic and educator Matthews brings a wealth of knowledge and expertise to this engaging examination of the mechanics of language His meticulous research and insightful commentary make *Parts of Speech* a valuable resource for anyone seeking to sharpen their linguistic skills and broaden their literary horizons I highly recommend this book to all those interested in the art of language and the power of words [The Handbook of Lexical Functional Grammar](#)

Mary Dalrymple, 2023-12-14 *Lexical Functional Grammar* LFG is a nontransformational theory of linguistic structure first developed in the 1970s by Joan Bresnan and Ronald M Kaplan which assumes that language is best described and modeled by parallel structures representing different facets of linguistic organization and information related by means of functional correspondences This volume has five parts Part I Overview and Introduction provides an introduction to core syntactic concepts and representations Part II Grammatical Phenomena reviews LFG work on a range of grammatical phenomena or constructions Part III Grammatical modules and interfaces provides an overview of LFG work on semantics argument structure prosody information structure and morphology Part IV Linguistic disciplines reviews LFG work in the disciplines of historical linguistics learnability psycholinguistics and second language learning Part V Formal and computational issues and applications provides an overview of computational and formal properties of the theory implementations and computational work on parsing translation grammar induction and treebanks Part VI Language families and regions reviews LFG work on languages spoken in particular geographical areas or in particular language families The final section Comparing LFG with other linguistic theories discusses LFG work in relation to other theoretical approaches

The Engineer, 1916 **A Grammar of Hinuq** Diana Forker, 2013-04-30 This is the first thorough description of the Nakh Daghestanian language Hinuq Hinuq has about 600 speakers living primarily in a single village in the Caucasus mountains in southern Russia Daghestan During several fieldwork trips the author collected an extensive corpus of texts Based on the data Forker provides a comprehensive analysis of Hinuq grammar with reference to other Nakh Daghestanian languages to Caucasian studies and to typological and general linguistic topics **Russian Life**, 2000 [The Linguistic Worldview](#) Adam Glaz, David Danaher, Przemyslaw Lozowski, 2013-12-11 the book is concerned with the linguistic worldview broadly understood but it focuses on one particular variant of the idea its sources extensions its critical assessment and inspirations for related research This approach is the ethnolinguistic linguistic worldview LWV program pursued in Lublin Poland and initiated and headed by Jerzy Bartminski In its basic design the volume emerged from the theme of the conference held in Lublin in October 2011 The linguistic worldview or linguistic views of worlds If the latter is the case then what worlds Is it a case of one language one worldview Are there literary or poetic worldviews Are there auctorial worldviews Many of the chapters are based on presentations from that conference and others have been written especially for the volume Generally there are four kinds of contributions i a presentation and exemplification of the Lublin style LWV

approach ii studies inspired by this approach but not following it in detail iii independent but related and compatible research and iv a critical reappraisal of some specific ideas proposed by Jerzy Bartmski and his collaborators

When Ethnicity Did Not Matter in the Balkans John V. A. Fine, Jr., 2010-02-05 This is history as it should be written In *When Ethnicity Did Not Matter in the Balkans* a logical advancement on his earlier studies Fine has successfully tackled a fascinating historical question one having broad political implications for our own times Fine's approach is to demonstrate how ideas of identity and self identity were invented and evolved in medieval and early modern times At the same time this book can be read as a critique of twentieth century historiography and this makes Fine's contribution even more valuable This book is an original much needed contribution to the field of Balkan studies Steve Rapp Associate Professor of Caucasian Byzantine and Eurasian History and Director Program in World History and Cultures Department of History Georgia State University Atlanta *When Ethnicity Did Not Matter in the Balkans* is a study of the people who lived in what is now Croatia during the Middle Ages roughly 600 1500 and the early modern period 1500 1800 and how they identified themselves and were identified by others John V A Fine Jr advances the discussion of identity by asking such questions as Did most some or any of the population of that territory see itself as Croatian If some did not to what other communities did they consider themselves to belong Were the labels attached to a given person or population fixed or could they change And were some people members of several different communities at a given moment And if there were competing identities which identities held sway in which particular regions In *When Ethnicity Did Not Matter in the Balkans* Fine investigates the identity labels and their meaning employed by and about the medieval and early modern population of the lands that make up present day Croatia Religion local residence and narrow family or broader clan all played important parts in past and present identities Fine however concentrates chiefly on broader secular names that reflect attachment to a city region tribe or clan a labeled people or state The result is a magisterial analysis showing us the complexity of pre national identity in Croatia Dalmatia and Slavonia There can be no question that the medieval and early modern periods were pre national times but Fine has taken a further step by demonstrating that the medieval and early modern eras in this region were also pre ethnic so far as local identities are concerned The back projection of twentieth century forms of identity into the pre modern past by patriotic and nationalist historians has been brought to light Though this back projection is not always misleading it can be Fine is fully cognizant of the danger and has risen to the occasion to combat it while frequently remarking in the text that his findings for the Balkans have parallels elsewhere John V A Fine Jr is Professor of History at the University of Michigan

While this might not be the Russian Now Grammar full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Russian Now Grammar eBooks, including

some popular titles.

FAQs About Russian Now Grammar Books

What is a Russian Now Grammar PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Russian Now Grammar PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Russian Now Grammar PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Russian Now Grammar PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Russian Now Grammar PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
