Russian Versification:

Russian Versification Boris Ottokar Unbegaun,1956 About the structure of Russian poetry *Russian Poets and Poems* Nadine Jarintzov,1917 **Russian Versification** B. O. Unbegaun,1956 **Russian Versification** Boris Unbegaun,1968

Reference Guide to Russian Literature Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public Russian Writers on Translation Brian James Baer,Natalia Olshanskaya,2014-07-16 Since the early eighteenth century following Peter the Great s policy of forced westernization translation in Russia has been a very visible and much discussed practice Generally perceived as an important service to the state and the nation translation was also viewed as a high art leading many Russian poets and writers to engage in literary translation in a serious and sustained manner As a result translations were generally regarded as an integral part of an author s oeuvre and of Russian literature as a whole This volume brings together Russian writings on translation from the mid 18th century until today and presents them in chronological order providing valuable insights into the theory and practice of translation in Russia Authored by some of Russia s leading writers such as Aleksandr Pushkin Fedor Dostoevskii Lev Tolstoi Maksim Gorkii and Anna Akhmatova many of these texts are translated into English for the first time They are accompanied by extensive annotation and biographical sketches of the authors and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity as well as the nature of the modern subject Russian Writers on Translation fills a persistent gap in the literature on alternative translation traditions highlighting the vibrant and intense culture of translation on Europe s periphery Viewed in a broad cultural context the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all inclusive cultural model Russia in the Early Modern World Donald Ostrowski,2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia s historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia s success Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting

the government and in seeking to eliminate opposition to the government *The Routledge Companion to Russian Literature* Neil Cornwell, 2002-06-01 The Routledge Companion to Russian Literature is an engaging and accessible guide to Russian writing of the past thousand years The volume covers the entire span of Russian literature from the Middle Ages to the post Soviet period and explores all the forms that have made it so famous poetry drama and of course the Russian novel A particular emphasis is given to the nineteenth and twentieth centuries when Russian literature achieved world wide recognition through the works of writers such as Pushkin Dostoevsky Tolstoy Chekhov Nabokov and Solzhenitsyn Covering a range of subjects including women s writing Russian literary theory socialist realism and migr writing leading international scholars open up the wonderful diversity of Russian literature With recommended lists of further reading and an excellent up to date general bibliography The Routledge Companion to Russian Literature is the perfect guide for students and general readers alike Slavic Poetics Roman Jakobson, Cornelis H. van Schooneveld, Dean S. Worth, 2014-11-18 No detailed description available for Slavic Poetics *Ars Interpres: An International Journal of Poetry, Translation and Art: No. 1* , *Handbook of Russian Literature* Victor Terras, 1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays **Translation and the Westernization of Eighteenth-Century Russia** Sergey Tyulenev, 2012-09-03 The book considers the role of translation in the reformation of Russia along Western European lines in the eighteenth century Translation is presented as a key social systemic factor in the dynamics of the relationship between the system and its environment between Russia and Western Europe The author draws on contemporary historiography and social theory primarily Niklas Luhmann s social systems theory but also concepts of other sociologists and historians such as Gumilev Bourdieu Habermas Jameson amongst others This allows the author to conduct a comprehensive analysis of social involvements of translation Importantly this case study aspires to pave the way for research of the social role of translation of universal validity *Alexander Blok* Robin Kemball, 2019-04-15 No detailed description available for Alexander Blok Marina Cvetaeva: Her Life and Her Art , On Verse, Its Masters and Explorers Stephen Rudy, Martha Taylor, 2011-06-15 No detailed description available for On Verse Its Masters and Explorers *An Introduction to the Methods and Materials of Literary Criticism* Charles Mills Gayley, Fred Newton Scott, 1899 **Between Rhyme and Reason** Stanislav Shvabrin, 2019-05-09 The author of such global bestsellers as *Lolita* and *Pale Fire* Vladimir Nabokov 1899 1977 is also one of the most controversial literary translators and translation theorists of modern time In *Between Rhyme and Reason* Stanislav Shvabrin discloses the complexity nuance and contradictions behind Nabokov s theory and practice of literalism to reveal how and why translation came to matter to Nabokov so much Drawing on familiar as well as unknown materials Shvabrin traces the surprising and largely unknown trajectory of Nabokov s lifelong fascination with translation to demonstrate that for Nabokov translation was a form of intellectual communion with his peers across no fewer than six languages Empowered by Mikhail Bakhtin s insights into the

interactive roots of literary creativity Shvabrin's interpretative chronicle of Nabokov's involvement with translation shows how his dialogic encounters with others in the medium of translation left verbal vestiges on his own creations Refusing to regard translation as a form of individual expression Nabokov translated to communicate with his interlocutors whose words and images continue to reverberate throughout his allusion-rich texts *Vladimir Nabokov* Brian Boyd, 2016-06-10 The story of Nabokov's life continues with his arrival in the United States in 1940 He found that supporting himself and his family was not easy until the astonishing success of *Lolita* catapulted him to world fame and financial security *Introduction to metrics* Viktor Maksimovic Žirmunskij, 2016-11-21 No detailed description available for Introduction to metrics **Soviet and East European Linguistics**, 2018-12-03 No detailed description available for Soviet and East European Linguistics
