The Russian Affair Adrian d'Hage,2018-07-02 Russian President Petrov is determined to restore his country s dominance on the world stage at any price In order to develop deadlier nuclear weapons he recruits Ilana Rabinovich a beautiful but lethal scientist to infiltrate the Mossad and steal their research What no one expects is for the Israelis to then assign her an even more dangerous mission of their own to penetrate the US nuclear facilities in the deserts of Los Alamos If the information falls into the wrong hands the results could be devastating Especially as in the Hindu Kush ISIS soldiers are also plotting to acquire nuclear weapons It s up to CIA agent Curtis O Connor to stop them before it s too late From Russia s secret nuclear city of Sarov across the myriad canals of St Petersburg to an assault on an ancient castle more impenetrable than Colditz the chase is on But with a corrupt Russian general a femme fatale double agent and a very unpredictable US president waiting in the wings is it only a matter of time until a war begins

Church State Corporation Winnifred Fallers Sullivan,2020-07-15 Church and state a simple phrase that reflects one of the most famous and fraught relationships in the

history of the United States But what exactly is the church and how is it understood in US law today In Church State Corporation religion and law scholar Winnifred Fallers Sullivan uncovers the deeply ambiguous and often unacknowledged ways in which Christian theology remains alive and at work in the American legal imagination Through readings of the opinions of the US Supreme Court and other legal texts Sullivan shows how the church as a religious collective is granted special privilege in US law In depth analyses of Hosanna Tabor v EEOC and Burwell v Hobby Lobby reveal that the law tends to honor the religious rights of the group whether in the form of a church as in Hosanna Tabor or in corporate form as in Hobby Lobby over the rights of the individual offering corporate religious entities an autonomy denied to their respective members In discussing the various communities that construct the church shaped space in American law Sullivan also delves into disputes over church property the legal exploitation of the black church in the criminal justice system and the recent case of Masterpiece Cakeshop v Colorado Civil Rights Commission Brimming with insight Church State Corporation provocatively challenges our most basic beliefs about the ties between religion and law in ostensibly secular democracies

The Oxford Handbook of Russian Religious Thought Caryl Emerson, George Pattison, Randall A. Poole, 2020-09-04 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins development and influence of one of the richest aspects of Russian cultural and intellectual life its religious ideas After setting the historical background and context the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals including seventy years of officially atheist communist rule and the growth of an exiled diaspora with e g its journal The Way Therefore the shape of Russian religious thought cannot be separated from long running debates with nihilism and atheism Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution whilst some views were shaped by prison experiences Before the Soviet period Russian national identity was closely linked with religion linkages which again

are being forged in the new Russia Relevant in this connection are complex relationships with Judaism In addition to religious thinkers such as Philaret Chaadaev Khomiakov Kireevsky Soloviev Florensky Bulgakov Berdyaev Shestov Frank Karsavin and Alexander Men the Handbook also looks at the role of religion in aesthetics music poetry art film and the novelists Dostoevsky and Tolstoy Ideas institutions and movements discussed include the Church academies Slavophilism and Westernism theosis the name glorifying imiaslavie controversy the God seekers and God builders Russian religious idealism and liberalism and the Neopatristic school Occultism is considered as is the role of tradition and the influence of Russian religious thought in the West Nation, Ethnicity and Race on Russian Television Stephen Hutchings, Vera Tolz, 2015-03-05

Russia one of the most ethno culturally diverse countries in the world provides a rich case study on how globalisation and associated international trends are disrupting and causing the radical rethinking of approaches to inter ethnic cohesion The book highlights the importance of television broadcasting in shaping national discourse and the place of ethno cultural diversity within it It argues that television s role here has been reinforced rather than diminished by the rise of new media technologies Through an analysis of a wide range of news and other television programmes the book shows how the covert meanings of discourse on a particular issue can diverge from the overt significance attributed to it just as the impact of that discourse may not conform with the original aims of the broadcasters The book discusses the tension between the imperative to maintain security through centralised government and overall national cohesion that Russia shares with other European states and the need to remain sensitive to and to accommodate the needs and perspectives of ethnic minorities and labour migrants It compares the increasingly isolationist popular ethnonationalism in Russia which harks back to old fashioned values with the similar rise of the Tea Party in the United States and the UK Independence Party in Britain Throughout this extremely rich well argued book complicates and challenges received wisdom on Russia s recent descent into authoritarianism It points to a regime struggling to negotiate the dilemmas it faces given its Soviet legacy of ethnic particularism weak civil society large native Muslim population and overbearing yet far from entirely effective state control of the media **Documents on the Genocide Convention from the American, British, and Russian Archives** Anton
