## **Russian Revolution And The Soviet State 1917 1921 Documents:**

**The Russian Revolution and the Soviet State 1917-1921** Martin McCauley, 1980-04-24 [The Russian Revolution and the Soviet State, 1917-1921](#) Martin McCauley, 1980 *The Russian revolution and the Soviet State 1917-1921. Documents. Sel. and ed. by M. McCauley*, 1975

**The Soviet Union 1917-1991** Martin McCauley, 2014-02-04 A second edition of this famous survey has been eagerly awaited When the first edition appeared Brezhnev was still in power Gorbachev did not make it to the index and the USSR was a superpower Today the Soviet experiment is over and the USSR no longer exists How Why Martin McCauley has reworked and greatly expanded his book to answer these questions and to provide a complete account of the Soviet years Essential reading to an appreciation of recent history and to a better understanding of whatever happens next

**Soviet State and Society Between Revolutions, 1918-1929** Lewis H. Siegelbaum, 1992-08-20 The evolution of the ruling Communist Party and its New Economic Policy is explored in the first book to analyze the relationship between the Soviet state and society from 1917 through the early 1930s through the changing fortunes of its peoples

[Russian Revolution of 1917](#) Sean N. Kalic, Gates M. Brown, 2017-09-21 Combining reference entries and examination of primary documents from the Russian Revolution this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted This invaluable reference guide provides an understanding of the social political and economic forces and events in Russia that led to the 1905 Russian Revolution in which leftists radicals disposed of the Czar and his regime It addresses key developments such as the formation of the provisional government the Bolshevik Revolution in October 1917 and the Russian Civil War connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union This book serves students and general readers seeking a single source that provides in depth coverage of the Russian Revolution and the Russian Civil War Beyond the reference entries the book contains primary documents that cover the key events people and issues that emerged during Russia's revolutions and Civil War These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research

**Historical Dictionary of the Russian Revolution** Jonathan Davis, 2020-05-15 Historical Dictionary of the Russian Revolution focuses on the leading individuals ideas political parties and main events that were central to the transformation of Russia during the revolution The time period runs from January 1917 through to the Treaty of Brest Litovsk that took Russia out of the First World War in March 1918 It covers the main events ideas people and parties and takes the story of the revolution from the eve of the overthrowing of Tsar Nicholas II through to the Bolshevik seizure of power the first six months

of Leninist rule and the Treaty of Brest Litovsk that ended Russia's involvement in the First World War Historical Dictionary of the Russian Revolution contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on the revolutions the First World War political parties ideologies and individuals and the main events that defined the course of the Russian Revolution This book is an excellent resource for students researchers and anyone wanting to know more about the Russian Revolution *European Dictatorships 1918-1945* Stephen J.

Lee, 2016-02-12 *European Dictatorships 1918-1945* surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain a new section on dictatorships beyond Europe exploring the European and indigenous roots of dictatorships in Latin America Asia and Africa Extensively illustrated with images maps tables and a comparative timeline and supported by a companion website providing further resources for study [www.routledge.com/cw/lee](http://www.routledge.com/cw/lee) *European Dictatorships 1918-1945* is a clear detailed and highly accessible analysis of the tumultuous events of early twentieth century Europe *Russia, the Roots of Confrontation* Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that Russia's national character and its international relations can be understood only in light of the traumas and triumphs privation and privileges that the country weathered under the tsars and the Soviets *A History of Russia, Central Asia and Mongolia, Volume II* David

Christian, 2018-01-08 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region's distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region *A History of Russia Central Asia and Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260-2000* is a magisterial but accessible account of this area's past that will offer readers new insights into the history of an often

misunderstood part of the world Situates the histories of Russia Central Asia and Mongolia within the larger narrative of world history Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone Focuses on the powerful ways in which the region's geography shaped its history Places great emphasis on how mobilization played a major part in the development of the regions Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels Offers new ways of understanding the Soviet era A History of Russia Central Asia and Mongolia Volume II is an ideal book for general audiences and for use in undergraduate and graduate courses in world history The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production *The Course of Russian History, 5th Edition* Melvin C. Wren, Taylor Stults, 2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia's turbulent history Building Power to Change the World James Muldoon, 2020 The German council movements brought down the German monarchy founded several short lived council republics and dramatically transformed European politics This book reconstructs how participants in the German council movements struggled for a democratic socialist society **Stalin** Stephen Kotkin, 2014-11-06 A magnificent new biography that revolutionizes our understanding of Stalin and his world It has the quality of myth a poor cobbler's son a seminarian from an oppressed outer province of the Russian empire reinvents himself as a top leader in a band of revolutionary zealots When the band seizes control of the country in the aftermath of total world war the former seminarian ruthlessly dominates the new regime until he stands as absolute ruler of a vast and terrible state apparatus with dominion over Eurasia While still

building his power base within the Bolshevik dictatorship he embarks upon the greatest gamble of his political life and the largest program of social reengineering ever attempted the collectivization of all agriculture and industry across one sixth of the earth Millions will die and many more millions will suffer but the man will push through to the end against all resistance and doubts Where did such power come from In Stalin Stephen Kotkin offers a biography that at long last is equal to this shrewd sociopathic charismatic dictator in all his dimensions The character of Stalin emerges as both astute and blinkered cynical and true believing people oriented and vicious canny enough to see through people but prone to nonsensical beliefs We see a man inclined to despotism who could be utterly charming a pragmatic ideologue a leader who obsessed over slights yet was a precocious geostrategic thinker unique among Bolsheviks and yet who made egregious strategic blunders Through it all we see Stalin s unflinching persistence his sheer force of will perhaps the ultimate key to understanding his indelible mark on history Stalin gives an intimate view of the Bolshevik regime s inner geography of power bringing to the fore fresh materials from Soviet military intelligence and the secret police Kotkin rejects the inherited wisdom about Stalin s psychological makeup showing us instead how Stalin s near paranoia was fundamentally political and closely tracks the Bolshevik revolution s structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin demonstrates the impossibility of understanding Stalin s momentous decisions outside of the context of the tragic history of imperial Russia The product of a decade of intrepid research Stalin is a landmark achievement a work that recasts the way we think about the Soviet Union revolution dictatorship the twentieth century and indeed the art of history itself Stalin Waiting for Hitler 1929 1941 will be published by Penguin Press in October 2017

**The Emergence of the Modern Russian State, 1855-81** Martin McCauley, Peter Waldron, 1988-02-23 This selection of documents for the most part never before translated into English traces the process of modernization which took place in Russia between 1856 and 1881 Political social and economic developments are dealt with in thematic sections and the documents also show the growth of the revolutionary movement and conservative attempts to quell it The great flowering of Russian literature and art during the quarter century is also reflected The documents are accompanied by individual commentaries and an extensive guide to further reading whilst the volume is prefaced by a substantial introductory essay setting the documents in context

The "Russian" Civil Wars, 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the

tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow      **Europe, 1890-1945** Stephen J. Lee,2020-03-27

Europe 1890 1945 is a new approach to teaching and learning early twentieth century European history at A level It meets the needs of teachers and students studying for today s revised AS and A2 exams In a unique style Europe 1890 1945 focuses on the key topics within the period Each topic is then comprehensively explored to provide background information essay writing advice and examples source work and historical skills exercises From 1890 to 1945 the key topics featured include the origins and impact of the First World War the Russian Revolution and the rise of Stalin the Weimar Republic and the rise of Hitler Mussolini and Fascist Italy Stalin and the Soviet Union 1928 41      Nikolay Gogol Jane Grayson,Faith Wigzell,1988-11-29      *Defenders of the Motherland* Matthew Rendle,2010 Matthew Rendle studies how the most powerful social groups in tsarist Russia reacted to the challenges of 1917 He argues that the alienation of elites from the tsar and their support for the Provisional Government secured the initial success of the revolution but the threat they posed laid the foundations of the repressive Soviet regime      **Russia's Bitter Path to Modernity** Alexander Chubarov,2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire* One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states      *Socialist Construction and Marxist Theory* Philip Corrigan,1978-06-17

## Unveiling the Magic of Words: A Review of "**Russian Revolution And The Soviet State 1917 1921 Documents**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Russian Revolution And The Soviet State 1917 1921 Documents**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
