Russian Literary Criticism R. H. Bodie, 1993 **Russian Life**, 2004 Handbook of Russian Literature Victor Terras, 1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays *Unattainable Bride Russia* Ellen Rutten, 2010-03-08 Throughout the twentieth century and continuing today personifications of Russia as a bride occur in a wide range of Russian texts and visual representations from literature and political and philosophical treatises to cartoons and tattoos Invariably

this metaphor functions in the context of a political gender allegory which represents the relationships between Russia the intelligentsia and the Russian state as a competition of two male suitors for the former's love In *Unattainable Bride Russia* Ellen Rutten focuses on the metaphorical role the intelligentsia plays as Russia's rejected or ineffectual suitor Rutten finds that this metaphor which she covers from its prehistory in folklore to present day pop culture references to Vladimir Putin is still powerful but has generated scarce scholarly consideration *Unattainable Bride Russia* locates the cultural thread and places the political metaphor in a broad contemporary and social context thus paying it the attention to which it is entitled as one of Russia's modern cultural myths *Protest in Putin's Russia* Mischa Gabowitsch, 2016-12-27 The Russian protests sparked by the 2011 Duma election have been widely portrayed as a colourful but inconsequential middle class rebellion confined to Moscow and organized by an unpopular opposition In this sweeping new account of the protests Mischa Gabowitsch challenges these journalistic clichés showing that they stem from wishful thinking and media bias rather than from accurate empirical analysis Drawing on a rich body of material he analyses the biggest wave of demonstrations since the end of the Soviet Union situating them in the context of protest and social movements across Russia as a whole He also explores the legacy of the protests in the new era after Ukraine's much larger Maidan protests the crises in Crimea and the Donbass and Putin's ultra conservative turn As the first full length study of the Russian protests this book will be of great value to students and scholars of Russia and to anyone interested in contemporary social movements and political protest

Directory of World Cinema: Russia 2 Birgit Beumers, 2015-02-20 Soviet and Russian filmmakers have traditionally had uneasy relationships to the concept of genre This volume rewrites that history by spotlighting some genres not commonly associated with cinema in the region including Cold War spy movies and science fiction films blockbusters and horror films remakes and adventure films and chernukha films and serials Introductory essays establish key aspects of these genres and directors biographies provide the background for the key players Building on the work of its predecessor which explored cinema from the time of the tsars to the Putin era this book will be warmly received by the serious film scholar as well as all those who love Russian cinema *Directory of World Cinema Russia 2* is an essential companion to the filmic legacy of one of the world's most storied countries **Art and Protest in Putin's Russia** Lena Jonson, 2015-02-20 The Pussy Riot protest and the subsequent heavy handed treatment of the protestors grabbed the headlines but this was not an isolated instance of art being noticeably critical of the regime As this book based on extensive original research shows there has been gradually emerging over recent decades a significant counter culture in the art world which satirises and ridicules the regime and the values it represents at the same time putting forward through art alternative values The book traces the development of art and protest in recent decades discusses how art of this kind engages in political and social protest and provides many illustrations as examples of art as protest The book concludes by discussing how important art has been in facilitating new social values and in prompting political protests *The New Republic* Herbert David Croly, 1922 [Transitions from](#)
