Russian Writings on Hollywood Ayn Rand, 1999 *Essays on Ayn Rand's "We the Living"* Robert Mayhew, 2012-02-16

Ayn Rand remains a truly significant figure of modern philosophy Her unique vision of a world in which man relying on reason acts wholly for his own good is skillfully developed and illustrated in her most famous novels *Atlas Shrugged* and *The Fountainhead* But Rand s first novel *We the Living* a lesser known but no less important book offers an early form of the author s nascent philosophy the philosophy Rand later called Objectivism In the second edition Robert Mayhew once again brings together pre eminent scholars of Rand s writing The edition includes three new chapters as well as an epilogue by renowned Rand scholar Leonard Peikoff In part a history of *We the Living* from its earliest drafts to the Italian film later based upon it Mayhew s collection goes on to explore the enduring significance of Rand s first novel as a work both of philosophy and of literature For Ayn Rand scholars and fans alike this enhanced second edition is a compelling examination of a novel that set the tone for some of the most influential philosophical literature to follow *Mean Girl* Lisa Duggan, 2019-05-14 Astute New York Times Ayn Rand s complicated notoriety as popular writer leader of a political and philosophical cult reviled intellectual and ostentatious public figure endured beyond her death in 1982 In the twenty first century she has been resurrected as a serious reference point for mainstream figures especially those on the political right from Paul Ryan to Donald Trump *Mean Girl* follows Rand s trail through the twentieth century from the Russian Revolution to the Cold War and traces her posthumous appeal and the influence of her novels via her cruel surly sexy heroes Outlining the impact of Rand s philosophy of selfishness *Mean Girl* illuminates the Randian shape of our neoliberal contemporary culture of greed and the dilemmas we face in our political present *Siegfried Kracauer's American Writings* Siegfried Kracauer, 2012-06 We know Siegfried Kracauer as a brilliant Weimar essayist a Frankfurt School fellow traveler and a pioneering postwar film theorist This collection of his American writings uncovers fascinating corners of his film and cultural criticism firmly placing him in the context of the New York Intellectuals as well Peter Decherney author of *Hollywood s Copyright Wars From Edison to the Internet* *Out of a Gray Fog* Claudia Franziska Bruhwiler, 2021-08-19 As to Europe keep it in a gray ominous evil fog Ayn Rand 1905 1982 thus commented on the role of Europe in her key novel *Atlas Shrugged* 1957 The same could be said of the way Europe features in her own biography and in the general perception of her persona Even though Rand was born in pre revolutionary Russia she is nowadays considered an American phenomenon whose reach ends at the Atlantic shore This book lifts the gray fog cast over her relationship with Europe retracing the changing perception of the continent in both her fiction and thought Her apparent lack of success with European readers is often explained by allegedly different reading tastes However a look at her publication history and reception shows that many factors played a role why her work found fewer European than US readers Finally an archipelago of European readers and admirers emerges which is testament to Rand s impact on European art and politics **Ayn Rand and the World She**

Made Anne Conover Heller, 2010-10-19 A New York Times Notable Book A Chicago Tribune Favorite Book of the Year A San Francisco Chronicle Best Book of the Year Ayn Rand's books have attracted three generations of readers shaped the Libertarian movement influenced White House economic policies throughout the Reagan years and beyond and inspired the Tea Party movement Yet twenty eight years after her death readers know very little about her life In this seminal biography Anne C Heller traces the controversial author's life from her childhood in Bolshevik Russia to her years as a Hollywood screenwriter the publication of her blockbuster novels and the rise and fall of the cult that worshipped her in the 1950s and 1960s Based on original research in Russia and scores of interviews with Rand's acquaintances and former acolytes Ayn Rand and the World She Made is a comprehensive and eye opening portrait of one of the most significant and improbable figures of the twentieth century *The History of Russian Literature on Film* Marina Korneeva, David Gillespie, 2023-12-28 Unlike most previous studies of literature and film which tend to privilege particular authors texts or literary periods David Gillespie and Marina Korneeva consider the multiple functions of filmed Russian literature as a cinematic subject in its own right one reflecting the specific political and aesthetic priorities of different national and historical cinemas In this first and only comprehensive study of cinema's various engagements of Russian literature focusing on the large period 1895-2015 *The History of Russian Literature on Film* highlights the ways these adaptations emerged from and continue to shape the social artistic and commercial aspects of film history *The New Ayn Rand Companion* Mimi R. Gladstein, 1999-08-30 An essential guide to the life and works of Ayn Rand the book chronicles and summarizes her writings presents information about her national and global impact and the response to it and provides the most comprehensive bibliography published to date Written by an independent scholar who is not part of either the Ayn Rand establishment or the Ayn Rand detractor camp *The New Ayn Rand Companion* builds on the foundation of the original *New materials* about Rand's posthumous publications the latest biographical information and summaries of books and articles about Rand published since her death have been added Burgeoning interest in Rand the publication of her *Letters and Journals* and *Russian Writings* and the growing body of critical works necessitates an expanded and revised edition of the *Ayn Rand Companion* This new edition is the only general reference work that covers the complete Rand corpus including both those works published during her life and those published to date **Nabokov Noir** Luke Parker, 2022-11-15 Nabokov Noir places Vladimir Nabokov's early literary career from the 1920s to the 1940s in the context of his fascination with silent and early sound cinema and the chiaroscuro darkness and artificial brightness of the Weimar era with its movie palaces cultural Americanism and surface culture Luke Parker argues that Nabokov's engagement with the cinema and the dynamics of mass culture more broadly is an art of exile understood both as literary poetics and practical strategy Obsessive and competitively fascinated and disturbed Nabokov's Russian language fiction and essays written in Berlin present a compelling rethinking of modernist era literature's relationship to an unabashedly mass cultural phenomenon Parker examines how Nabokov's involvement with the cinema as

actor screenwriter moviegoer and above all chronicler of the cinematized culture of interwar Europe enabled him to flourish as a transnational writer Nabokov Parker shows worked tirelessly to court publishers and film producers for maximum exposure for his fiction across languages media and markets In revealing the story of Nabokov s cinema praxis his strategic instrumentalization of the movie industry Nabokov Noir reconstructs the deft response of a modern master to the artificial isolation and shrinking audiences of exile **Hollywood's American Tragedies** Mandy Merck, 2007-12-15 Hollywood s obsession with *An American Tragedy* a tale of American greed justice religion and sexual hypocrisy stretches across the history of cinema Presenting a sequence of adaptations this work reveals the history of Hollywood from its politics to its cinematography
