Russias Dangerous Texts Politics Between The Lines

David Johnson

Russias Dangerous Texts Politics Between The Lines:

Russia's Dangerous Texts Kathleen Parthé,2004* Russia's Dangerous Texts Kathleen F. Parthe,2008-10-01 Russia s Dangerous Texts examines the ways that writers and their works unnerved and irritated Russia s authoritarian rulers both before and after the Revolution Kathleen F Parth identifies ten historically powerful beliefs about literature and politics in Russia which include a view of the artistic text as national territory and the belief that writers must avoid all contact with the state Parth offers a compelling analysis of the power of Russian literature to shape national identity despite sustained efforts to silence authors deemed subversive No amount of repression could prevent the production distribution and discussion of texts outside official channels Along with tragic stories of lost manuscripts and persecuted writers there is ample evidence of an unbroken thread of political discourse through art The book concludes with a consideration of the impact of two centuries of dangerous texts on post Soviet Russia **Politics, Modernisation and Educational Reform in Russia** David

Johnson,2010-05-17 The chapters in this volume give an account of the process of modernisation and educational reform in Russia variously considering the cultural and political dilemmas provoked by democratisation the structural and policy challenges associated with the reform of higher and vocational education and the deep divisions exposed as socio cultural activity is brought into alignment with the new discourse of freedom and choice The volume stimulates an important debate about the methods that inform cross national and cross regional work on educational change This is particularly salient in a study of educational reform in Russia and begs the question whose way of thinking of constructing meaning and of experiencing the world is used to judge the weight and the direction of change Each chapter shows that a thorough understanding of the nature of change and the direction of reform is only achieved through the ability to decentre or take on board the other worldview It argues therefore that it is worldview rather than culture or nation state that is the most valid unit of analysis This book pays tribute to K D Ushinsky 1824 70 the Russian pioneer of comparative education each chapter in it broadly in agreement with his conclusions that Public education does not solve the problems of life by itself it does not lead history rather it follows the historical development It is not the pedagogies or the teachers who create the future but the people themselves and their great men Education only follows this road and in combination with other public social factors helps the individual and the rising generation on its way **The Routledge Handbook of Translation and Sexuality**

Brian James Baer,Serena Bassi,2024-08-19 The Routledge Handbook of Translation and Sexuality questions what it would mean to think of sexualities transnationally and explores the way cultural ideas about sex and sexuality are translated across languages It considers how scholars chart the multilingual rise of the modern sexual sciences in the nineteenth and twentieth centuries how translators writers and readers respond to sexual modernities and to what extent the keywords of queer social movements travel across borders The handbook draws from fields as diverse as translation studies critical multilingualism studies comparative literature European studies Slavic studies Middle Eastern studies Latin American studies and East Asian

studies This pioneering handbook maps out an emerging brand of women's gender and sexuality studies that approaches sexualities as translational formations Divided into two parts the handbook covers Theoretical chapters on the interdisciplinary dialogue between translation studies and queer studies Empirical studies of both canonic and minor scientific religious literary philosophical and political texts about sex and sexuality in translation across a variety of world languages With 20 chapters written by leading academics from around the world *The Routledge Handbook of Translation and Sexuality* will serve as an important reference for students and scholars in the fields of translation studies applied linguistics modern languages and women's gender and sexuality studies

The Dangers of Poetry Kevin M. Jones, 2020-09-01 Poetry has long dominated the cultural landscape of modern Iraq simultaneously representing the literary pinnacle of high culture and giving voice to the popular discourses of mass culture As the favored genre of culture expression for religious clerics nationalist politicians leftist dissidents and avant garde intellectuals poetry critically shaped the social political and cultural debates that consumed the Iraqi public sphere in the twentieth century The popularity of poetry in modern Iraq however made it a dangerous practice that carried serious political consequences and grave risks to dissident poets *The Dangers of Poetry* is the first book to narrate the social history of poetry in the modern Middle East Moving beyond the analysis of poems as literary and intellectual texts Kevin M Jones shows how poems functioned as social acts that critically shaped the cultural politics of revolutionary Iraq He narrates the history of three generations of Iraqi poets who navigated the fraught relationship between culture and politics in pursuit of their own ambitions and agendas Through this historical analysis of thousands of poems published in newspapers recited in popular demonstrations and disseminated in secret whispers this book reveals the overlooked contribution of these poets to the spirit of rebellion in modern Iraq

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh, 2007 The aim of this book is to explore some of the main pre occupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introd

Revolution Rekindled Polly Jones, 2019-08-14 Towards the end of the Khrushchev era a major Soviet initiative was launched to rekindle popular enthusiasm for the revolution which eventually gave rise to over 150 biographies and historical novels *The Fiery Revolutionaries* Plamennye revoliutsionery series authored by many key post Stalinist writers and published throughout late socialism until the Soviet collapse What new meanings did revolution take on as it was reimagined by writers including dissidents leading historians and popular historical novelists How did their millions of readers engage with these highly varied texts To what extent does this Brezhnev era publishing phenomenon challenge the notion of late socialism as a time of stagnation and how does it confirm it By exploring the complex processes of writing editing censorship and reading of late Soviet literature *Revolution Rekindled* highlights the dynamic negotiations that continued within Soviet culture well past the apparent turning point of 1968 through to the late Gorbachev era It also complicates the opposition between official and underground post Stalinist culture by showing how

Soviet writers and readers engaged with both as they sought answers to key questions of revolutionary history ethics and ideology Polly Jones reveals the enormous breadth and vitality of the historical turn amongst the late Soviet population Revolution Rekindled is the first archival oral history and literary study of this unique late socialist publishing experiment from its beginnings in the early 1960s to its collapse in the early 1990s It draws on a wide range of previously untapped archives including those of the publisher Politizdat of Soviet institutions in charge of propaganda publishing and literature and of many individual writers It also uses in depth interviews with Brezhnev era writers editors and publishers and assesses the generic and stylistic innovations within the series biographies and novels Literary Biographies in The Lives of Remarkable People Series in Russia , Ludmilla A. Trigos,Carol Ueland,2022-03-14 The legendary Russian biography series The Lives of Remarkable People has played a significant role in Russian culture from its inception in 1890 until today The longest running biography series in world literature it spans three centuries and widely divergent political and cultural epochs Imperial Soviet and Post Soviet Russia The authors argue that the treatment of biographical figures in the series is a case study for continuities and changes in Russian national identity over time Biography in Russia and elsewhere remains a most influential literary genre and the distinctive approach and branding of the series has made it the economic engine of its publisher Molodaia gvardiia The centrality of biographies of major literary figures in the series reflects their heightened importance in Russian culture The contributors examine the ways that biographies of Russia s foremost writers shaped the literary canon while mirroring the political and social realities of both the subjects and their biographers times Starting with Alexander Pushkin and ending with Joseph Brodsky the authors analyze the interplay of research and imagination in biographical narrative the changing perceptions of what constitutes literary greatness and the subversive possibilities of biography during eras of political censorship **How Russian Literature Became Great** Rolf Hellebust,2024-01-15 How Russian Literature Became Great explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia s borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobsbawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer s social function and the equation of literature with national identity

make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members How Russian Literature Became Great thus offers a new paradigm for understanding the paradoxes of modern tradition *The Oxford Handbook of the Russian Novel* Julie A. Buckler, Justin Weir, 2025 The Oxford Handbook of the Russian Novel brings together top specialists in Russian literature to treat the Russian novel from the late 18th to the 21st century using a range of interpretive perspectives The Russian novel is a distinctive tradition by virtue of its formal eccentricities as well as the boldness with which these works approached the most complex philosophical political and moral questions This Handbook treats well known works and authors but also explores the much broader tradition of the Russian novel up to the present The essays in the Handbook provide cultural and historical perspectives on the Russian novel as well as showcasing emergent modes of analysis including postcolonialism ecocriticism and posthumanism

Whispering the Techniques of Language: An Psychological Quest through **Russias Dangerous Texts Politics Between The Lines**

In a digitally-driven earth wherever screens reign great and quick connection drowns out the subtleties of language, the profound secrets and emotional subtleties concealed within phrases often go unheard. Yet, located within the pages of **Russias Dangerous Texts Politics Between The Lines** a charming fictional treasure sporting with raw feelings, lies an extraordinary journey waiting to be undertaken. Published by a skilled wordsmith, this wonderful opus encourages viewers on an introspective trip, softly unraveling the veiled truths and profound impact resonating within the very material of each and every word. Within the psychological depths of the emotional review, we will embark upon a honest exploration of the book is core styles, dissect their interesting publishing fashion, and fail to the effective resonance it evokes serious within the recesses of readers hearts.
