Could you do nothing or would you join the honorable Leland Harris on his *Ride of Vengeance*, a ride that brings justice to the Harris family, to the township, and to the woman he loves.

The Posthuman Imagination Tanmoy Kundu, Saikat Sarkar, 2021-02-08 This volume, including an extended interview with noted philosopher of posthumanism Francesca Ferrando, explores the contemporary philosophical, literary, and cultural landscapes that have emerged as a response to the unavoidable crisis faced by humans in the Anthropocene era. The essays gathered here map posthumanism both as theoretical posthumanism, which primarily seeks to develop new knowledge, and as practical posthumanism, which emphasizes socio-political, economic, and technological changes. Posthumanism, which explores how one can address the question of what means to be human today, is a burgeoning area of interest among universities across the globe. Written in accessible yet scholarly language, this volume introduces posthumanism in its diverse ramifications and explicates the subject through various literary and filmic texts in order to cater to the needs of researchers and students in the humanities.
