S4 Roswell Was Only The Beginning:

Rungs of Disclosure ,2024-10-15 Is this the coming Great Deception By the end of this book you will reveal the truth about extraterrestrial presences on earth that they are real burgeoning and not going away You also will understand what the Biblical perspective on this phenomenon is and is not They ve been here for thousands of years making their presence known in the shadows They might be seen by a lonely motorist on a deserted road late at night or by a frightened and confused husband in the bedroom he is sharing with his wife Perhaps the most disconcerting part of this phenomenon boils down to this question Has the government been aware of their presence all along and is covertly working with them toward some secret end In Rungs of Disclosure what once was fringe is now reality While reading you ll meet regular people just like you who have encountered something beyond their ability to explain You ll also hear from people of great faith and deep religious belief who continue to have these strange and deeply unsettling encounters L A Marzulli explores these ongoing incidents to discover the answers to these questions Who are they What do they want And why are they here Can you handle the truth Read this book if you dare *Ufo'S (The Reality)* William Calderwood,2015-04-10 The subject of UFOs I believe is one of the most important subjects there is because of its implications If an alien craft under intelligent control can shut down our nuclear missile systems which is a national security issue it has to be an important subject My interest began while in the service on a destroyer off the Korean coast when I heard that in the fall of 1951 a UFO was observed circling the task force and was picked up on 14 radars in the task force that began my interest in UFOs and have remained with me ever since After returning from the service I later had the opportunity to work for Boeing aero space on the Saturn V moon rocket worked at Michoud La 15 miles out of New Orleans Had a classified clearance while working there One night while lounging by the pool I was looking for the trail of a satellite going overhead when I noticed one of the stars by the big dipper started to move it traveled from the right side of the dipper to about the same distance on the left side and stopped After about two minutes it slowly faded away knowing about space and that an object must travel at 17 000 miles an hour to remain in space or gravity would pull it down to earth it had to be a UFO After two and a half years at Michoud Boeing opened a new branch at Cape Kennedy Florida and I put in for a transfer there was accepted and worked in system interface control received a secret clearance while at the cape During the time I sat in on two lectures of UFOs the first was by Maj Keyhoe at the Marriott hotel in Coco Beach there was standing room only and he waved some documents and said UFOs were nuts bolts machines and were real objects The other lecture was at Patrick AFB next to where I lived at Satellite Beach The first half of his presentation was a slide show showing the most ridiculous UFOs imaginable an air force presentation The last half was his own personal experience when flying a cargo plane from a southern state to Washington D C A bright yellow UFO came His plane and followed him all the way to Washington D C after I left Boeing and came back home I turned on the TV to watch a new series called project blue book and it was directed by retired col Coleman Once hooked the subject stays with

Astrada,2013-10 In the first volume of his Nonsense Papers series James W Astrada explored the controversial discussion of extraterrestrial influence on the human species and planet Earth Now on the precipice of the Digital Age humanity is evolving at an astonishing rate but are we evolving quickly enough to be entrusted with our advances As we face the estimate that the human population may swell to ten billion by 2050 we must demand debate on how this finite planet can handle humanity's uncontrolled growth This second installment of Astrada's series continues to focus on humanity's perilous journey to connect with the power cosmic and abandon our primitive and ignorant beliefs of the paranormal and the mystic It also looks at the origins of humanity Darwinism geo engineering the dangers inherent as humans try to control the weather and more The race is on for the individual to ascend this reality we live in to finally reconnect with the galactic families of sentient beings that await us if we try to master our humanity and all of its obstacles Are we the greatest threat to our own existence Are we ready for contact from another world **Airport/facility Directory** ,1985
