Scigaj,2014-07-11 Focusing on the work of A R Ammons Wendell Berry W S Merwin and Gary Snyder author Leonard Scigaj shows that just as a sustainable society does not depreciate its resource base so a sustainable poetry does not restrict interest to language Over the past thirty years many poets have shown an increasing sensitivity to ecological thinking But critics trained in poststructuralist language theory often fail to explore the substance of ecopoetry Scigaj is the first to define ecopoetry as separate and distinct from nature or environmental poetry marked by its concern with balancing the interests of human beings with the needs of nature Just as science learned that the earth was not the center of the universe ecopoetry insists on the recognition that humans are not at the center of the natural world

Johannine Sabbath Conflicts as Juridical Controversy Martin Asiedu-Pepurah, 2001 There is unanimity among Johannine scholars that one distinctive characteristic of the Fourth Gospel is the fact that the evangelist presents Jesus as caught in long drawn out juridical confrontations between himself and the Jews Martin Asiedu Pepurah examines the two Sabbath conflict narratives in the Fourth Gospel from a narrative critical perspective and thus takes a fresh look at the Johannine juridical metaphor In doing so he attempts to pursue a three fold objective First he determines the precise nature of the juridical metaphor used in the two narratives and on the strength of it he undertakes a critical reading of the texts under study with the view to shedding new light on their meaning Then he examines the role of this specific juridical metaphor in the two narratives The question here is for what purpose and how is this specific juridical metaphor used within the narrative framework of the two narratives Finally he explores the historical setting of the two narratives and infers from it the social function the juridical metaphor would have played within the Johannine Sitz im Leben In the light of his results Martin Asiedu Pepurah makes an attempt to examine very briefly the entire section of John 5 1 10 42 to see if the presence of the juridical controversy pattern in this section can throw light on one crucial issue in Johannine research namely the purpose of the Gospel in its present form

Burer,2012-01-01 With eight cryptic words by Jesus in John 5 17 an enigma surfaces regarding God's activity in his ministry that is not easy for us to solve Jesus in defending his actions in healing the lame man at the pool of Bethzatha Bethesda makes a comparison that is simple enough on the surface Jesus activity finds its basis in the Father's current activity thus Jesus is not legally or spiritually culpable for breaking the Sabbath What creates the enigma is the assumption that lies beneath the argument the Father is working and even more importantly he is working on the Sabbath Investigation of this assumption is the purpose of this book Burer contributes to the discussion surrounding Jesus Sabbath activity by augmenting current research on Sabbath work which focuses primarily on rabbinic rules and interpretation of Torah Burer tests the

hypothesis that Jesus actions on the Sabbath are best understood in light of the concept of divine Sabbath work and that in light of this concept Jesus actions imply a claim to deity or a close association with God s divine plan and work Burer does this by searching the Hebrew Scriptures the Dead Sea Scrolls the Septuagint the Old Testament Pseudepigrapha Josephus Philo the Mishnah and Tosefta the targums the midrashim the Palestinian Talmud and the Babylonian Talmud in order to unearth a conceptual and cultural framework for divine Sabbath work The results are then used in analyzing two prominent stories of Jesus work of healing on the Sabbath in the New Testament to prove disprove or modify his working hypothesis New Testament students and scholars will find Divine Sabbath Work to be a thought provoking enticing creative approach to old questions

Black Sabbath and the Rise of Heavy Metal Music Andrew L. Cope, 2016-04-15 The definition of heavy metal is often a contentious issue and in this lively and accessible text Andrew Cope presents a refreshing re evaluation of the rules that define heavy metal as a musical genre Cope begins with an interrogation of why during the late 1960s and early 1970s Birmingham provided the ideal location for the evolution and early development of heavy metal and hard rock The author considers how the influence of the London and Liverpool music scenes merged with the unique cultural climate industry and often desolated sites of post war Birmingham to contribute significantly to the development of two unique forms of music heavy metal and hard rock The author explores these two forms through an extensive examination of key tracks from the first six albums of both Black Sabbath and Led Zeppelin in which musical visual and lyrical aspects of each band are carefully compared and contrasted in order to highlight the distinctive innovations of those early recordings In conclusion a number of case studies are presented that illustrate how the unique synthesis of elements established by Black Sabbath have been perpetuated and developed through the work of such bands as Iron Maiden Metallica Pantera Machine Head Nightwish Arch Enemy and Cradle of Filth As a consequence the importance of heavy metal as a genre of music was firmly established and its longevity assured
