compelling personalities **Sacramento and the Catholic Church** Steven Avella, 2008-08-22 This work examines the interplay between the city of Sacramento and the Catholic Church since the 1850s Avella uses Sacramento as a case study of the role of religious denominations in the development of the American West In Sacramento as in other western urban areas churches brought civility and various cultural amenities and they helped to create an atmosphere of stability so important to creating a viable urban community At the same time churches often had to shape themselves to the secularizing tendencies of western cities while trying to remain faithful to their core values and practices Besides the numerous institutions that the Church sponsored it brought together a wide spectrum of the city's diverse ethnic populations and offered them several routes to assimilation Catholic Sacramentans have always played an active role in government and in the city's economy and Catholic institutions provided a matrix for the creation of new communities as the city spread into neighboring suburbs At the same time the Church was forced to adapt itself to the needs and demands of its various ethnic constituents particularly the flood of Spanish speaking newcomers in the late twentieth century *Sacramento's K Street* William Burg, 2012-07-17 From its founding K Street mirrored the entrepreneurial development of California's capital city Initially the storefront for gold seekers trampling a path between the Sacramento River and Sutter's Fort K Street soon became the hub of California's first stagecoach railroad and riverboat networks Over the years K Street boasted saloons and vaudeville houses the neon buzz of jazz clubs and movie theaters as well as the finest hotels and department stores For the postwar generation K Street was synonymous with Christmas shopping and teenage cruising From the Golden Eagle and Buddy Baer's to Weinstock's and the Alhambra Theatre join historian William Burg as he chronicles the legacy of Sacramento's K Street once a boulevard of aspirations and bustling commerce and now home to a spirit of renewal *La Gente* Lorena V. Márquez, 2020-10-27 *La Gente* traces the rise of the Chicana o Movement in Sacramento and the role of everyday people in galvanizing a collective to seek lasting and transformative change during the 1960s and 1970s In their efforts to be self-determined la gente contested multiple forms of oppression at school at work sites and in their communities Though diverse in their cultural and generational backgrounds la gente were constantly negotiating acts of resistance especially when their lives the lives of their children their livelihoods or their households were at risk Historian Lorena V. Márquez documents early community interventions to challenge the prevailing notions of desegregation by barrio residents providing a look at one of the first cases of outright resistance to desegregation efforts by ethnic Mexicans She also shares the story of workers in the Sacramento area who initiated and won the first legal victory against canneries for discriminating against brown and black workers and women and demonstrates how the community crossed ethnic barriers when it established the first accredited Chicana o and Native American community college in the nation Márquez shows that the Chicana o Movement was not solely limited to a handful of organizations or charismatic leaders Rather it encouraged those that were the most marginalized the working poor immigrants and or the undocumented and the undereducated to fight for their rights on the premise that they

too were contributing and deserving members of society

My Checkered Life Fern L. Henry, 2003 My Checkered Life is Luzena Stanley Wilson's classic account of her family's 1849 overland journey and life in early California. Fern Henry draws upon her considerable skills as a researcher to bring to light intriguing details following the Wilson family from their Quaker beginnings in North Carolina to their experiences in Nevada City, Sacramento, and Vacaville. This compelling story is enriched with narratives of other gold seekers and settlers and illustrated with rare photographs, documents, and engravings.

Gold Rivers of Northern California Marjorie B. Giles, 2001 Trailblazers, entrepreneurs, heroes, and rascals unearthed gold and diamonds north of the Mother Lode. At the northern mines, financiers of the Industrial Revolution developed their claims until the country's first environmental legislation dissuaded them. Ghost towns with vast cemeteries attest to historic changes. Gold Rivers of Northern California tells the story of native tribes, trappers, settlers, and questionable heroes. The northern mines region remains little changed along the Feather and Yuba Rivers. The Yuba is the nation's richest gold-bearing river and still productive 150 years after the gold rush. Gold Rivers of Northern California explores the history, geology, and resources of California's Yuba and Feather Rivers wilderness north of the popularized Mother Lode region of goldrush activity. The primitive conditions of early fortune seekers still prevail. Illustrations and maps are included, and thumbnail sketches of the founders, founders, and citizens of the era. Early settlements are described as they roared and declined or developed new character and new foundations. Recreational and cultural programs, parks, and museums today follow a diversity of populations through their shifting attitudes. Illustrations, bibliography, and maps are included.

Craig Gaines as he unearths stories of legendary and historic lost treasures yet to be found in the Golden State.

Craig Gaines, 2008-04-01 On the evening of February 2, 1864, Confederate Commander John Taylor Wood led 250 sailors in two launches and twelve boats to capture the USS Underwriter, a side-wheel steam gunboat anchored on the Neuse River near New Bern, North Carolina. During the ensuing fifteen-minute battle, nine Union crewmen lost their lives, twenty were wounded, and twenty-six fell into enemy hands.
