Gabriel Pivarnik,2013-01-01 Half a century after the Second Vatican Council called for the active participation of the laity in the liturgy a comprehensive theology of what liturgical participation actually means remains elusive While most sacramental studies have highlighted the role and action of Christ the conciliar reform and the theology that emanated from it call for a deeper trinitarian understanding of the liturgy and sacraments In this fascinating new work Gabriel Pivarnik identifies the major theological developments in the concept of active participation of the last century most notably in Mediator Dei and the Vatican II documents He also considers the reception of those developments Drawing especially on the work of Cipriano Vagaggini and Edward Kilmartin Pivarnik offers a lucid demonstration of how liturgical participation can be viewed in

metaphysical soteriological and ecclesiological terms through the lens of a trinitarian narrative **Dictionary for Theological Interpretation of the Bible** Kevin J. Vanhoozer, Craig G. Bartholomew, Daniel Treier, N.T. Wright, 2005-11-01

For the pastor or serious layperson the realm of biblical interpretation can be a confusing maze of personalities communities methods and theories This maze can often result in obscuring the main goal of interpreting Scripture hearing and knowing God better The Dictionary for Theological Interpretation of the Bible is a groundbreaking reference tool that introduces readers to key names theories and concepts in the field of biblical interpretation It discusses these approaches and evaluates their helpfulness in enabling Christians to hear what God is saying to the church through Scripture The contributors come from a variety of backgrounds and the dictionary covers a broad range of topics with both clarity and depth **Calvin, Participation, and the Gift** J. Todd Billings, 2007-11-15

Is the God of Calvin a fountain of blessing or a forceful tyrant Is Calvin s view of God coercive leaving no place for the human qua human in redemption These are perennial questions about Calvin s theology which have been given new life by Gift theologians such as John Milbank Graham Ward and Stephen Webb J Todd Billings addresses these questions by exploring Calvin s theology of participation in Christ He argues that Calvin s theology of participation gives a positive place to the human such that grace fulfils rather than destroys nature affirming a differentiated union of God and humanity in creation and redemption Calvin s trinitarian theology of participation extends to his view of prayer sacraments the law and the ecclesial and civil orders In light of Calvin s doctrine of participation Billings reframes the critiques of Calvin in the Gift discussion and opens up new possibilities for contemporary theology ecumenical theology and Calvin scholarship as well **Evangelicals, Worship and Participation** Alan Rathe, 2016-04-22

In discussions of worship the term participation covers a lot of ground It refers not only to concrete acts in gathered liturgy but also to some of the loftiest claims of Christian theology In this book Alan Rathe probes the ways in which North American evangelicals have in recent years regarded the landscape of participation Rathe presents a broad review of evangelical worship literature through a lens borrowed from medieval theology This brings into surprising focus not only evangelical understandings but also evangelical identities and the historical traditions they reflect and offers fresh perspectives on such current theological concerns as God s triunity missio Dei and the practical theology of participation Offering a fresh contribution to a young but important discipline the liturgically informed study of evangelical worship practice this book reconnects the evangelical tradition to the Great Tradition and in the process re appropriates classic concepts that are full of promise for contemporary ecumenical dialogue [Christianity's Family Tree Participant's Guide](#) Adam Hamilton, 2010-09-01
