Goldstein, Kristen Drybread, 2022-09-23 This book explores the nexus of corruption late capitalism and illiberal politics in the Trump era Through deep contextualized analysis and careful critique it offers valuable perspectives on how corruption is defined and understood in the current historical moment The book asks Is today's corruption something new or is it a continuation of prior patterns of illiberalism Chapters in this collection consider how corruption is practiced mobilized or invoked in a range of cases each of which is embedded within larger concerns about what citizenship social belonging honesty and justice mean in the United States today The authors examine a constellation of unscrupulous actors and questionable actions with topics ranging from sex scandals and shady real estate deals to the Trump administration's response to the COVID 19 pandemic Several essays directly address the increasingly violent rhetoric and the deliberately anti democratic policies that have flourished during the Trump era The book draws on anthropological insights and comparative analysis to place the policies and practices of Trump and his supporters in a wider global context *Corruption and Illiberal Politics in the Trump Era* will be of great interest to readers from anthropology sociology political science discourse studies media studies linguistics and American studies *Sacred Writings*, 1910 The Journal of Sacred Literature and Biblical Record John Kitto, Henry Burgess, Benjamin Harris Cowper, 1861 **The Journal of Sacred**

Christian Tsekpoe, Lord Elorm Donkor, 2024-09-05 Despite the current impressive numerical growth of Pentecostal Charismatic Christianity in Africa there remain some concerns about the extent to which the church is making the desired impact in the public space As the church grows numerically the African continent is ironically plagued with many regrettable stories of corruption bad governance sexual abuse gender discrimination and perversion environmental degradation robbery economic crisis leading to poverty and hunger wars and other social vices This paradoxical increase in vices alongside the demographic growth of the Christian population on the continent has caused many to question the social impact of African Christianity Re Visioning African Pentecostal Charismatic Ecclesiology in the Public Sphere is a response to these observations The contributors to this volume who are made up of seasoned academics theological educators and missiologists and mission practitioners have engaged the subject from multidisciplinary perspectives highlighting significant contributions of African Pentecostalism while pointing out critical areas for urgent attention The volume is intended to stimulate

conversations around the church's mandate of influencing the public sphere as an agent of social transformation
