Sacred Ifa Oracle:

The Sacred Ifa Oracle Afolabi A. Epega, Philip John Neimark, 1995 Explores the essence of life by means of the ancient African divination tool which is also the spiritual foundation of Candomblé Santería and Vodun Remains of Ritual Steven M. Friedson, 2010-07-15 Remains of Ritual Steven M. Friedson's second book on musical experience in African ritual focuses on the Brekete Gorovodu religion of the Ewe people. Friedson presents a multifaceted understanding of religious practice through a historical and ethnographic study of one of the dominant ritual sites on the southern coast of Ghana, a medicine shrine whose origins lie in the northern region of the country. Each chapter of this fascinating book considers a different aspect of ritual life, demonstrating throughout that none of them can be conceived of separately from their musicality in the Brekete world. Music functions as ritual and ritual as music. Dance and possession, chanted calls to prayer, animal sacrifice, the sounds and movements of wake-keeping, the play of the drums—all come under Friedson's careful scrutiny as does his own position and experience within this ritual-dominated society.

Deep Knowledge Oludamini Ogunnaike, 2020-10-26 This book is an in-depth comparative study of two of the most popular and influential intellectual and spiritual traditions of West Africa: Tijani Sufism and Ifa. Employing a unique methodological approach that thinks with and from rather than merely about these traditions, Oludamini Ogunnaike argues that they contain sophisticated epistemologies that provide practitioners with a comprehensive worldview and a way of crafting a meaningful life. Using theories belonging to the traditions themselves as well as contemporary oral and textual sources, Ogunnaike examines how both Sufism and Ifa answer the questions of what knowledge is, how it is acquired, and how it is verified. Or more simply: What do you know? How did you come to know it? How do you know that you know? After analyzing Ifa and Sufism separately and on their own terms, the book compares them to each other and to certain features of academic theories of knowledge. By analyzing Sufism from the perspective of Ifa, Ifa from the perspective of Sufism, and the contemporary academy from the perspective of both, this book invites scholars to inhabit these seemingly foreign intellectual traditions as valid and viable perspectives on knowledge, metaphysics, psychology, and ritual practice. Unprecedented and innovative, *Deep Knowledge* makes a significant contribution to cross-cultural philosophy, African philosophy, religious studies, and Islamic studies. Its singular approach advances our understanding of the philosophical bases underlying these two African traditions and lays the groundwork for future study.

Hand of Ifa Chief Dr. Ayele Kumari, 2022-11-16 One of the first steps to Ifa is getting a Hand of Ifa. Its reception marks a turning point where an individual begins to line up with their destiny. While a hand of Ifa is not a full initiation to Ifa, it is an advanced step beyond general interest and before you initiate fully. Many practitioners at this level find themselves lost, not quite being a beginner and not an initiate either. A book like this has never been done specifically for practitioners at this level. It is a guide for people who have received a hand of Ifa, gone through an Isefa ceremony, intend to initiate to Ifa, and also for people who are initiated but have had little instructions on how to manage and work with their Ifa. It can also be very valuable for people who

are ready to take the next step in their Ifa journey as they prepare to receive a hand or initiate Hand of Ifa is a workbook with exercises to further the Onifa and devotee development It also offers an introduction to the 16 Meji Odus their verses and significance with soul development and personal growth The individual will learn key foundational skills for success in Ifa such as How to utilize Oriki for invocation and even create an Oriki How to care for Ifa and Esu shrines How to perform Ose Ifa How to assess our spiritual debts and cress through a Spiritual Balance sheet How to understand and interpret Ifa verses How to read Ifa signatures How to prepare some Ifa Akose Spiritual Medicines How to gain a personal understanding of Odus via their psychology and practical expressions And more One of the first steps to Ifa is getting a Hand Of Ifa It s reception marks a turning point where an individual begins to line up with their destiny While a hand of Ifa is not a full initiation to Ifa it is an advanced step beyond general interest and before you Initiate fully Many practitioners at this level find themselves lost not quite being a beginner and not an initiate either A book like this has never been done specifically for practitioners at this level It is a guide for people who have received a hand of ifa gone through an Isefa ceremony intend to initiate to Ifa and also for people who are initiated but have had little instructions on how to manage and work with their Ifa It can also be very valuable for people who are ready to take the next step in their Ifa journey as they prepare to receive a hand or initiate Hand of Ifa is a workbook with exercises to further the Onifa and devotee development It also offers an introduction to the 16 Meji Odus their verses and significance with soul development and personal growth The individual will learn key foundational skills for success in Ifa such as How to utilize Oriki for invocation and even create an Oriki How to care for Ifa and Esu shrines How to perform Ose Ifa How to assess our spiritual debts and cress through a Spiritual Balance sheet How to understand and interpret Ifa verses How to read Ifa signatures How to prepare some Ifa Akose Spiritual Medicines How to gain a personal understanding of Odus via their psychology and practical expressions And more Adura: An Ifa Prayer Book For Beginners, Vol I 2nd Ed A.
