**Sacred Mirror** John J. Prendergast, Peter Fenner, Sheila Krystal, 2003-09-01 How is modern psychotherapy impacted when it is approached from the presence and understanding of the unconditioned mind What happens when therapists are able to function as a sacred mirror for their clients essential nature reflecting back not only the contents of awareness thoughts feelings and sensations but awareness itself Informed by their direct experience as well as by nondual teachings from both eastern and western wisdom traditions the authors take a fresh look at what psychotherapy can be These seminal essays will challenge and inspire readers to approach psychotherapy in a new way as a potential portal for experiencing their deepest nature as free and joyful beings Seasoned clinicians Dan Berkow Stephan Bodian Dorothy Hunt Sheila Krystal Lynn Marie Lumiere Richard Miller John Prendergast John Welwood Jennifer Welwood and Bryan Wittine and innovative western spiritual teachers Adyashanti and Peter Fenner explore critical issues at the interface of psychology and spirituality from a nondual perspective     Alan Watts *Here and Now* Peter J. Columbus, Donadrian L. Rice, 2012-06-01 Considers the contributions and contemporary significance of Alan Watts     *Supervision as Transformation* Robin Shohet, 2011 Supervision provides a positive space for compassion inquiry reflection and above all development This title includes chapters that take a practical approach to supervision and show how transformative it can be when approached in the right way     The Translucent Revolution Arjuna Ardagh, 2010-10-06 There is a gentle but profound revolution in human consciousness happening throughout the world it has affected millions of people from all walks of life and the numbers continue to multiply exponentially The breakthroughs they have experienced are startlingly similar and are marked by a new sense of well being increased joy in life diminished fear and a natural impulse to serve and contribute to the world in a real way For more than a decade Arjuna Ardagh has studied this worldwide advance in human consciousness marked by what he calls transluents individuals who have undergone a spiritual awakening deeply enough that it has permanently transformed their relationship to themselves and to reality while allowing them to remain involved in ordinary life The Translucent Revolution draws on the author's dialogues with thousands of writers teachers and workshop participants around the world who display characteristics of translucence He blends observation anecdote and research including commentaries from leading pioneers in the field of human consciousness     The Sacred Cauldron Lionel Corbett, 2011 At a time when psychotherapy seems to be a purely secular pursuit with no connection to the sacred The Sacred Cauldron makes the startling claim that for both participants psychotherapeutic work is actually a spiritual discipline in its own right The psyche manifests the sacred and provides the transpersonal field within which the work of therapy is carried out This book demonstrates some of the ways in which a spiritual sensibility can inform the technical aspects of psychotherapy The Sacred Cauldron is truly a book to be read by both therapists and non therapists for it offers a thoughtful intelligent sensitive passage through the spiritual quarrels and complexities of our time and addresses our common summons which is to treat

the life of the spirit with the respect the gravity and the centrality it deserves This book is instructive to all for Corbett not only marshals a wealth of scholarship and clinical experience but also expresses challenging insights through a calm reasonable and commonsense appeal After this book the reader will be more thoughtful more considered more sophisticated more appreciative of the importance of therapy as a vehicle for healing and for engaging the numinous James Hollis Ph D Jungian analyst and author of What Matters Most Living a More Considered Life Dr Lionel Corbett trained in medicine and psychiatry in England and as a Jungian analyst at the C G Jung Institute of Chicago He is currently on the core faculty of Pacifica Graduate Institute in Santa Barbara California and the author of The Religious Function of the Psyche and Psyche and the Sacred as well as various professional articles His main interest is in the religious function of the psyche and the ways in which this function expresses itself through the structures of personality

Prendergast, PhD, 2025-03-11 A guide to connecting with your deepest ground a rootedness that supports authentic psychological healing and embodied spirituality This beautiful and deeply insightful work invites us to reconnect with our true ground a place of inner stability and peace that lies beyond fear Tara Brach author of Radical Acceptance In John J Prendergast s decades of experience as a psychotherapist and spiritual teacher the area of the body that s most difficult for people to connect with given our survival fear and trauma is our physical and energetic ground This area in the lower belly and at the base of the spine corresponds with the root chakra in the Indian subtle body tradition the lower dan tien in Taoism and the hara in Japanese martial arts While most spiritual traditions focus on opening the mind and the heart they tend to avoid or undervalue the opening of the ground Prendergast notes It remains largely unconscious and deeply defended This guide invites you to take a deep dive into your personal archetypal and universal ground and to see through the false ground of your early conditioning and limited identity Throughout Your Deepest Ground Prendergast shares Profound yet accessible teachings to help you connect with your ground Sensitive awareness to the trauma we re often holding in this part of our physical and energetic body Sensing and inquiry practices to work with your own body and life

Authentic anecdotes and conversations drawn from his teaching that show the power of this work in action By consciously opening to our ground we can experience a felt sense of inner safety and stability that supports the full flowering of inner peace freedom and loving awareness a truly embodied spirituality *Comparative Theories of Nonduality* Milton Scarborough, 2011-10-20 It is a commonplace that while Asia is nondualistic the West because of its uncritical reliance on Greek derived intellectual standards is dualistic Dualism is a deep seated habit of thinking and acting in all spheres of life through the prism of binary opposites leads to paralyzing practical and theoretical difficulties Asia can provide no assistance for the foreseeable future because the West finds Asian nondualism especially that of Mahayana Buddhism too alien and nihilistic On the other hand postmodern thought which purports to deliver us from the dualisms embedded in modernity turns out to be merely a pseudo postmodernism This book's novel idea is that the West already contains within one of its more marginalized roots that of ancient Hebrew culture a pre philosophical form of nondualism which makes possible a new form of nondualism one to which the West can subscribe This new nondualism inspired by Buddhism but not identical to it is an epistemological ontological metaphysical and praxical middle way both for the West and also between East and West
