been chiefly confined either to the divine names or to the social and legal practices attested in Genesis and has neglected the patriarchal cultic practices altars pillars tithes vows and purifications frequently attested there In this study Pagolu investigates such aspects in the light of second millennium ancient Near Eastern and Israelite parallels concluding that the patriarchal practices bore no comparison to those of the ancient Near East or of Israel in that the patriarchs themselves offered sacrifices conducted prayer raised pillars and offered worship all without the aid of an established cult Thus patriarchal religion was distinct both from ancient Near Eastern religions and from the religion of Israel itself It is peculiar to the world of Genesis

The Goddess in Hindu-Tantric Traditions Anway Mukhopadhyay, 2018-04-20 The Great Goddess in her various puranic and tantric forms is often figured as sitting on a corpse which is identified as Shiva as shava God Shiva the consort of the Devi and an iconic representation of the Absolute without attributes the Nirguna Brahman Hence most of the existing critical works and ethnographic studies on Shaktism and the tantras have focused on the theological and symbolic paraphernalia of the corpses which operate as the asanas seats of the Devi in her various iconographies This book explores the figurations of the Goddess as corpse in several Hindu puranic and Shakta tantric texts popular practices folk belief systems legends and various other cultural phenomena based on this motif It deals with a more intricate and fundamental issue than existing works on the subject how and why is the Devi herself figured as a corpse in the Shakta texts belief systems and folk practices associated with the tantras The issues which have been raised in this book include how does death become a complement to life within this religious epistemology How does one learn to live with death thereby lending new definitions and new epistemic and existential dimensions to life and death And what is the relation between death and gender within this kind of figuration of the Goddess as death and dead body Analysing multiple mythic narratives hymns and scriptural texts where the Devi herself is said to take the form of the Shava the corpse as well as the Shakti who animates dead matter this book focuses not only on the concept of the theological equivalence of the Shava Shiva as corpse and the Shakti Energy in tantras but also on the status of the Divine Mother as the Great Bridge between the apparently irreconcilable opposites the mediatrix between Spirit and Matter death and life existence in stasis and existence in kinesis This book makes an important contribution to the fields of Hindu Studies Goddess Spirituality South Asian Religions Women and Religion India Studies in Shaktism and Tantra Cross cultural Religious Studies Gender Studies Postcolonial Spirituality and Ecofeminism

Abstract We in our current era observe the movement of masses in three dimensions be it through a section of road through airways or under a layer of water Time a fourth dimension provides a conclusive evidence of traveling along three dimensions and this fourth dimension always co exists with any of the three dimensions either traveling from the last moment past to the

current moment present or from the current moment to the next coming moment future Our brain is a tool which helps us to comprehend the discoveries of science in these four dimensions but a signal of error propagates in our body when we hear of a concept which does not exist in all these four dimensions In our first response we try to jump into a state of denial or refusal of such concepts and realities for some This rhetoric gives birth to the exigency of exploring the unexplored dimensions of this universe IRFAN inner knowledge of self and GOD in accordance with Islamic Sufism a beneficial compilation for its readers outlines the theoretical concepts and personal experiences of Fageer Noor Muhammad Sawari Qadri R A that uncover the ways for the reader to introspect search for the inner light of the soul build connectivity with GOD and practice renunciation towards materialism to walk on the un travelled dimensions of this physical world The author highlights the ways to identify the inner divine spark by focusing on the personal name of GOD An example of spiritual failure or failure in a dimension which does not exist in the basic four dimensions is the wreckage of Titanic a British liner which to many is the failure of its massive frame However understanding of the parallel existence of physical and spiritual worlds for one could be developed and self examined by reaching the photons in one s soul *The Golden Bough* James George Frazer,2020-07-25 Reproduction of the original *The Golden Bough* by James George Frazer **When the Gods Were Born** Carolina López-Ruiz,2010-06-15 With admirable erudition Lopez Ruiz brings to life intimacies and exchanges between the ancient Greeks and their Northwest Semitic neighbors portraying the ancient Mediterranean as a fluid dynamic contact zone She explains networks of circulation shows creative uses of traditional material by peoples in motion and radically transforms our understanding of ancient cosmogonies Page duBois author of *Out of Athens The New Ancient Greeks* [The Circle of Life](#) James David Audlin,2012-02-22 THE CIRCLE OF LIFE presents traditional oral Native American sacred teachings from the Iroquois Lakota and other traditions The author has been receiving these teachings from elders since his youth The wisdom embraces cosmology ethics epistemology metaphysics sociology psychology healing dream interpretation and more Audlin calls himself neither a spiritual teacher nor an authority but a conduit through which these oral traditions can be presented meaningfully to people in a modern world He outlines universal principles common to many traditional peoples worldwide The Red Road is available to all regardless of religion or ethnicity willing to follow its paths These paths however are often not easy and require deep personal and spiritual commitment Audlin says in his introduction If this book serves any purpose let it be to help us bring the Sacred Hoop of All the Nations back together again so we and all that lives may stand as one in silent awe before that Great Mystery *The Jewish Encyclopedia* Isidore Singer,Cyrus Adler,1901 *Teton Sioux Music and Culture* Frances Densmore,2001-03-01 Frances Densmore s modestly titled *Teton Sioux Music and Culture* is one of the many volumes that resulted from her prolific life long project to record and transcribe the traditional music of American Indian peoples The book explores the role of music in all aspects of Sioux life and is a classic of the descriptive genre produced by members of the Smithsonian s Bureau of American Ethnology Music serves as the vehicle for organizing

this detailed account of traditional religion warfare and social life enriched by first person narrations by the Lakota men and women who worked with Densmore from 1911 to 1914 to preserve their songs by means of a wax cylinder recorder the modern technology of that period The evident quality of the narratives translations from Lakota as well as the complete transcription and translation of all the Lakota lyrics to the songs resulted from Densmore s close collaboraton with Robert P Higheagle who shared her dedication to the project and was an exceptionally capable translator and cultural mediator The material recorded here on such topics as dreams and visions healing the Sun Dance and buffalo hunting all with appropriate musical transcriptions and song lyrics makes Teton Sioux Music and Culture one of the most significant ethnographic works ever published on the Sioux as well as an important landmark in the study of ethnomusicology Raymond J DeMallie author of The Sixth Grandfather Black Elk s Teachings Given to John G Neihardt 1984 also available in a Bison Books edition Book jacket *Teton Sioux music* Frances Densmore,1913
