Sacred World The Encounters With The Worlds Religions:

Sacred World Pearson Education, Inc.,2003-07 **Encounters with the World's Religions** Brad Karelius,2015-05-15
A spectacular stretch of earth the Eastern Sierra region of California reveals volcanic reefs desert sand dunes majestic mountains and snow fed lakes and rivers Drawing on forty years of college teaching on the world s religions Professor Brad Karelius is your guide uncovering deep spiritual dimensions in this achingly beautiful place This book shares crystallizations of religious wisdom collected through the ages and finely tuned descriptions of holy sites which you may visit that will draw you deeper in your personal encounters with world spiritualities **Religions of the World and Sacred World, Encounters with the World's Religions CD-ROM Package** Lewis M. Hopfe,Mark R. Woodward,2008-12-22 Package consists of 0131840908 9780131840904 Sacred World Encounters with the World s Religions CD ROM The 013606177X 9780136061779 Religions of the World The Enchantments of Technology Lee Bailey,2010-10-01 In The Enchantments of Technology Lee Worth Bailey erases the conventional distinction between myth and machine in order to explore the passionate foundations concealed in technological culture and address its complex ethical moral and social implications Bailey argues that technological society does not simply disenchant the world with its reductive methods and mechanical metaphors then shape machines with political motives but is also borne by a deeper subversive undertow of enchantment Addressing examples to explore the complexities of these enchantments his thought is full of illuminating examinations of seductively engaging technologies ranging from the old camera obscura to new automobiles robots airplanes and spaceships This volume builds on the work of numerous scholars including Jacques Ellul and Jean Brun on the phenomenological and spiritual aspects of technology Carl Jung on the archetypal collective unconscious approach to myth and Martin Heidegger on Being itself Bailey creates a dynamic interdisciplinary postmodern examination of how our machines and their environments embody not only reason but also desires The World's Religions Peter Clarke,Friedhelm Hardy,Leslie Houlden,Stewart Sutherland,2004-01-14 Gives an account of the history the theological basis the practice and the current state of the study of religion and religions throughout the world Combines a clear and non technical style of presentation with a structure and range of contributions which reflect the richness and complexity of religion itself of the religions of the world and the study of religions Comprehensive index bibliographies and suggestions for further reading Intriguing philosophical questions are raised about the nature of religion and the qualities needed for studying it Times Higher Education Supplement Excellent book remarkably successful impressive as much for the sheer scale of the undertaking as for its consistent standard of analysis It is a fine achievement which will serve both as a very suitable textbook for students and a reliable guide to the state of scholarship in the History and Study of Religions Heythrop Journal The Illustrated World's Religions Huston Smith,1995-08-18 Retaining all the beloved qualities of Huston Smith s classic The Religions of Man and the current fully revised and updated The World s Religions this stunning pictorial presentation refines the text to its wonderful essentials In

detailed absorbing richly illustrated and highly readable chapters on Hinduism Buddhism Confucianism Taoism Islam Judaism Christianity and primal religions we find refreshing and fascinating presentations of both the differences and the similarities among the worldwide religious traditions The approach is at once classic and contemporary retaining all the empathy eloquence and erudition that millions of readers love about the earlier editions while being edited and designed for a contemporary general readership This delightful marriage of winsome text and remarkable pictures vividly brings to life the scope and vision of Huston Smith s expertise and insight

Art and Architecture of the World's Religions Leslie D. Ross, 2009-06-04 Two abundantly illustrated volumes offer a vibrant discussion of how the divine is and has been represented in art and architecture the world over Beginning with the ancient worlds of Mesopotamia Egypt Greece and Rome and moving forward through time Art and Architecture of the World s Religions explores the major faiths from countries and continents around the globe helping readers better understand the creations their beliefs have inspired After tracing the history and development of a religion the book provides a general overview of its principal beliefs and key practices It then offers specific examples of how works of art architecture reflect that religion s values The focus of each chapter is on the temples churches and religious buildings statues paintings and other works of art and architecture created by believers Each representative work of art or architecture is examined in terms of its history materials symbols colors and patterns as its significance is explained to the reader With extensive illustrations these volumes are the definitive reference work on art and architecture of the world s religions

The Reception of 'Abdu'l-Bahá in Britain Brendan McNamara, 2020-10-26 In exploring Abdu l Bah s visits to Britain Brendan McNamara expands the jigsaw of our knowledge of how the east came west More importantly by exploring the visits through the motives of those that received him The Reception of Abdu l Bah in Britain East Comes West demonstrates that the cultic milieu thesis is incomplete Focusing on a number of well known Edwardian Protestant reformers the book demonstrates that the arrival of eastern forms of religions in Britain penetrated more mainstream Christian forms This process is set within significant developments in the early formation of the study of religions the rise of science and orientalism All these elements are shown to be linked together Significantly the work argues that the advent of World War One changed the direction of new forms of religion leading to a forgetfulness that has lasted until the present time

The World's Religions: The Study of Religion, Traditional and New Religion Peter Clarke, Stewart Sutherland, 2002-11 Examines the primitive traditional non mainstream religion and also 20th century sects such as the Moonies and Scientology Looks at the nature of religion the general philosophical issues Written by international specialists

Gods in the Global Village Lester R. Kurtz, 2012 In an era plagued by religious conflict the Third Edition of Gods in the Global Village directly responds to issues of social problems prevalent in the world today Using an engaging thought provoking style author Lester R Kurtz focuses on the relationship among the major faith traditions that inform the thinking and ethical standards of most people in the emerging global social order This book focuses on a central aspect of

that common crisis A major assumption of this book is that all knowledge is shaped by the social context of the knower therefore both religious traditions and our studies of them are shaped by the context in which we construct them The author argues that religious pluralism will be a necessary precondition of the global village for the foreseeable future The question that faces us as a human community is not Which religious tradition is true or even Is any religious tradition true but rather How can we enable the various religious and secular traditions to coexist peacefully on the planet The text supports the belief that the sociology of religion itself a pluralistic discipline can provide invaluable insight into the most pressing problems of our time
