

Saddam Hubein An American Obsebion

Mr Lungthuiyang Riamei

Saddam Hussein An American Obsession:

Saddam Hussein Andrew Cockburn, Patrick Cockburn, 2002 The idea of direct invasion is the greatest threat to Saddam. It avoids the problems of securing local allies inside and outside Iraq which bedevil any indirect approach to get rid of him. But it has one immense disadvantage from the US point of view: if the US invades Iraq to install its own government, it will be taking direct physical control of an area containing more than half the world's oil reserves. It will look like the founding of a new American empire based on physical force and will be deeply resented. It would outrage the Arabs at a moment when the Israel-Palestine conflict is in a particularly bloody phase. America could find that it has overplayed its hand just as Saddam did when he invaded Kuwait twelve years ago. From the new Prologue: At the outset of the 1991 Gulf War, US leaders resolved the Iraqis will pay the price so long as Saddam Hussein remained in power. This book makes chillingly clear just how terrible that price has been. Eleven years ago, Saddam was caught by surprise; his preparations since September 11 show that lessons have been learnt. In a substantial new prologue, the authors analyse these preparations and the terrifying consequences of a military invasion of Iraq. *The Terrorists of Iraq* Malcolm W. Nance, 2014-12-18 The Terrorists of Iraq: Inside the Strategy and Tactics of the Iraq Insurgency 2003-2014. Second Edition is a highly detailed and exhaustive history and analysis of terror groups that both formed the Iraq insurgency and led to the rise of the Islamic State of Iraq and Syria (ISIS). It places heavy emphasis on the history, organization and personal

Genocidal Nightmares Abdelwahab El-Affendi, 2016-07-28 This book offers a novel and productive explanation of why ordinary people can be moved to engage in destructive mass violence or terrorism and the abuse of rights often in large numbers and in unexpected ways. Its argument is that narratives of insecurity, powerful horror stories people tell and believe about their world, and others can easily make extreme acts appear acceptable, even necessary and heroic. As in action or horror movies, the script dictates how the hero acts. The book provides theoretical justifications for this analysis, building on earlier studies but going beyond them in what amounts to a breakthrough in mapping the context of mass violence. It backs its argument with a large number of case studies covering four continents, written by prominent scholars from the relevant countries or with deep knowledge of them. A substantial introduction by the UN's Special Advisor on the Prevention of Genocide demonstrates the policy relevance of this path-breaking work.

U.S.A. and the New Middle East Eddie J. Girdner, 2008 This book argues the pretext the US launched a colonialist war on false pretext, which was certain to fail. The officials who launched the invasion are war criminals responsible for the death of nearly a million Iraqis, more than 4,000 US soldiers, and the wounding of hundreds of thousands more. Justly, the US owes Iraq hundreds of billions of dollars in war reparations. The US invasion has vastly increased global terrorism, collapsed the dollar, and the US economy, and endangered peace both in the Middle East and around the world.

The New Rulers of the World John Pilger, 2016-03-22 John Pilger is one of the world's renowned investigative journalists and documentary filmmakers. In this classic book, with an updated introduction, he reveals the secrets and illusions of modern

imperialism Beginning with Indonesia he shows how General Suharto's bloody seizure of power in the 1960s was part of a western design to impose a global economy on Asia A million Indonesians died as the price for being the World Bank's model pupil In a shocking chapter on Iraq he delineates the true nature of the West's war against the people of that country And he dissects piece by piece the propaganda of the war on terror to expose its Orwellian truth Finally he looks behind the picture postcard image of his homeland Australia to illuminate an enduring legacy of imperialism the subjugation of the First Australians

Conflicts in the Persian Gulf H. Askari, 2013-11-07 This book analyzes the origins of conflicts and wars in the Persian Gulf assesses the common factors that have been their essential fuel determines their fallout for the political economic and human development of the region and provides insight into how they may be better contained

Evaluating the Effectiveness of International Refugee Law M.R. Alborzi, 2006-08-01 The legal instruments on which refugees can rely to secure international protection are the 1951 Convention Relating to the Status of Refugees and its 1967 Protocol Supported by soft laws which were developed by the international community during the past decades they form the protection regime for refugees which is set to respond to all refugee situations This book is an evaluation of the international response to a major protracted humanitarian situation As such it is the first comprehensive account and assessment of the effectiveness of international law in dealing with Iraqi refugees during the regime of Saddam Hussein It contains detailed information and analysis of the history and behaviour of Iraq and its neighbouring states as regards refugees as well as of the operations of international organizations both inter governmental and non governmental and legal responses to humanitarian needs The factual context in which the legal analysis is presented grounds the legal theory

Iraq Andrew J. Flibbert, 2023-03-20 Addressing major political developments in Iraq over the past century this book provides an up to date and accessible study of the country advancing a sympathetic yet balanced understanding of its critical role in the Middle East and North Africa MENA region and in global affairs The author introduces three concepts to aid in understanding Iraq's historical trajectory the pursuit of power the impact of state institutions and the transformation of social identities Using this analytical approach the book illuminates the unique political economic and social dimensions of Iraqi national life In addition to providing comparisons with several MENA countries and the Arab states the book evaluates Iraqi relations with external actors including the United States the European powers China and Russia Though conscious of Iraq's long and complex history special attention is paid to contemporary events ranging from Saddam Hussein's invasion of Kuwait in 1990 to the American led invasion in 2003 and more recent struggles with elections the Islamic State and democracy It is nevertheless argued that despite its challenges Iraq's story remains hopeful moving forward in time Both wide ranging and closely focused the book is vital reading for students scholars and general audiences interested in Iraqi politics international relations and political economy

Clinton's Foreign Policy John Dumbrell, 2009-04-02 This volume is a detailed account of President Clinton's foreign policy during 1992-2000 covering the main substantive issues of his administration including Iraq Bosnia

and Kosovo The book emphasizes Clinton's adaptation of the elder Bush's New World Order outlook and his relationship to the younger Bush's Americanistic foreign policy In doing so it discusses in detail such key policy areas as foreign economic policy humanitarian interventionism policy towards Russia and China and towards European and other allies defence priorities international terrorism and peacemaking Overall the author judges that Clinton managed to develop an American foreign policy approach that was appropriate for the domestic and international conditions of the post Cold War era This book will be of great interest to students of Clinton's administration US foreign policy international security and IR in general John Dumbrell is Professor of Government at Durham University He specialises in the study of US foreign policy

Kurdistan: The Quest for Representation and Self-Determination Mr Lungthuiyang Riamei, 2017-08-15 Kurdistan the name given to the Kurds historical homeland is a landlocked region that lies at the crossroads of Turkey Syria Iraq and Iran After the fall of Ottoman Empire the Kurdish people were promised independence by the treaty of Sevres in 1920 The Kurds are known as a nation without borders and consider as a stateless people Aftermath of the Arab Spring in 2010 Kurdistan has witnessed an increase in nationalism and a shift in geo politics The book examines the various models which could be acceptable solution to the Kurdish problem in West Asian region It also evaluates the role of the Kurdish diaspora placing Kurdish issue in the international forum The Kurdish Peshmerga and YPG militia maintains one of the strongest forces confronting against the ISIS in West Asian region

Saddam Hubein An American Obsebion Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such could be the essence of the book **Saddam Hubein An American Obsebion**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
