The Most Exclusive Club Lewis L. Gould, 2009-04-20

The Senate was originally conceived by the Founding Fathers as an anti-democratic counterweight to the more volatile House of Representatives, but in the twentieth century it has often acted as an impediment to needed reforms. A hundred years ago, senators were still chosen by state legislatures rather than by direct elections. Now, in the wake of the 2004 elections and the consolidation of Republican control, the Senate is likely to become a crucible of power shifts that will have enormous impact on American politics in the twenty-first century. In *The Most Exclusive Club*, acclaimed political historian Lewis Gould puts the debates about the Senate's future into the context of its history from the Progressive Era to the war in Iraq. From charges of corruption to the occasional attempt at reform, Gould highlights the major players, issues, and debates, including the League of Nations, the McCarthy hearings, and the Iran Contra affair that have shaped the institution. Beyond the usual outsized figures such as Lyndon Johnson, Strom Thurmond, and Barry Goldwater, Gould also tells the story of the lesser-known Senate leaders who have played a vital role in America's upper house. Filled with colorful anecdotes, this is a long-awaited history of one of the most powerful political bodies in the world, written by a master. Gould's sweeping narrative combines deft storytelling with a fresh look at the crucible of contemporary political debate and decision making.

The Women's Joint Congressional Committee and the Politics of Maternalism, 1920-30 Jan

Wilson, 2010-10-01

The rise and fall of a feminist reform powerhouse: Jan Doolittle Wilson offers the first comprehensive history of the umbrella organization founded by former suffrage leaders in order to coordinate activities around women's reform. Encompassing nearly every major national women's organization of its time, the Women's Joint Congressional Committee (WJCC) evolved into a powerful lobbying force for the legislative agendas of more than twelve million women. Critics and supporters alike came to recognize it as the most powerful lobby in Washington. Examining the WJCC's most consequential and contentious campaigns, Wilson traces how the group's strategies, rhetoric, and success generated congressional and grassroots support for their far-reaching progressive reforms. But the committee's early achievements sparked a reaction by big business that challenged and ultimately limited the programs these women envisioned. Using the WJCC as a lens, Wilson analyzes women's political culture during the 1920s. She also sheds new light on the initially successful ways women lobbied for social legislation, the limitations of that process for pursuing class-based reforms, and the enormous difficulties the women soon faced in trying to expand public responsibility for social welfare.
