Sense of Discovery Nancy Roberts,1969 Nancy Lee meets a stranger in buckskins who introduces her to the many things nature offers on a particular mountain      The Handbook of Visual Culture Ian Heywood,Barry Sandywell,2017-04-20 Visual culture has become one of the most dynamic fields of scholarship a reflection of how the study of human culture increasingly requires distinctively visual ways of thinking and methods of analysis Bringing together leading international scholars to assess all aspects of visual culture the Handbook aims to provide a comprehensive and authoritative overview of the subject The Handbook embraces the extraordinary range of disciplines which now engage in the study of the visual film and photography television fashion visual arts digital media geography philosophy architecture material culture sociology cultural studies and art history Throughout the Handbook is responsive to the cross disciplinary nature of many of the key questions raised in visual culture around digitization globalization cyberculture surveillance spectacle and the role of art The Handbook guides readers new to the area as well as experienced researchers into the topics issues and questions that have emerged in the study of visual culture since the start of the new millennium conveying the boldness excitement and vitality of the subject      **Skiing** ,1970-10      **Many-storied Mountains** ,1978      **Her Mountain Man** Cindi Myers,2010-06-01 Ordinarily Sierra Winston wouldn't be anywhere near a mountain let alone a guy like Paul Teasdale who climbs as a career This city girl knows the downside of the adventurous lifestyle all too well Yet she's agreed to write an article about Paul so here she is hiking in the wild not her idea of fun Still somewhere between hello and their third interview Sierra falls for Paul's charm But when she won't relocate and there are no mountains to climb in New York City they have no future Tell that to the images that keep popping into her head images of them together forever      **Mountain Heroes** Huw Lewis-Jones,2011-11-22 A fascinating view of the personalities that make up the world of mountaineering from world famous explorers to native sherpas      **Of Men and Mountains** William O. Douglas,2013-04-16 William O Douglas was one of that rare mix of man that helped define America a judge of the supreme court and also a lifelong outdoorsman This is his story in his words and conveys the joy he felt for the wild untouched vastness of the great forests and the high snow capped peaks which he pitted himself against Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork      Verb Sense Discovery in Mandarin Chinese—A Corpus based Knowledge-Intensive Approach Jia-Fei Hong,2014-09-29 This book applies linguistic analysis to the poetry of Emeritus Professor Edwin Thumboo a Singaporean poet and leading figure in Commonwealth literature The work explores how the poet combines grammar and metaphor to create meaning making the reader aware of the linguistic resources developed by Thumboo as the basis for his unique technique The author approaches the poems from a functional linguistic perspective investigating the multiple layers of meaning and metaphor that go into producing these highly textured grammatically

intricate verbal works of art The approach is based on the Systemic Functional Theory which aids the study of how the poet uses language grammar to craft his text in a playful way that reflects a love of the language The multilingual and multicultural experiences of the poet are considered to have contributed to his uniquely creative use of language This work demonstrates how the Systemic Functional Theory with its emphasis on exploring the semogenic meaning making power of language provides the perspective we need to better understand poets works as intentional acts of meaning Readers will discover how the works of Edwin Thumboo illustrate well a point made by Barthes who noted that Bits of code formulae rhythmic models fragments of social languages etc pass into the text and are redistributed within it for there is always language before and around the text With a focus on meaning this functional analysis of poetry offers an insightful look at the linguistic basis of Edwin Thumboo s poetic technique The work will appeal to scholars with an interest in linguistic analysis and poetry from the Commonwealth and new literature and it can also be used to support courses on literary stylistics or text linguistics
