**Life in Five Senses** Gretchen Rubin, 2024-04-30 NEW YORK TIMES BESTSELLER The author of *The Happiness Project* discovers a surprising path to a life of more energy, creativity, luck, and love by tuning in to the five senses. *Life in Five Senses* invites us into the seismic shift toward a life grounded in sensation, vitality, and innate intelligence.

GLENNON DOYLE author of *Untamed* An inspiring and practical guide to living in the moment.

SUSAN CAIN author of *Bittersweet* and *Quiet* For more than a decade, Gretchen Rubin had been studying happiness and human nature. Then one day, a visit to her eye doctor made her realize that she'd been overlooking a key element of happiness: her five senses. She'd spent so much time stuck in her head that she'd allowed the vital sensations of life to slip away unnoticed. This epiphany lifted her from a state of foggy preoccupation into a world invigorated by seeing, hearing, smelling, tasting, and touching. In this journey of self-experimentation, Rubin explores the mysteries and joys of the five senses as a path to a happier, more mindful life. Drawing on cutting-edge science, philosophy, literature, and her own efforts to practice what she learns, she investigates the profound power of tuning in to the physical world. From the simple pleasures of appreciating the magic of ketchup and adding favorite songs to a playlist to more adventurous efforts like creating a daily ritual of visiting the Metropolitan Museum of Art and attending a flavor university, Rubin shows us how to experience each day with depth, delight, and connection. In the rush of daily life, she finds our five senses offer us immediate, sustainable ways to cheer up, calm down, and engage the world around us, as well as ways to glimpse the soul and touch the transcendent. *Life in Five Senses* is an absorbing, layered story of discovery filled with profound insights and practical suggestions about how to heighten our senses and use our powers of perception to live fuller, richer lives and ultimately how to move through the world with more vitality and love.

**The Spiritual Senses** Paul L. Gavrilyuk, Sarah Coakley, 2011-11-10 Is it possible to see, hear, touch, smell, and taste God? How do we understand the biblical promise that the pure in heart will see God? Christian thinkers as diverse as Origen of Alexandria, Bonaventure, Jonathan Edwards, and Hans Urs von Balthasar have all approached these questions in distinctive ways by appealing to the concept of the spiritual senses. In focusing on the Christian tradition of the spiritual senses, this book discusses how these senses relate to the physical senses and the body and analyzes their relationship to mind, heart, emotions, will, desire, and judgement. The contributors illuminate the different ways in which classic Christian authors have treated this topic and indicate the epistemological and spiritual import of these understandings. The concept of the spiritual senses is thereby importantly recovered for contemporary theological anthropology and philosophy of religion.

Phenomenology and the Metaphysics of Sight Antonio Cimino, Pavlos Kontos, 2015-07-28 The articles in *Phenomenology and the Metaphysics of Sight* explore the uses and resonances of the paradigm of sight across the phenomenological tradition, with particular reference to the works of Husserl, Heidegger, and

Merleau Ponty The axes of this investigation are the phenomenological readings of the notion of sight in ancient Greek philosophy the ways in which phenomenology leads us beyond the primacy of sight and the rivalry between the paradigm of sight and those of touch and hearing The aim of this collection is to demonstrate that the use of the paradigm of sight pervades phenomenology and partially explains both the development of its self criticism and its view on the history of philosophy
