Rekindling Desire 3rd edition fully celebrates female and male sexuality challenges inhibitions and avoidance and promotes satisfying secure and sexual relationships Whether you are married cohabitating or dating it will help renew sexual desire and empower people of all sexual orientations and ages on the path towards healthy pleasure oriented sexuality When Your Sex Drives Don't Match Sandra Pertot,2007-02-26 What libido type are you People have different sexual tastes and preferences which according to Dr Sandra Pertot can be traced to 10 basic libido types each with a unique set of feelings desires and expressions By learning to recognize them couples can better understand and work through their sexual conflicts A complete guide to a mutually satisfying sexual relationship Once couples have identified their libido types Pertot offers useful ways to manage sexual incompatibilities and in most cases achieve a mutually satisfying sex life Her clear advice emphasizes a combination of increased communication understanding of differences and building upon previously established aspects of the relationship Authoritative information based on more than thirty years of clinical expertise Pertot was compelled to write this book because in over thirty years of experience counseling couples she s found that mismatched libidos is one of the most common issues with which couples struggle She s learned to recognize that most sexual problems are not the result of complicated psychological or relationship issues but rather have completely sensible causes that can be identified and worked out The Future of Marriage (Easyread Large Edition) David Blankenhorn,2010 With precision and passion David Blankenhorn offers a bold new argument in the debate over same sex marriage that it would essentially deny all children not just the children of same sex couples their birthright to their own mother and father If we change marriage we change parenthood for all families Altering marriage to accommodate same sex couples would mean weakening in culture and eliminating in law the idea that children need both their mother and their father The Future of Marriage analyzes recent survey data from 35 countries offering the first scientific evidence that support for marriage is weakest in those nations where support for gay marriage is strongest Blankenhorn explains how same sex marriage would transform our most pro child social institution into a purely private relationship an expression of love between adults defined by each couple as they wish Changing marriage laws to include same sex couples he argues would require us to deinstitutionalize marriage amputating from the institution one after another of its core ideas until the institution itself is like a room with all the

furniture removed and everything stripped from the walls For Blankenhorn the main question concerning the future of marriage in the United States is not whether we will adopt gay marriage The main question is whether the social institution of marriage will become stronger or weaker If we wish to strengthen marriage on behalf of children there is no shortage of ideas for doing so What matters is whether we as a society regard this as a worthy and urgent goal Creativity and the Erotic Dimensions of the Analytic Field Dianne Elise,2019-06-11 Creativity and the Erotic Dimensions of the Analytic Field centers on the mutually reinforcing relationship between erotic and creative energies Erotic embodiment is given context within a contemporary model of clinical process based in analytic field theory and highlighting Winnicott Dianne Elise uses clinical material to bring theory alive giving clinicians an explicit picture of how they might utilize the ideas presented In a fascinating return to Freud s emphasis on libido and Eros a creative mind is seen as located within a libidinal connection to the erotic body The erotic is underscored as an important ingredient of the clinical situation a lively spontaneity that partakes of the analyst s as well as the patient s creative self vitalizing the field of clinical engagement A full formulation of the analytic field must include awareness of the centrality of the erotic in the maternal matrix in ongoing development and in the clinical setting The erotic aesthetic dimension of the mind potentiates the creative interplay of the analytic process Written in an engaging and accessible style this original contribution makes complex theory available to psychoanalytic clinicians at all levels and to a wide range of readers while offering sophisticated theoretical and clinical innovations Elise addresses the need to engage multiple aspects of erotic life while maintaining a reliable professional boundary Planet of the Dates , Thriving Alan M. Dahms,1980 Uncoupling Convention Ann D'Ercole,Jack Drescher,2013-06-17 What does it mean to be member of a gay lesbian couple or family The contributors to Uncoupling Convention Psychoanalytic Approaches to Same Sex Couples and Families address this question by drawing on two cultural movements of the twentieth century psychoanalysis and the gay lesbian civil rights movement Taken together these traditions provide a framework for understanding and providing psychotherapeutic assistance to gay and lesbian patients who present with troubled relationships The contributors to this volume espouse a clinical focus that supplants the heterosexual perspectives of traditional psychoanalysis with new narratives about family life Drawing on cultural feminist gay lesbian and queer studies they illustrate how concepts of gender and sexuality are routinely informed by unproven heterosexist assumptions both conscious and unconscious By examining the changing developmental needs and family dynamics of gay and lesbian families the contributors broaden our very understanding of what a family is They illustrate how contrasting cultural constructions of homosexuality and family life play out in same sex couples They delineate the multiple realities of gender subjectivity both in children and in their gay parents They ponder how technology is shaping reproductive experiences as lesbians become part of the biomedical system And they explore recurrent themes of feeling different and ashamed including the shameful secrecy surrounding same sex couples financial matters In uncoupling conventions the contributors are effectively coupling post

Freudian psychoanalysis with the insights of queer theory and the critical edge of contemporary cultural studies The result is a framework for addressing the relational and family related challenges of gay and lesbian patients that ranges far beyond traditional approaches and will benefit analytic couples and family therapists alike Creating Marketing Magic and Innovative Future Marketing Trends Maximilian Stieler, 2017-01-06 This volume includes the full proceedings from the 2016 Academy of Marketing Science AMS Annual Conference held in Orlando Florida entitled Creating Marketing Magic and Innovative Future Marketing Trends The marketing environment continues to be dynamic As a result researchers need to adapt to the ever changing scene Several macro level factors continue to play influential roles in changing consumer lifestyles and business practices Key factors among these include the increasing use of technology and automation while juxtaposed by nostalgia and back to the roots marketing trends At the same time though as marketing scholars we are able to access emerging technology with greater ease to undertake more rigorous research practices The papers presented in this volume aim to address these issues by providing the most current research from various areas of marketing research such as consumer behavior marketing strategy marketing theory services marketing advertising branding and many more Founded in 1971 the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory research and practice Among its services to members and the community at large the Academy offers conferences congresses and symposia that attract delegates from around the world Presentations from these events are published in this Proceedings series which offers a comprehensive archive of volumes reflecting the evolution of the field Volumes deliver cutting edge research and insights complementing the Academy's flagship journals the Journal of the Academy of Marketing Science JAMS and AMS Review Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science **Women's Conflicts About Eating and Sexuality** Ellen Cole, Esther D Rothblum, Lillie Weiss, Rosalyn Meadow, 2014-06-03 Women's Conflicts About Eating and Sexuality explores the strong relationships food and sex have represented to women over the years No other book has spelled out so clearly the parallels between sex and eating nor integrated the relationship of these to women's basic need to be loved Today's dilemma for women be fat or go hungry and the endless variations and unsatisfying solutions to this problem have contributed to the incidence of anorexia bulimia and obesity The pursuit of slimness the obsession with having the perfect body excessive aerobicizing and diet books ad nauseam are all part of this phenomenon Authors in Women's Conflicts About Eating and Sexuality skillfully discuss the parallel between women's obsession with sex and romance in the fifties and their obsession with food today An important book for all women it sheds light on the complex issues facing women and devotes special attention to the career woman and the additional pressures to be slim and stay slim The woman who reads this potentially life changing book can examine question and change her behavior using the specific step by step program aid included in the book This book is for every woman who has ever worried about being too fat or too sexual Women's Conflicts

About Eating and Sexuality will appeal to women of all ages young women and their mothers will be fascinated by the parallels between sexual obsessions of thirty years ago and the eating obsessions of today This healing book will particularly attract single career women for whom sex and relationships are fraught with complications Counselors and therapists will find this book an excellent resource in their work with helping women It is also a good auxiliary text for courses in Women s Studies focusing on psychology and history of women and the sociology of women and eating disorders **Dirty Red** Tarryn Fisher,2025-02-04 Manipulation Lies Backstabbing Just your typical obsessively toxic love triangle Dear Opportunist You thought you could take him from me but you lost Now that he s mine I ll do anything to keep him Do you doubt me I have everything that was supposed to be yours In case you were wondering he doesn t even think about you anymore I won t let him go ever Dirty Red Leah Smith finally has everything she s ever wanted Except she doesn t Her marriage feels more like a loan than a lifelong commitment and the image she has worked so hard to build is fraying before her eyes With a new role and a past full of secrets Leah must decide how far she is willing to go to keep what she has stolen You know Olivia s side of the story but now it s Leah s turn **The Populist Temptation** Barry Eichengreen,2018-05-03 Populism of the right and left has spread like wildfire throughout the world The impulse reached its apogee in the United States with the election of Trump but it was a force in Europe ever since the Great Recession sent the European economy into a prolonged tailspin In the simplest terms populism is a political ideology that vilifies economic and political elites and instead lionizes the people The people populists of all stripes contend need to retake power from the unaccountable elites who have left them powerless And typically populists distrust of elites shades into a catchall distrust of trained experts because of their perceived distance from and contempt for the people Another signature element of populist movements is faith in a savior who can not only speak directly to the people but also serve as a vessel for the plain people s hopes and dreams Going back to the 1890s a series of such saviors have come and gone in the US alone from William Jennings Bryan to Huey Long to finally Donald Trump In The Populist Temptation the eminent economic historian Barry Eichengreen focuses on the global resurgence of populism today and places it in a deep context Alternating between the present and earlier populist waves from modern history he argues that populists tend to thrive most in the wake of economic downturns when it is easy to convince the masses of elite malfeasance Yet while there is more than a grain of truth that bankers financiers and bought politicians are responsible for the mess populists own solutions tend to be simplistic and economically counterproductive Moreover by arguing that the ordinary people are at the mercy of extra national forces beyond their control international capital immigrants cosmopolitan globalists populists often degenerate into demagoguery and xenophobia There is no one solution to addressing the concerns that populists raise but Eichengreen argues that there is an obvious place to start shoring up and improving the welfare state so that it is better able to act as a buffer for those who suffer most during economic slumps For example America s patchwork welfare state was not well equipped to deal with the economic fallout that attended

globalization and the decline of manufacturing in America and that played no small part in Trump's victory. Lucidly explaining both the appeals and dangers of populism across history, this book is essential reading for anyone seeking to understand not just the populist phenomenon but more generally the lasting political fallout that follows in the wake of major economic crises.
