Federal Sentencing Revision United States. Congress. House. Committee on the Judiciary. Subcommittee on Criminal Justice,1987 **Sentencing Policy and Social Justice** Ralph Henham,2018-02-22 Sentencing Policy and Social Justice argues that the promotion of social justice should become a key objective of sentencing policy advancing the argument that the legitimacy of sentencing ultimately depends upon the strength of the relationship between social morality and penal ideology It sheds light on how shared moral values can influence sentencing policy at a time when relationships of community appear increasingly fragmented arguing that sentencing will be better placed to make a positive contribution to social justice if it becomes more sensitive to the commonly accepted moral boundaries that underpin adherence to the rule of law The need to reflect public opinion in sentencing has received significant attention more recently with renewed interest in jury sentencing stakeholder sentencing and the involvement of community views when regulating policy The author however advocates a different approach combining a new theoretical focus with practical suggestions for reform and arguing that the contribution sentencing can make to social justice necessitates a fundamental change in the way shared values about the advantages of punishment are reflected in penal ideology and sentencing policy Using examples from international comparative and domestic contexts to advance the moral and ethical case for challenging the existing theories of sentencing the book develops the author's previous theoretical ideas and outlines how these changes could be given practical shape within the context of sentencing in England and Wales It assesses the consequences for penal governance due to increased state regulation of discretionary sentencing power and examines the prospects for achieving the kind of moral transformation regarded as necessary to reverse such a move To illustrate these issues each chapter focuses on a particularly problematic area for contemporary sentencing policy namely the sentencing of women the sentencing of irregular migrants sentencing for offences of serious public disorder and sentencing for financial crime *Survey of convening authorities and military justice practitioners ; Public comments, miscellaneous documents, and statistics* United States. Department of Defense. Military Justice Act of 1983 Advisory Commission,1985 [The United States Air Force JAG Law Review](#) ,1972 **Report on the Antitrust Subcommittee (Subcommittee No. 5)** United States. Congress. Stohr,Anthony Walsh,2015-01-06 *Corrections The Essentials* is a comprehensive yet compact version of corrections by two esteemed authors who are experts in the field The text addresses the most important topics in corrections in a shorter and more cost effective format The Second Edition continues to cover the history development and future of corrections as well as provides new coverage of Ethics and the Death Penalty The book's brevity makes it an excellent core textbook that can easily be supplemented with additional reading materials The Future of Imprisonment Michael Tonry,2004-04-08 The imprisonment rate in America has grown by a factor of five since 1972 In that time punishment policies have toughened compassion for prisoners has diminished and prisons have gotten worse a stark contrast to the origins of the prison 200 years ago as a humanitarian reform a substitute for capital and corporal punishment and banishment So what went wrong How can prisons be made simultaneously more effective and more humane Who should be sent there in the first place What should happen to them while they are inside When how and under what conditions should they be released *The Future of Imprisonment* unites some of the leading prisons and penal policy scholars of our time to address these fundamental questions Inspired by the work of Norval Morris the contributors look back to the past twenty five years of penal policy in an effort to look forward to the prison's twenty first century future Their essays examine the effects of current high levels of imprisonment on urban neighborhoods and the people who live in them They reveal how current policies came to be as they are and explain the theories of punishment that guide imprisonment decisions Finally the contributors argue for the strategic importance of controls on punishment including imprisonment as a limit on government power chart the rise and fall of efforts to improve conditions inside analyze the theory and practice of prison release and evaluate the tricky science of predicting and preventing recidivism A definitive guide to imprisonment policies for the future this volume convincingly demonstrates how we can prevent crime more effectively at lower economic and human cost **Conservative Government Penal Policy 2015-2021** Christopher David Skinns,2022-07-28 This book interrogates Conservative government penal policy for adult and young adult offenders in England and Wales between 2015 and 2021 Government penal policy is shown to have been often ineffective and costly and to have revived efforts to push the system towards a disastrous combination of austerity outsourcing and punishment that has exacerbated the penal crisis This investigation has meant touching on topical debates dealing with the impact of resource scarcity on offenders experiences of the penal system the impact of an increasing emphasis on punishment on offenders sense of justice and fairness the balance struck between infection control and offender welfare during the government handling of the SARS CoV 2 pandemic and why successive Conservative governments have intransigently pursued a penal policy that has proved crisis exacerbating The overall conclusion reached is that penal policy is too important to be left to governments alone and needs to be recalibrated

by a one off inquiry complemented by an on going advisory body capable of requiring governments to explain or change The book is distinctive in that it provides a critical review of penal policy change whilst combining this with insights derived from the sociological analysis of penal trends *The Prosecutor in Transnational Perspective* Erik Luna, Marianne Wade, 2012-09-27 In this book Erik Luna and Marianne Wade examine the considerable powers of the American prosecutor and look abroad in order to learn valuable lessons from a transnational examination of prosecutorial authority They explore parallels and distinctions in the processes available to and decisions made by prosecutors in the United States and Europe Through the varied topics covered by the contributors on both sides of the Atlantic they demonstrate how the enhanced role of the prosecutor represents a crossroads for criminal justice with weighty legal and socio economic consequences

Lacey, Wells and Quick Reconstructing Criminal Law Celia Wells, Oliver Quick, 2010-05-27 This truly groundbreaking textbook explores traditional and broader fields of criminal law and justice to give a full perspective on the subject **Federal Probation**, 1987 **The Military Justice Act of 1982** United States. Congress. Senate. Committee on Armed Services. Subcommittee on Manpower and Personnel, 1983 *New Directions in Judicial Politics* Kevin T. McGuire, 2012-03-15 With its often vague legal concepts and institutions that operate according to unfamiliar procedures judicial decision making is in many respects a highly enigmatic process *New Directions in Judicial Politics* seeks to demystify the courts offering readers the insights of empirical research to address questions that are of genuine interest to students In addition to presenting a set of conclusions about the way in which courts operate this book also models the craft of political research illustrating how one can account for a variety of factors that might affect the courts and how they operate The renowned scholars and teachers in this volume invite critical thinking not only about the substance of law and courts in America but also about the ways in which we study judicial politics **The Changing Role of the American Prosecutor** John L. Worrall, M. Elaine Nugent-Borakove, 2008-10-02 Leading prosecution researchers throughout the United States are brought together in this book to illuminate the new environment of prosecution in America the prosecution of troubling and emerging crime problems prosecutorial problemsolving and community prosecution and the future of prosecution in the twenty first century The contributors explore how American prosecutors are moving away from a traditional reactive approach to the crime problem and instead how they are developing creative problem solving strategies for dealing with crime and disorder Book jacket *9th Circuit Update*, 1991
