Натаниель Готорн, 2021-12-02 **Septimius Felton (Annotated)** Nathaniel Hawthorne, 2016-03-31 One of Nathaniel Hawthorne's later works Septimius Felton is a beguiling and thought provoking tale of murder most foul One of a series of the author's works that grapple with themes of immortality Septimius Felton was written shortly before Hawthorne himself succumbed to a mysterious illness a fact that lends a dimension of profound poignancy to the story *Septimius Felton* Nathaniel Hawthorne, 2015-06-30 Excerpt from Septimius Felton Or the Elixir of Life Stretched with one or two breaks and interruptions into the heart of the village of Concord the county town It was in the side of this hill that according to tradition the first settlers of the village had burrowed in caverns which they had dug out for their shelter like swallows and woodchucks As its slope was towards the south and its ridge and crowning woods defended them from the northern blasts and snow drifts it was an admirable situation for the fierce New England winter and the temperature was milder by several degrees along this hillside than on the unprotected plains or by the river or in any other part of Concord So that here during the hundred years that had elapsed since the first settlement of the place dwellings had successively risen close to the hill's foot and the meadow that lay on the other side of the road a fertile tract had been cultivated and these three young people were the children's children's children of persons of respectability who had dwelt there Rose Garfield in a small house the site of which is still indicated by the cavity of a cellar in which I this very past summer planted some sunflowers to thrust their great disks out from the hollow and allure the bee and the humming bird Robert Hagburn in a house of some what more pretension a hundred yards or so nearer to the village standing back from the road in the broader space which the retreating hill cloven by a gap in that place afforded where some elms intervened between it and the road offering a site which some person of a natural taste for the gently picturesque had seized upon About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Septimius Felton; or, the elixir of life (1876) Nathaniel Hawthorne, 1876 Septimius Felton, or, the Elixir of Life Nathaniel Hawthorne, 2019-11-29 In Septimius Felton or the Elixir of Life Nathaniel Hawthorne explores themes of ambition morality and the human condition through the lens of science and the supernatural Set in the 17th century this novel intricately weaves a narrative centered around the quest for an elixir that grants eternal life Hawthorne's quintessentially romantic style characterized by rich symbolism and psychological depth invites readers into a world where the boundaries between obsession and enlightenment blur echoing the era's fascination with alchemy and the transcendental Through the struggles of the protagonist Septimius Felton Hawthorne reflects on the implications of his desires and the paradox of seeking

immortality in a transient world Nathaniel Hawthorne an American novelist and short story writer is renowned for his explorations of moral complexity and the darker sides of human nature His Puritan heritage profoundly influenced his literary perspective instilling a sense of introspection and philosophical inquiry Septimius Felton was penned during a period of experimentation for Hawthorne as he grappled with the intersection of science and morality culminating in this lesser known yet compelling narrative This novel is a thought provoking read that will captivate those interested in the moral dilemmas surrounding scientific ambition and the human longing for immortality Hawthorne s unique prose and insightful characters make it a must read for both enthusiasts of American literature and anyone curious about the timeless quest for meaning in life **Our Old Home** Nathaniel Hawthorne,1881 **The Elixir of Life Manuscripts** Nathaniel

Hawthorne,1977 Septimius Felton During the Revolutionary War Septimius Felton a scholar who seeks a method of attaining earthly immortality kills a British officer who has insulted his fianc e On the hillside where he has buried the officer he meets Sybil Dacy a strange unearthly creature who is looking for a flower she expects to grow from the grave Before he died the officer gave Septimius an old manuscript containing the formula for an elixir of life requiring the juice of the flower Sybil seeks Septimius Felton Nathaniel Hawthorne,2021-04-17 Now here were these young people on that beautiful spring morning sitting on the hill side a pleasant spectacle of fresh life pleasant as if they had sprouted like green things under the influence of the warm sun The girl was very pretty a little freckled a little tanned but with a face that glimmered and gleamed with quick and cheerful expressions a slender form not very large with a quick grace in its movements sunny hair that had a tendency to curl which she probably favored at such moments as her household occupation left her a sociable and pleasant child as both of the young men evidently thought Robert Hagburn one might suppose would have been the most to her taste a ruddy burly young fellow handsome and free of manner six feet high famous through the neighborhood for strength and athletic skill the early promise of what was to be a man fit for all offices of active rural life and to be in mature age the selectman the deacon the representative the colonel As for Septimius let him alone a moment or two and then they would see him with his head bent down brooding brooding his eyes fixed on some chip some stone some common plant any commonest thing as if it were the clew and index to some mystery and when by chance startled out of these meditations he lifted his eyes there would be a kind of perplexity a dissatisfied foiled look in them as if of his speculations he found no end Such was now the case while Robert and the girl were running on with a gay talk about a serious subject so that gay as it was it was interspersed with little thrills of fear on the girl s part of excitement on Robert s Their talk was of public trouble
