Ministerio series (AETH) - Cuidado Pastoral: Ministerio con Inmigrantes Association for Hispanic Theological Education, 2014-06-10 La experiencia migratoria suscita un sinn mero de situaciones complejas que presentan un reto s bito e inesperado al liderazgo pastoral En su tarea pastoral el l der se enfrenta diariamente con gran n mero de personas que reflejan y le recuerdan su propia condici n as como sus conflictos y dificultades como inmigrante en muchos casos Tal experiencia pude resultar agotadora y emocional y espiritualmente debilitante debido a la identificaci n o sobreidentificaci n con las personas a quienes sirve Este libro explora estas ideas y sus din micas The immigration experience stirs up an endless number of complex situations that present a sudden and unexpected challenge to pastoral leadership In their Hispanic ministerial task every day church leaders are faced people who share their struggles and conflicts particularly immigrants Effectively carrying out this ministry can be exhausting and emotional and spiritually debilitating due to the unique difficulties this ministry faces This book explores ideas and the dynamics of this ministry **Latin America's Contested Pasts in Telenovelas and TV Series** M nika Contreras Saiz, Stefan Rinke, 2024-12-30 In Latin America the

production of telenovelas and TV series about the region's recent and traumatic past has grown considerably in the last 20 years affecting societal perceptions of the past historical consciousness and political culture. While these TV products are usually perceived as trivial they do provide a historical framework to a wide audience which finds it easier to relate to the national past through fiction than through history books, journalistic articles or documentaries. *Latin America's Contested Pasts in Telenovelas and TV Series* analyzes the historical culture of Latin American society embodied in telenovelas and TV series from the 1960s to this day. It compiles regional case studies on the televised representation of 20th century dictatorships in Chile, Argentina and Brazil as well as the war against drug trafficking and the armed conflict in Colombia. Highlighting the political and social relevance of fictional television, the contributions offer interdisciplinary insights into its discourses and narratives from the heroization of criminals to the search for reconciliation and the construction of a historical memory.

In spite of the fact that detective fiction has been the most popular genre utilised by Spanish authors over the last thirty or so years the female detective has appeared in such works on relatively rare occasions.
