Serbian Legacy:

Serbian Legacy Cecil Stewart, 1960 Presentation of the art and architecture of Serbia relating especially to history society and Moslem influence The Legacy of Serbia's Great War Alex Tomić, 2024-01-05 In the winter of 1915 following the invasion of Serbia by the Central Powers the Serbian Army retreated across the mountains of Albania and Montenegro together with thousands of civilians Around 240 000 lost their lives Today the story of the retreat is little known except in Serbia where it represents the heroic Serbian sacrifice in the Great War In this book Alex Tomic examines the centenary events memorializing the First World War with the retreat at its core and provides a persuasive account of the ways in which the remembrance of Serbian history has been manipulated for political purposes Whether through commemorations ceremonies or grass root initiatives she demonstrates how these have been used as distractions from the more recent unexamined past and in doing so provides an important new perspective on the cultural history of commemoration

National-Socialist Archaeology in Europe and its Legacies Martijn Eickhoff, Daniel Modl, Katie Meheux, Erwin Nuijten, 2023-08-14 This edited volume is dedicated to national socialist archaeology as a Europe wide phenomenon It analyses national socialist attempts to denationalize the archaeologies of European nations by creating a new unifying European archaeology on a racial basis From the beginning of the nineteenth century archaeology began to develop into an important force behind processes of nation building At the same time structures of transnational academic collaboration contributed strongly to the internal dynamics of the research field which was primarily organized on a national basis In those European countries that were confronted with national socialist occupation and repression between 1939 and 1945 these transnational archaeological networks were to prove crucial for the development of national socialist archaeological policies This volume will reveal how national socialist archaeology was to an extent valued positively in its time as highly innovative even influencing the archaeology of non occupied countries Although in the final instance it generally failed to displace the national archaeologies in Europe the volume also analyses the long term impact of national socialist rule on the development of European archaeology How did the attempts to create a unified European archaeology after 1945 continue to influence networks methods and terminologies institutional structures or popular representations of the early past **Serbia's**

Transforming Heritage in the Former Yugoslavia Gruia Bădescu, Britt Baillie, Francesco Mazzucchelli, 2021-08-11 Heritage became a target during the Yugoslav Wars as part of ethnic cleansing and urbicide Out of the ashes of war pasts were remodelled places took on new layers of meaning and a wave of new memorialization took hold Three decades since the

fall of Vukovar and the end of the siege of Sarajevo and more than a decade since Kosovo's Declaration of Independence conflict has shifted from armed confrontations to battles about the past The former Yugoslavia has been described on the one hand as a bastion of plurality and multiculturalism and on the other as a territory of antagonism and radical nationalisms echoing imaginaries and narratives relevant to Europe as a whole With Croatia having entered the EU in 2013 and the continuous political contestation in the region wounds in the memory fabric of the former Yugoslavia have once more come to the world's attention Thus there is the question what will happen when the former republics are reunited once more under the EU umbrella itself beset by increasing populisms nationalisms and the looming prospects of territorial fragmentation This collection scrutinizes the role of heritage in conflict time inquires what role the past might have in creating new identities at the local regional national and supra national levels and investigates the dynamics of heritage as a process

Balkan Legacies John Paul Newman, Balázs Apor, 2021-06-15 Balkan Legacies is a study of the aftermath of war and state socialism in the contemporary Balkans The authors look at the inescapable inheritances of the recent past and those that the present has to deal with The book's key theme is the interaction often subliminal of the experiences of war and socialism in contemporary society in the region Fifteen contributors approach this topic from a range of disciplinary backgrounds and through a variety of interpretive lenses collectively drawing a composite picture of the most enduring legacies of conflict and ideological transition in the region without neglecting national and local peculiarities The guiding questions addressed are what is the relationship between memories of war dictatorship communist or fascist and present day identity especially from the perspective of peripheral and minority groups and individuals How did these components interact with each other to produce the political and social culture of the Balkan Peninsula today The answers show the ways in which the experiences of the latter part of the twentieth century have defined and shaped the region in the twenty first century

Sacralizing the Nation through Remembrance of Medieval Religious Figures in Serbia, Bulgaria and Macedonia Stefan Rohdewald, 2022-05-20 Religious figures of remembrance served to consolidate first dynastic rule and later nation state legitimacy and community This book explains the interweaving of Eastern Roman medieval Serbian and Bulgarian contexts as well as Ottoman and Western European national discourses or reinvented traditions We can distinguish a secularization

and nationalization of the religious contexts in the 19th century within historicism followed by a nationalization of God and a sacralization of the nation until the end of WWII Contrary to the national views the origins of the modern content of these discourses lie only to a very limited extent in the Middle Ages or in the Early Modern period as this study shows Please note this is volume 2 of a 2 volume set [Click here to see volume 1](#) [The Serbian Folk Epic](#) Krstivoj Kotur,2022-02-22 This scholarly study explores the moral and religious philosophy of Serbian folk poetry and makes its literary treasures available to English speakers This thorough and well documented study examines the theology and anthropology of the Serbian folk epic The book opens a new field in Slavic folklore and offers scholars material previously unavailable in English The work also sheds light on the soul of Serbian national culture A scholar of Eastern European culture and history Krstivoj Kotur investigates a number of fascinating topics including conceptions of God man s relationship to culture and civilization the transcendentalism of Serbian folk poets the deep ontological cosmic and theurgic character of the heroes of the Serbian folk epic and many others

The Foreign Policy of Serbia (1844-1867): Ilija Garašanin's Načertanije Dušan T. Bataković,2014 Contemporary analysis of Serbia s foreign policy in the middle of the nineteenth century has remained in a deep shadow of the Na ertanije a document conceived in 1844 in Belgrade as a result of collaboration between Serbia s interior minister Ilija Gara anin and F A Zach the representative of the Polish political emigration from Paris led by Prince A Czartoryski in the capital of the autonomous Principality of Serbia Prince Czartoryski author of Councils for Serbia s foreign policy in 1843 considered Serbia the sole semi independent state among Slavs in South Eastern Europe a nucleus of a wider Serbia led South Slav state that might endorse an anti Russian and anti Austrian policy as a support for his wider plans regarding the restoration of independent Poland The over ambitious pan Slav project of F Zach Serbia s Slavic Policy was eventually modified by Gara anin to a more realistic and attainable plan in accordance with Serbia s modest demographic and military potential limited international experience and still humble administrative capacities Planning the unification of the predominantly Serb inhabited lands under Ottoman rule was appropriately adapted to the geopolitical realities of 1844 The foreign policy of Serbia under Gara anin during the rule of the pro Austrian Prince Alexander Karadjordjevi and Gara anin s premiership under Russophile Prince Michael Obrenovi was balancing between various political options that were dominating Europe and the Balkans between the 1848 Revolution and the Crimean War and the first Balkan Alliance Gara anin was continuously prudent and bold in pursuing realistic political ambitions regarding large scale anti Ottoman activities by building a network of confidants and agents throughout Turkey in Europe that was to forment a joint insurrection against the Ottoman rule During its last phase Gara anin s foreign policy gradually evolved into the direction of closer Yugoslav and Balkan cooperation Back cover

Images of Imperial Legacy Tea Sindbaek,Maximilian Hartmuth,2011 There has been a tendency to view the history of the Balkans as essentially determined by historical legacies Whether in scholarly literature or in popular discourse the Ottoman or Habsburg pasts are thought to be accountable for a large variety of phenomena ranging

from democratic culture or the lack thereof and adaptability to a free market economy to nepotism and the filthiness of public facilities By contrast the papers in this volume demonstrate that legacies are not unchanging determinants Instead they are very much open to constant reinterpretations and re assessments depending on conditions in the present they are in short as much shaped by the present as they are by the past Series Studien zur Geschichte Kultur und Gesellschaft Sudosteuropas Vol 10

The politics of heritage regeneration in South-East Europe Bold, John, Cherry, Martin, 2016-05-24 Recent developments in cultural heritage policy and practice in South East Europe Since 2003 the Council of Europe European Commission joint initiative known as the Ljubljana Process rehabilitating our common heritage has set out to unlock the potential of the region s rich immovable cultural heritage working with national authorities to accelerate the development of democratic peaceful and open societies stimulate local economies and improve the quality of life of local communities In 2003 the region was overcoming the effects of the traumatic transition to a market economy Since then it has been hit hard by the economic crisis of 2008 and more recently by an unprecedented migration crisis Despite the challenges facing the region in the field of cultural heritage the present situation can be seen as an opportunity to use the lessons learned from the Ljubljana Process to avoid the traps laid by the cumulative and sometimes inconsistent heritage protection

legislation of the past 60 years overcoming the legacy of the top down approach that privileges the high art canon rather than the local heritage that reflects the culture of everyday life and which often means more to most people The authors suggest that selecting from innovative practice elsewhere could make heritage management smarter so that it more directly meets the needs of modern society and individual citizens This volume reflects the views of international experts involved in the joint initiative and complements earlier studies on the impact of the Ljubljana Process by experts from within the region Heritage for development in South East Europe edited by Gojko Rikolovi and Hristina Miki 2014 and from the London School of Economics and Political Science The wider benefits of investment in cultural heritage Case studies in Bosnia and Herzegovina and Serbia edited by Will Bartlett 2015 **Security, Democracy and War Crimes** J.
