Serenading the Reluctant Eagle Nicholas E. Tawa, 1984 *The Collected Essays of Milton Babbitt* Milton Babbitt, 2012-06-24 Like his compositions Milton Babbitt's writings about music have exerted an extraordinary influence on postwar music and thinking about music In essays and public addresses spanning fifty years Babbitt has grappled profoundly with central questions in the composition and apprehension of music These writings range from personal memoirs and critical reviews to closely reasoned metatheoretical speculations and technical exegesis In the history of music theory there has been only a small handful of figures who have produced work of comparable stature Taken as a whole Babbitt's writings are not only an invaluable testimony to his thinking a priceless primary source for the intellectual and cultural history of the second half of the twentieth century but also a remarkable achievement in their own right Prior to this collection Babbitt's writings were scattered through a wide variety of journals books and magazines many hard to find and some unavailable and often contained typographical errors and editorial corruptions of various kinds This volume of almost fifty pieces gathers corrects and annotates virtually everything of significance that Babbitt has written The result is complete authoritative and fully accessible the definitive source of Babbitt's influential ideas **Ruth Crawford Seeger : A Composer's Search for American Music** Judith Tick Professor of Music Northeastern University, 1997-08-18 Ruth Crawford Seeger 1901 1953 is frequently considered the most significant American female composer in this century Joining Aaron Copland and Henry Cowell as a key member of the 1920s musical avant garde she went on to study with modernist theorist and future husband Charles Seeger writing her masterpiece String Quartet 1931 not long after But her legacy extends far beyond the cutting edge of modern music Collaborating with poet Carl Sandburg on folk song arrangements in the twenties and with the famous folk song collectors John and Alan Lomax in the 1930s she emerged as a central figure in the American folk music revival issuing several important books of transcriptions and arrangements and pioneering the use of American folk songs in children's music education Radicalized by the Depression she spent much of the ensuing two decades working aggressively for social change with her husband and stepson the folksinger Pete Seeger This engrossing new biography emphasizes the choices Crawford Seeger made in her roles as composer activist teacher wife and mother The first woman to win a Guggenheim Foundation Fellowship in music composition Crawford Seeger nearly gave up writing music as the demands of family politics and the folk song movement intervened It was only at the very end of her life with cancer sapping her strength that she returned to composing Written with unique insight and compassion this book offers the definitive treatment of a fascinating twentieth century figure *America's Music, from the Pilgrims to the Present* Gilbert Chase, 1992 A history of American music its diversity and the cultural influences that helped it develop **Horatio Parker, 1863-1919** William Kearns, 1990 During the early 1900s Horatio Parker was one of the best known composers in the United States He received numerous commissions and was a patriarchal figure among America's Protestant church musicians and choral societies his

symphonic works were performed by the leading orchestras of the day and he headed the Yale School of Music for twenty five years Kearns s study is a thorough analysis of the circumstances leading to Parker s popularity in pre World War I America and his neglect thereafter The book includes a detailed narration of the composer s life and an extensive description of his major works Over fifty examples of his music are included as well as a comprehensive listing of works and writings

Music in the Early Twentieth Century Richard Taruskin,2006-08-14 The universally acclaimed and award winning Oxford History of Western Music is the eminent musicologist Richard Taruskin s provocative erudite telling of the story of Western music from its earliest days to the present Each book in this superlative five volume set illuminates through a representative sampling of masterworks the themes styles and currents that give shape and direction to a significant period in the history of Western music *Music in the Early Twentieth Century* the fourth volume in Richard Taruskin s history looks at the first half of the twentieth century from the beginnings of Modernism in the last decade of the nineteenth century right up to the end of World War II Taruskin discusses modernism in Germany and France as reflected in the work of Mahler Strauss Satie and Debussy the modern ballets of Stravinsky the use of twelve tone technique in the years following World War I the music of Charles Ives the influence of peasant songs on Bela Bartok Stravinsky s neo classical phase and the real beginnings of 20th century music the vision of America as seen in the works of such composers as W C Handy George Gershwin and Virgil Thomson and the impact of totalitarianism on the works of a range of musicians from Toscanini to Shostakovich All of This Music Belongs to the Nation Kenneth J. Bindas,2016-08-23 Established in 1935 under the aegis of the Works Progress Administration the Federal Music Project FMP was designed to employ musicians who were hard hit by the economic devastation of the Great Depression All of This Music Belongs to the Nation is the first book length study of the FMP and the many paradoxes and conflicts that marked its four year existence As Kenneth J Bindas points out the FMP leadership was more conservative than that of the sister projects in art theater and writing Its stated aim of raising the taste of musicians and citizens alike created a particular problem Although many unemployed musicians came from the sphere of popular music such as jazz and Tin Pan Alley the FMP chose to emphasize cultured music particularly the orchestral works of composers in the European classical tradition Inevitably this created tension within the project as those musicians deemed popular received second class treatment and in the case of racial and ethnic minorities were segregated and stereotyped Despite these troubles Bindas demonstrates the FMP succeeded in bringing music to millions of listeners across the country

Young, Nancy K. Young, 2010-09-17 More than 150 articles provide a revealing look at one of the most tempestuous decades in recent American history describing the everyday activities of Americans as they dealt first with war and then a difficult transition to peace and prosperity The two volume *World War II and the Postwar Years in America A Historical and Cultural Encyclopedia* contains

over 175 articles describing everyday life on the American home front during World War II and the immediate postwar years. Unlike publications about this period that focus mainly on the big picture of the war and subsequent economic conditions, this encyclopedia drills down to the popular culture of the 1940s, bringing the details of the lives of ordinary men, women, and children alive. The work covers a broad range of everyday activities throughout the 1940s, including movies, radio programming, music, the birth of commercial television, advertising, art, bestsellers, and other equally intriguing topics. The decade was divided almost evenly between war (1940-1945) and peace (1946-1950), and the articles point up the continuities and differences between these two periods. Filled with evocative photographs, this unique encyclopedia will serve as an excellent resource for those seeking an overview of life in the United States during a decade that helped shape the modern world.

The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12. With over 5200 entries, this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War. Including books, articles, and declassified documents up to the end of 1987, the book is organized into six categories. Part 1 presents reference works, including encyclopedias, pictorial accounts, military histories, East Asian histories, and historiographies. Part 2 covers diplomatic and political aspects of the war against Japan. Part 3 contains sources on the economic and legal aspects of the war against Japan. Part 4 presents sources on the military aspects of the war, embracing land, air, and sea forces. Religious aspects of the war are covered in Part 5, and Part 6 deals with the social and cultural aspects, including substantial sections on the treatment of Japanese minorities in the USA, Hawaii, Canada, and Peru.

Monarch of the Flute Nancy Toff, 2005-08-18. Georges Barrère (1876-1944) holds a preeminent place in the history of American flute playing. Best known for two of the landmark works that were written for him, the Poem of Charles Tomlinson Griffes and Density 21.5 by Edgard Varèse, he was the most prominent early exemplar of the Paris Conservatoire tradition in the United States and set a new standard for American woodwind performance. Barrère's story is a musical tale of two cities, and this book uses his life as a window onto musical life in Belle Époque Paris and twentieth-century New York. Recurrent themes are the interactions of composers and performers, the promotion of new music, the management, personnel, and repertoire of symphony orchestras, the economic and social status of the orchestral and solo musician, including the increasing power of musicians' unions, the role of patronage, particularly women patrons, and the growth of chamber music as a professional performance medium. A student of Paul Taffanel at the Paris Conservatoire, by age eighteen Barrère played in the premiere of Debussy's *Prelude to the Afternoon of a Faun*. He went on to become solo flutist of the Concerts Colonne and to found the Société Moderne d'Instruments Vent, a pioneering woodwind ensemble that premiered sixty-one works by forty composers in its first ten years. Invited by Walter Damrosch to become principal flute of the New York Symphony in 1905, he founded the woodwind department at the Institute of Musical Art (later Juilliard). His many ensembles toured the United States, building new audiences for chamber music and promoting French repertoire as well as new American music. Toff narrates Barrère's relationships with the finest musicians.

and artists of his day among them Isadora Duncan Yvette Guilbert Andr Caplet Paul Hindemith Albert Roussel Wallingford Riegger and Henry Brant The appendices of the book which list Barr re s 170 premieres and the 50 works dedicated to him are a resource for a new generation of performers Based on extensive archival research and oral histories in both France and the United States this is the first biography of Barr re Ruth Crawford Seeger Judith Tick,2000-02-10 Ruth Crawford Seeger 1901 1953 is frequently considered the most significant American female composer in this century Joining Aaron Copland and Henry Cowell as a key member of the 1920s musical avant garde she went on to study with modernist theorist and future husband Charles Seeger writing her masterpiece String Quartet 1931 not long after But her legacy extends far beyond the cutting edge of modern music Collaborating with poet Carl Sandburg on folk song arrangements in the twenties and with the famous folk song collectors John and Alan Lomax in the 1930s she emerged as a central figure in the American folk music revival issuing several important books of transcriptions and arrangements and pioneering the use of American folk songs in children s music education Radicalized by the Depression she spent much of the ensuing two decades working aggressively for social change with her husband and stepson the folksinger Pete Seeger This engrossing new biography emphasizes the choices Crawford Seeger made in her roles as composer activist teacher wife and mother The first woman to win a Guggenheim Foundation Fellowship in music composition Crawford Seeger nearly gave up writing music as the demands of family politics and the folk song movement intervened It was only at the very end of her life with cancer sapping her strength that she returned to composing Written with unique insight and compassion this book offers the definitive treatment of a fascinating twentieth century figure **The Oxford Handbook of Music Making and Leisure** Roger Mantie,Gareth Dylan Smith,2017 The Oxford Handbook of Music Making and Leisure presents myriad ways for reconsidering and refocusing attention back on the rich exciting and emotionally charged ways in which people of all ages make time for making music Looking beyond the obvious this handbook asks readers to consider anew What might we see when we think of music making as leisure **Deems Taylor** James A.
