Serial Experiments Lain Navi Layers 14:

The DVD-laser Disc Newsletter, 2000 **Anime, Philosophy and Religion** Kaz Hayashi, William H. U.

Anderson, 2023-10-17 Anime is exploding on the worldwide stage. Anime has been a staple in Japan for decades, strongly connected to manga. So why has anime become a worldwide sensation? A cursory explanation is the explosion of online streaming services specializing in anime like Funimation and Crunchyroll. Even more general streaming services like Netflix and Amazon have gotten in on the game. Anime is exotic to Western eyes and culture. That is one of the reasons anime has gained worldwide popularity. This strange aesthetic draws the audience in only to find it is deeper and more sophisticated than its surface appearance. Japan is an honor and shame culture. Anime provides a platform to discuss universal problems facing human beings. It does so in an amazing variety of ways and subgenres and often with a sense of humor. The themes, characters, stories, plotlines, and development are often complex. This makes anime a deep well of philosophical, metaphysical, and religious ideas for analysis. International scholars are represented in this book. There is a diversity of perspectives on a diversity of anime themes, content, and analysis. It hopes to delve deeper into the complex world of anime and demonstrate why it deserves the respect of scholars and the public alike.
