Serpents Circle:

Crop Circles for Beginners Harry Eilenstein, 2021-06-14 Since about 1985 crop circles have become a more well known phenomenon In the meantime about 10 000 crop circles have appeared in more than 50 countries However well over half of them come from southern England in the area of Stonehenge Woodhenge Silbury Hill White Horse and other prehistoric monuments Some of them can be proved to have been made by humans but others just as certainly have not been made by humans this is not the starting situation one would wish for as a researcher In the present book 300 of these crop circles are examined more closely It turns out that they contain approx 100 elements which appear in many crop circles Their geometrical form has an easily recognizable meaning Therefore with the help of these words the crop circles composed of them can be read like sentences The meaning is almost always the same a representation of how individuality unfolds Therefore there are many similarities with astrology or the chakra system for example This analytical approach is complemented by 50 dream journeys into individual crop circles which makes the picture that arises from the analytical observation of the crop circles even more rounded Thereby a first impression can be gained of the language of the collective subconsciousness which words and which grammar it uses It is a music of geometry **Gnosis** Philip Gardiner, 2006-09-15 An examination of the alluring mysteries surrounding the ancient temple revealing answers to questions that have puzzled generations Solomon s Temple in Jerusalem reputed to be the source of the most esoteric knowledge in human history has fascinated scholars seekers and dreamers for centuries Generations of scholars and researchers have tried in vain to discover the fabled Temple of Solomon only to be confronted by one problem after another All the problems raised by these disparate and often desperate people have now been fully answered and can be revealed to the world Through his own involvement in secret societies and his tenacious spirit Philip Gardiner has unearthed the secrets of the Temple From the Queen of Sheba and the arcane secrets of the Christian Gnostics to the Muslim Sufi and Hindu Avatars Gnosis weaves a tale that is both profound and precise Gardiner declares that the truth of Solomon s Temple has been known all along within the realm of esoteric understanding Only one question remains Is the world ready for the truth Find the true secret of the Knights Templar and the mysteries of the ancients Find the truth for yourself in Gnosis Praise for Gnosis Controversial provocative even profoundly irritating to some Gardiner eruditely challenges us all with this refreshing study from the Garden of Eden into more modern times Dr Karen Ralls medieval historian and author of The Templars and the Grail Gnosis is a refreshing creation of true spiritual teaching as well as being a damn good read Gardiner possesses that rare ability to weave history mythology and spiritual tradition into writing that is both understandable and enjoyable Gnosis will fascinate readers with its complex insights into spirituality Gnostic Communications internet magazine In this remarkable and thought provoking book Gardiner has literally undressed the sacred mystical language of our ancestors and reveals one of the most profound Biblical concepts to be exposed in recent times Ernest Scott author of The People of the Secret *Secret Societies* Philip

Gardiner,2007-06-15 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world s most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code Throughout Secret Societies Gardiner Uncovers an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one

Kelhoffer,2000 The Longer Ending of the Gospel of Mark Mark 16 9 20 was appended to the Gospel of Mark in the first half of the second century James A Kelhoffer explores this passage s distinct witness to the use of gospel traditions and the development of Christian thought Concerning the origin of this passage he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark He studies the passage s sometimes innovative literary forms as well Also of interest is the passage s claim that the ascended Lord will help those who believe to perform miraculous signs casting out demons speaking in new languages picking up snakes drinking poison with impunity and healing the sick when they preach the gospel verses

17 18 20 This expectation is compared with portraits of miracles especially in the context of mission in the New Testament various apocryphal acts and Christian apologists of the second and third centuries In the two final chapters the author interprets the signs of picking up snakes verse 18a and drinking a deadly substance with impunity verse 18b in their history of religions contexts An Epilogue summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16 9 20 **Dream Cycles** Dusty Bunker, 2000-08 Dream Cycles offers a new and exciting approach to dream interpretation The premise is that dreams come from an inner source full of symbolism Using the nine basic cycles in your life you can open your dreams and read them in the full context of the events in your life
