Imitation and Contamination of the Classics in the Comedies of Ben Jonson Tom Harrison, 2022-10-12 This book focuses on the influence of classical authors on Ben Jonson s dramaturgy with particular emphasis on the Greek and Roman playwrights and satirists It illuminates the interdependence of the aspects of Jonson s creative personality by considering how classical performance elements including the Aristophanic Great Idea chorus Terentian Plautine performative strategies and performative elements from literary satire manifest themselves in the structuring and staging of his plays This fascinating exploration contributes to the performative turn in early modern studies by reframing Jonson s classicism as essential to his dramaturgy as well as his erudition The book is also a case study for how the early modern education system s emphasis on imitative contaminative practices prepared its students many of whom became professional playwrights for writing for a theatre that had a similar emphasis on recycling and recombining performative tropes and structures

Gullah Spirit Jonathan Green, 2021-11-23 A celebration of the life and culture of the Gullah people of the South Carolina Lowcountry in 179 new paintings Jonathan Green is best known for his vibrant depictions of the Gullah life and culture established by descendants of enslaved Africans who settled between northern Florida and North Carolina during the nineteenth century For decades Green s vividly colored paintings and prints have captured and preserved the daily rituals and Gullah traditions of his childhood in the Lowcountry marshes of South Carolina While Green s art continues to express the same energy color and deep respect for his ancestors his techniques have evolved to feature bolder brush strokes and a use of depth and texture all guided by his maturing artistic vision that is now more often about experiencing freedom and contentment through his art This vision is reflected in the 179 new paintings featured in Gullah Spirit His open and inviting images beckon the world to not only see this vanishing culture but also to embrace its truth and enduring spirit Using both the aesthetics of his heritage and the abstraction of the human figure Green creates an almost
