In the Service of Empire Fae Dussart, 2022-01-27 Despite recent research the 19th century history of domestic service in empire and its wider implications is underexplored This book sheds new light on servants and their masters in the British Empire and in doing so offers new discourses on the colonial home imperial society identities and colonial culture Using a wide range of source material from private papers to newspaper articles official papers and court records Dussart explores the strategic nature of the relationship the connection between imperialism domesticity and a master servant paradigm that was deployed in different ways by varied actors often neglected in the historical record Positioned outside the family but inside the private place of the home the domestic servant was often the foil against which 19th century contemporaries worked out class race and gender identities across metropole and colony creating those places in the process The role of

domestic servants in empire thus lay not only in the labour they undertook but also in the way the servant master relationship constituted ground that helped other power relations to be imagined and contested Dussart explores the domestic service relationship in 19th century Britain and India considering how ideas about servants and their masters and or mistresses spanned imperial space and shaped peoples and places within it **The Gentleman's House** Robert Kerr,1865 The Country House Servant Pamela A Sambrook,2002-05-13 One 19th century footman complained about the work involved in drawing more than 40 baths for his household yet Lady Grenville felt no compunction in describing her footman as a lazy flunkey For centuries a large body of domestic servants was an often unappreciated foundation for the smooth running of a household Today the warrens of domestic offices intrigue visitors This book makes sense of these and the social structures behind them It describes the skills equipment cleaning methods and work organization of the housemaid laundrymaid footman valet and hall boy the servants who spent their days polishing fine furniture and washing brilliant chandeliers but also sponging filthy riding habits and washing babies nappies The author also looks at how servants spent their leisure time One footman enjoyed rowing on the lake every morning before work while others had to sit up late at night sewing their own work dresses Contemporary manuals diaries accounts and first hand recollections provide a vivid insight into what life was really like for those in domestic service A wealth of photographs engravings and panels illustrate the domestic workings of country houses many now looked after by the National Trust This is an absorbing book for social historians and visitors to country houses alike *Downton Abbey - A Celebration* Jessica Fellowes,2015-11-10 Since the moment we first entered Downton Abbey in 1912 we have been swept away by Julian Fellowes evocative world of romance intrigue drama and tradition Now in 1925 as Downton Abbey prepares to close its doors for the final time Jessica Fellowes leads us through the house and estate reliving the iconic moments of the wonderfully aristocratic Crawley family and their servants as they navigate the emerging modern age Travelling from Great Hall to servants hall bedroom to boot room we glimpse as we go Matthew and Isobel Crawley arriving for the first time the death of Kemal Pamuk Cora s tragic miscarriage Edith s affair with Michael Gregson Mary s new haircut Thomas and O Brien s scheming Anna and Bates s troubles with the law and Carson s marriage to Mrs Hughes Alongside this will be in depth interviews with the cast who have worked on the show for six years and know it so well Packed full of stunning location shots and stills from all six series of the show including exclusive behind the scenes photography this celebratory book is the ultimate gift for Downton Abbey fans the world over

Manley,2024-12-28 This volume provides an examination of the kind of free or nearly free libraries which were available to the general public in Scotland and Wales in the late nineteenth century but which were not supported by local taxation They were effectually substitutes for municipal public libraries in areas where that sort of library provision did not exist They may have been funded by wealthy philanthropists or by well wishers Attention is paid too to libraries which were aimed at specific communities such as workers in factories mills mines railway works and shops as well as book provision for policemen soldiers and sailors hospital patients nurses workhouses prisoners and domestic servants and hotel guests The voluntary public libraries of England and Wales are dealt with in Volume 1
