Interdisciplinary Learning Through Dance Lynnette Young Overby, Beth C. Post, Diane Newman, 2005 The lesson plans in *Interdisciplinary Learning Through Dance 101 MOVEntures* are broad covering six disciplines and deep 101 plans in all. Each lesson is based on national standards and has been field tested with students in grades K-5 with positive results. In fact, both teachers and students enjoy the plans and the learning gained through *Interdisciplinary Learning Through Dance 101 MOVEntures*. Teachers value the materials: a music CD to be used with selected lessons and a 60 minute DVD that demonstrates teaching methodologies and shows selected lesson plans in action. All are designed to be used in lessons that focus on science, social studies, language arts, math, physical education, and creative arts. Students respond with enthusiasm to the active learning of subjects through playful movement. The book's content inspires engaging and active learning with these features: Basic language of dance, How to's of lesson planning, Classroom management techniques, Thinking tools for promoting conceptual understanding, Assessment choices and forms. Each lesson plan addresses the national standards for dance and the core curriculum subject areas as well as the grade level, length, student objectives, and materials needed. In addition, each plan contains these special features: Introduction, Moving adventure, Assessment, Extensions. The book explores the benefits of crossing curricular boundaries with dance and delves into the vocabulary of dance and the pedagogy for creating moving adventures or MOVEntures. It lays out the 101 lesson plans in six disciplines, providing assessment tools, lesson schematics, and additional resources including the national standards and thinking tools. Complete Cross disciplinary, Broad and deep, Instructive And fun. Teachers can't go wrong with *Interdisciplinary Learning Through Dance 101 MOVEntures* because the students learn the subjects and come back wanting to learn more. **Get Real with Storytime** Julie Dietzel-Glair, Marianne Crandall Follis Ph.D., 2015-11-10 This is a complete year long programming guide that shows librarians how to integrate nonfiction and poetry into storytime for preschool children in order to build literacy skills and overall knowledge. The right nonfiction titles, ones with colorful photographs and facts that are interesting to young imaginations, give librarians an opportunity to connect with children who are yearning for true stuff. Presenting poetry in storytime encourages a love of language and the chance to play with words. Written by authors with a combined 25 years of experience working with children and books in a library setting. *Get Real With Storytime: 52 Weeks of Early Literacy Programming* goes far beyond the typical storytime resource book by providing books and great ideas for using nonfiction and poetry with preschool children. This book provides a complete year long programming guide for librarians who work with preschool children in public libraries and school librarians who run special programs for preschoolers as well as parents, childcare providers, and camp counselors. Each of the 52 broad storytime topics, one for each week of the year, includes a sample storytime featuring an opening poem, a nonfiction title, picture books, songs, rhymes, or fingerplays, and a follow up activity.
