Look Back At Sodom:

Leaving Fundamentalism G. Elijah Dann, 2008-05-26 The stories in Leaving Fundamentalism provide a personal and intimate look behind sermons religious services and church life and promote an understanding of those who have been deeply involved in and then left the conservative Christian church These autobiographies come from within the congregations and homes of religious fundamentalists where their highly idealized faith in all its complexities and problems meets the reality of everyday life In a time when religious conservatives have placed their faith and values at the forefront of the so called culture wars this book is extremely relevant Told from the perspective of distance gained by leaving fundamentalism each story gives the reader a snapshot of what it is like to go through the experiences thoughts feelings passions and pains that for many of the writers are still raw Explaining how their lives might continue after fundamentalism these writers offer a spiritual lifeline for others who may be questioning their faith Foreword by Thomas Moore author of Care of the Soul and many other books **The Works of Jonathan Edwards: Volume II □ I Revised** Jonathan Edwards,

The unreasonableness of indetermination in religion, etc. [Edited by Jonathan Edwards, the younger.]** Jonathan Edwards,1780 Forgetting Lot's Wife Martin Harries,2009-08-25 Can looking at disaster and mass death destroy us Forgetting Lot s Wife provides a theory and a fragmentary history of destructive spectatorship in the twentieth century Its subject is the notion that the sight of historical catastrophe can destroy the spectator The fragments of this history all lead back to the story of Lot s wife looking back at the destruction of the cities of Sodom and Gomorrah she turns into a pillar of salt This biblical story of punishment and transformation a nexus of sexuality sight and cities becomes the template for the modern fear that looking back at disaster might petrify the spectator Although rarely articulated directly this idea remains powerful in our culture This book traces some of its aesthetic theoretical and ethical consequences Harries traces the figure of Lot s wife across media In extended engagements with examples from twentieth century theater film and painting he focuses on the theatrical theory of Antonin Artaud a series of American films and paintings by Anselm Kiefer These examples all return to the story of Lot s wife as a way to think about modern predicaments of the spectator On the one hand the sometimes veiled figure of Lot s wife allows these artists to picture the desire to destroy the spectator on the other she stands as a sign of the potential danger to the spectator These works that enact critiques of the very desire that inspires them The book closes with an extended meditation on September 11 criticizing the notion that we should have been destroyed by witnessing the events of that day The Works of President Edwards.
