Lorca in English Andrew Samuel Walsh, 2020-06-02 Lorca in English examines the evolution of translations of Federico García Lorca into English as a case of rewriting and manipulation through politically and ideologically motivated translation As new translations of Federico García Lorca continue to appear in the English speaking world and his literary reputation continues to be rewritten through these successive re translations this book explores the reasons for this constant desire to rewrite Lorca since the time of his murder right into the 21st century From his representation as the quintessential Spanish Republican martyr to his adoption through translation by the Beat Generation to his elevation to iconic status within the Queer Studies movement this volume analyzes the reasons for this evolution and examines the current direction into which this canonical author is heading in the English speaking world *Juan Ramon Jimenez: Selected Poems (Poesias escogidas)* Salvador Ortiz-Carboneres, 2006-05-23 Juan Ramon Jimenez 1881 1958 was awarded the Nobel Prize for Literature in 1956 yet his work remains far less well known in the English speaking world than it deserves Jimenez was a prolific writer his collected verse fills twenty volumes and his early poems were first published whilst still in his teens **Ten Poems to Change Your Life** Roger Housden, 2007-12-18 Great poetry calls into question everything It dares us to break free from the safe strategies of the cautious mind It opens us to pain and joy and delight It amazes startles pierces and transforms us It can lead to communion and grace Through the voices of ten inspiring poets and his own reflections the author of *Sacred America* shows how poetry illuminates the eternal feelings and desires that stir the human heart and soul These poems explore such universal themes as the awakening of wonder the longing for love the wisdom of dreams and the courage required to live an authentic life In thoughtful commentary on each work Housden offers glimpses into his personal spiritual journey and invites readers to contemplate the significance of the poet's message in their own lives In *Ten Poems to Change Your Life* Roger Housden shows how these astonishing poems can inspire you to live what you always knew in your bones but never had the words for *The Journey* by Mary Oliver *Last Night as I Was Sleeping* by Antonio Machado *Song of Myself* by Walt Whitman *Zero Circle* by Rumi *The Time Before Death* by Kabir *Ode to My Socks* by Pablo Neruda *Last Gods* by Galway Kinnell *For the Anniversary of My Death* by W S Merwin *Love After Love* by Derek Walcott *The Dark Night* by St John of the Cross **A Study Guide for Juan Ramon Jimenez's "Platero and I"** Gale, Cengage Learning, 2016-07-12 A Study Guide for Juan

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e.g. poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e.g. the Thousand and One Nights or writers e.g. Ibsen Proust but the majority offer a critical overview of a genre e.g. Chinese poetry Spanish Golden Age drama or of a national literature e.g. Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

Iron John Robert Bly, 2015-11-10 The 25th anniversary edition of the groundbreaking New York Times bestseller with a new afterword by the author which offers a new vision of what it is to be a man In this timeless and deeply learned classic poet and translator Robert Bly offers nothing less than a new vision of what it means to be a man Bly's vision is based on his ongoing work with men as well as on reflections on his own life He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture Finding rich meaning in ancient stories and legends Bly uses the Grimm fairy tale Iron John in which a mentor or Wild Man guides a young man through eight stages of male growth to remind us of ways of knowing long forgotten images of deep and vigorous masculinity centered in feeling and protective of

Representing the Exotic and the Familiar Meenakshi Bharat, Madhu Grover, 2019-11-28 The multicultural world of today is often said to be marked by a certain kind of exoticization a fetishizing process as Graham Huggan has called it which separates a first world from a third world the Occident from the Orient The essays collected here re assess this tendency not least by focusing on the kinds of intellectual tourism and diletantism to which it has given rise The wider context of these analyses is a postcolonial scenario where literatures and languages can move from the exotic to the comparatively familiar space of contemporary writings where an exotic mythos can live on into the familiar present and where certain perceptions and representations of peoples of literatures and of languages have turned exoticization and familiarization into global modes of mass cultural consumption Especially by exploring the liminalities between different cultures this collection manages to trace both the history and the politics of exoticist representation and in so doing to make a significant critical intervention
