Language and Love William Mallard, 1994-10-05 This is the first work to combine an introduction to Augustine's Confessions with a larger outline of his mature theology Mallard provides guidance for reading the narrative Confessions Books I IX and at the same time by certain extensions and comments reveals the three major topical divisions within Augustine's thought creation salvation and the City of God Mallard is able to do this because Augustine's affirmation of the good of Creation his view of the human will and God's grace and the nature of evil his sense of a religious people's identity and their hope and his view of faith and reason were all essentially in place at the time of the Confessions Mallard argues that Augustine was not in search of himself in a modern sense but in search of a language of prayer praise and truth that would locate him within God's grace That language turned out to be the language of Incarnation which remains compelling and inviting today As a classic work the Confessions is a monument to its own time but it has striking resonances for our own Mallard's interpretation will challenge readers to begin working out their own The Confessions endures because it is a story that illumines the stories of many even to the present day To analyze how it is like and unlike modern experiences is to exercise both mind and heart In that respect Language and Love is a kind of theological meditation on the Confessions testing out a horizon of belief Mallard views Augustine as a master of the spoken word in an age of broken and abused language and the Confessions as a historic masterpiece of rhetoric He contends that Augustine is the ancestor of many today who offer social and political hope through fresh rhetorical vitality

Al-Lughatain (Judgement of the Two Languages) Mir 'Ali Shir, 1966 *The Paradox of Love* Pascal Bruckner, 2012-02-13 A provocative reflection on the dilemmas of modern love The sexual revolution is justly celebrated for the freedoms it brought birth control the decriminalization of abortion the liberalization of divorce greater equality between the sexes women's massive entry into the workforce and more tolerance of homosexuality But as Pascal Bruckner one of France's leading writers argues in this lively and provocative reflection on the contradictions of modern love our new freedoms have also brought new burdens and rules without however wiping out the old rules emotions desires and arrangements the couple marriage jealousy the demand for fidelity the war between constancy and inconstancy It is no wonder that love sex and relationships today are so confusing so difficult and so paradoxical Drawing on history politics psychology literature pop culture and current events this book a best seller in France exposes and dissects these paradoxes With his customary brilliance and wit Bruckner traces the roots of sexual liberation back to the Enlightenment in order to explain love's supreme paradox epitomized by the 1960s oxymoron of free love the tension between freedom which separates and love which attaches Ashamed that our sex lives fail to live up to such liberated ideals we have traded neuroses of repression for neuroses of inadequacy and we overcompensate Our parents lied about their morality Bruckner writes but we lie about our immorality Mixing irony and optimism Bruckner argues that when it comes to love we should side neither with the revolutionaries nor the reactionaries Rather taking love and ourselves as we are we should realize that love makes no progress and that its messiness surprises and paradoxes are not merely the sources of its pain but also of its pleasure and glory **The 5 Love**
