

A photograph of a dirt road winding through a forest. The trees on either side have autumn foliage in shades of orange, yellow, and brown. The road leads towards a bright light at the end of the path, creating a strong perspective. The overall mood is romantic and serene.

The Philosophy of Sri Chinmoy Kusumita P. Pedersen, 2021-06-28 This is the first book length study of the thought of Sri Chinmoy 1931 2007 who became well known during his lifetime as the exponent of a dynamic spirituality of integral transformation which he set forth in an extensive body of writings in both prose and poetry mostly in English but also in his native Bengali He held that all fields of human endeavor can be venues of spiritual transformation when founded in aspiration and contemplative practice He is noted not only as a spiritual teacher but also as an advocate of peace a composer and musician an artist and a sportsman who created innovative programs promoting self transcendence and understanding between people of all cultures and walks of life This study of Sri Chinmoy s philosophy refers to these diverse activities especially in the biographical first chapter but is mainly based on his written works The book s aim is to give to the reader a straightforward and unembroidered account of Sri Chinmoy s philosophy It makes every attempt to allow Sri Chinmoy to speak for himself in his own words and thus provides ample quotation and draws on his poetic works as much as on his other writings

Oluoch,2010-07-30 Adjusting to God's High Calling is about God's desire intentions and interactions with the humans which He intended from time immemorial It is a call to the Divine realms of higher living in Christ Jesus It explains that within the Divine purpose God's desire is the flowing forth of His life into and through His people but which can be hindered It also points out that true Christianity is presently being inundated in the human traditions and philosophies within the religious sector turning it into many things it is not The book posits it is simply God's dynamically balanced life of grace in the Spirit lived in oneness with the reigning Lord True Christianity therefore Is not constant prideful protestations arguments and hatred among its various constituencies over their points of belief Is not intellectualism theological or otherwise though it is not against either Is not emotionalism based solely on people's experiences though it is not against emotional expression Is neither simply knowing nor subscribing to the right doctrines Is not all grace or love alone Adjusting to God's High Calling discusses these and other factors in the following phases The Divine Importunity for the Call The Divine Intentions of the Call The Divine Interactions within the Call It will clarify God's purpose for your life moving you to do everything with love

What is love Craig thought that he knew what it was until his life fell apart and his dreams shattered along with all that he held close to his heart burnt in the fires of divorce and broken hearts He thought it was giving up our dreams in order to please others and to do whatever it takes to make them happy but that isn't love Everything that he thought was love failed over and over and felt more like neediness and desperation instead of love Believing that his only source of love was from others he had given away his dreams and his power which left him feeling broken and needy Love is a heart and soul learning how to love and dream again with increased openness and greater depth Love is many things but it is never needy or broken In his journey to love again the answers came It exposes our inner song as a gift to those we love and to the world This is a gift to the world It is Craig's inner song of loving again with the transparency and nakedness of love It is remembering and learning that love is Read on and see if it speaks to your soul like it has for so many others Love is [Love and Friendship Across Cultures](#) Soraj Hongladarom,Jeremiah Joven Joaquin,2021-01-10 This collection brings together different philosophical points of view discussing two important aspects of human life namely love and friendship within the broad context of comparative philosophy These points of view differ in terms of their cultural orientations East or West ancient or

modern philosophical methodologies analytical historical experimental or phenomenological broadly construed and motivation explanatory revisionary or argumentative The volume is a comparative treatment of how diverse philosophical cultures view love and friendship such as how Aristotle and Confucius views on friendship are similar and different how the ancient Greeks and the Buddhists view friendship and happiness and how posthumous love is possible With contributions from a diverse set of scholars this book presents the emerging views of Southeast Asian philosophers compared with those of philosophers from other regions including Europe and North America The volume thus provides a multi faceted way of understanding love and friendship across cultures and will be relevant to scholars interested in philosophy the history of ideas Asian Studies and religious studies

Subordinated Ethics Caitlin Smith Gilson,2020-08-21 With Dostoyevsky s Idiot and Aquinas Dumb Ox as guides this book seeks to recover the elemental mystery of the natural law a law revealed only in wonder If ethics is to guide us along the way it must recover its subordination description must precede prescription If ethics is to invite us along the way it cannot lead either as politburo or even as public orthodoxy It cannot be smugly symbolic but must be by way of signage of directionality of the open realization that ethical meaning is en route pointing the way because it is within the way as only sign not symbol can point to the sacramental terminus The courtesies of dogma and tradition are the road signs and guideposts along the longior via not themselves the termini We seek the dialogic heart of the natural law through two seemingly contradictory voices and approaches St Thomas Aquinas and his famous five ways and Fyodor Dostoyevsky s holy idiot Prince Myshkin It is precisely the apparent miscellany of these selected voices that provide us with a connatural invitation into the natural law as subordinated as descriptive guide not as prescriptive leader
