Intimacy on the Internet Lauren Rosewarne, 2016-04-14 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections be it a committed relationship a hook up or a community in which to dabble in fringe sexual practices Popular culture film narrative television the news media and advertising present two very distinct pictures of the use of the Internet as related to intimacy From news reports about victims of online dating to the presentation of the desperate and dateless the perverts and the deviants a distinct frame for the intimacy Internet connection is negativity In some examples however a changing picture is emerging The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news resulting in more positive spin advertising and a more even handed presence of such liaisons in narrative television and film Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender sexuality technology and the changing mores regarding intimacy

One by One Gina Dalfonzo, 2017-06-20 There are now more single adults than married adults in the United States yet the evangelical church continues to focus primarily on serving couples and families with ministries geared toward their particular needs This can lead however unintentionally to the marginalization of adults who are single by choice divorce or death or who are simply not yet married Families are a good thing but so are all of God s people and singles long to be lovingly integrated into the Body of Christ In One by One Gina Dalfonzo explores common misconceptions and stereotypes about singles including the idea that they must be single because something is wrong with them and the subtle

and not so subtle ways they are devalued like when sermons focus overmuch on navigating marital relationships or raising children She shows how the church of Paul who commended those who remained single became the church where singles are too often treated like second class Christians Then she explores what the church is doing right what unique services singles can offer the church and most importantly what the church can do to love and support the singles in their midst
