Choice, Hazard and
Consequence

Joan Ozark Holmer

Merchant Of Venice Choice Hazard And Consequences

David Nirenberg

Merchant Of Venice Choice Hazard And Consequences:

The Merchant of Venice Joan Ozark Holmer,1995 This study of The Merchant of Venice explores the degree of dramatic integrity Shakespeare achieves by unifying the play s many hard choices through a tightly knit interplay of contrarities and correspondences in structure language characters and ideas Engaging the play s extensive body of criticism the book contextualizes the most provocative questions raised by the day and provides considerable new evidence about Shakespeare s possible sources and his innovative use of them especially usury and merchantry Judaism and Christianity biblical and classical allusion stage law and verbal visual symbols **A Routledge Literary Sourcebook on**

William Shakespeare's The Merchant of Venice S. P. Cerasano,2004 This student friendly book draws together text context criticism and performance history to provide an integrated view of one of the most dazzling works of the early modern theatre *William Shakespeare's the Merchant of Venice* Sterling Professor of Humanities Harold Bloom,William Shakespeare,2010 William Shakespeare s The Merchant of Venice is a richly complicated and to some a deeply disturbing work The Oxford Handbook of English Law and Literature, 1500-1700 Lorna Hutson,2017-06-15 This Handbook triangulates the disciplines of history legal history and literature to produce a new interdisciplinary framework for the study of early modern England Scholars of early modern English literature and history have increasingly found that an understanding of how people in the past thought about and used the law is key to understanding early modern familial and social relations as well as important aspects of the political revolution and the emergence of capitalism Judicial or forensic rhetoric has been shown to foster new habits of literary composition poetry and drama and new processes of fact finding and evidence evaluation In addition the post Reformation jurisdictional dominance of the common law produced new ways of drawing the boundaries between private conscience and public accountability Accordingly historians critics and legal historians come together in this Handbook to develop accounts of the past that are attentive to the legally purposeful or fictional shaping of events in the historical archive They also contribute to a transformation of our understanding of the place of forensic modes of inquiry in the creation of imaginative fiction and drama Chapters in the Handbook approach from a diversity of perspectives topics including forensic rhetoric humanist and legal education Inns of Court reveals drama poetry emblem books marriage and divorce witchcraft contract property imagination oaths evidence community local government legal reform libel censorship authorship torture slavery liberty due process the nation state colonialism and empire

Shakespeare and the Culture of Paradox Peter G. Platt,2016-04-01 Exploring Shakespeare s intellectual interest in placing both characters and audiences in a state of uncertainty mystery and doubt this book interrogates the use of paradox in Shakespeare s plays and in performance By adopting this discourse one in which opposites can co exist and perspectives can be altered and one that asks accepted opinions beliefs and truths to be reconsidered Shakespeare used paradox to question love gender knowledge and truth from multiple perspectives Committed to situating literature within the larger

culture Peter Platt begins by examining the Renaissance culture of paradox in both the classical and Christian traditions He then looks at selected plays in terms of paradox including the geographical site of Venice in Othello and The Merchant of Venice and equity law in The Comedy of Errors Merchant and Measure for Measure Platt also considers the paradoxes of theater and live performance that were central to Shakespearean drama such as the duality of the player the boy actor and gender and the play audience relationship in the Henriad Hamlet As You Like It Twelfth Night Antony and Cleopatra The Winter's Tale and The Tempest In showing that Shakespeare's plays create and are created by a culture of paradox Platt offers an exciting and innovative investigation of Shakespeare's cognitive and affective power over his audience

Anti-Judaism David Nirenberg, 2013-01-28 Exhilarating a scholarly tour de force The story Nirenberg has to tell is not over Adam Kirsch Tablet This incisive history upends the complacency that confines anti Judaism to the ideological extremes in the Western tradition With deep learning and elegance David Nirenberg shows how foundational anti Judaism is to the history of the West Questions of how we are Jewish and more critically how and why we are not have been churning within the Western imagination throughout its history Ancient Egyptians Greeks and Romans Christians and Muslims of every period even the secularists of modernity have used Judaism in constructing their visions of the world The thrust of this tradition construes Judaism as an opposition a danger often from within to be criticized attacked and eliminated The intersections of these ideas with the world of power the Roman destruction of the Second Temple the Spanish Inquisition the German Holocaust are well known The ways of thought underlying these tragedies can be found at the very foundation of Western history

Gender and Jewish Difference from Paul to Shakespeare Lisa Lampert, 2013-04-09 Although representations of medieval Christians and Christianity are rarely subject to the same scholarly scrutiny as those of Jews and Judaism the Christian is as constructed a term category and identity as the Jew Medieval Christian authors created complex notions of Christian identity through strategic use of representations of Others idealized Jewish patriarchs or demonized contemporary Jews Woman represented as either virgin or whore In Western thought the Christian was figured as spiritual and masculine defined in opposition to the carnal feminine and Jewish Women and Jews are not simply the Other for the Christian exegetical tradition however they also represent sources of origin as one cannot conceive of men without women or of Christianity without Judaism The bifurcated representations of Woman and Jew found in the literature of the Middle Ages and beyond reflect the uneasy figurations of women and Jews as both insiders and outsiders to Christian society Gender and Jewish Difference from Paul to Shakespeare provides the first extended examination of the linkages of gender and Jewish difference in late medieval and early modern English literature Focusing on representations of Jews and women in Chaucer's Canterbury Tales selections from medieval drama and Shakespeare's Merchant of Venice Lampert explores the ways in which medieval and early modern authors used strategies of opposition to and identification with figures of Jews and women to create individual and collective Christian identities This book shows not only how these questions are interrelated in the

texts of medieval and early modern England but how they reveal the distinct yet similarly paradoxical places held by Woman and Jew within a longer tradition of Western thought that extends to the present day Reading the Margins of the Early Modern Bible Ezra Horbury, 2024-07-11 Reading the Margins of the Early Modern Bible presents a new understanding of how notes in the margins of the Bible were read in early modernity Horbury investigates the creative and surprising ways readers engaged with these margins resisting narratives that present them as dangerous and seditious Shakespeare Studies Susan Zimmerman, 2004-11 Shakespeare Studies is an international volume published every year in hard cover containing essays and studies by critics and cultural historians from both hemispheres It includes substantial reviews of significant books and essays dealing with the cultural history of early modern England as well as the place of Shakespeare's productions and those of his contemporaries within it Volume XXXII continues the second in a series of essays on Early Modern Drama around the World in which specialists in theatrical traditions from around the globe during the time of Shakespeare discuss the state of scholarly study in their respective areas O'Hara reviews work relevant to the theater of early modern France Volume XXXII also includes another in the journal's series of Forums entitled The Future of Renaissance Manuscript Studies Organized and introduced by Peter Beal the Forum includes contributions by Margaret J M Ezell Grace Ioppolo Harold Love and Steven W May Additionally this volume contains seven full length articles and twenty two book reviews Leeds Barroll is a Scholar in Residence at the Folger Shakespeare Library **Shakespeare and Renaissance Politics** Andrew Hadfield, 2014-03-20 Shakespeare like many of his contemporaries was concerned with the question of the succession and the legitimacy of the monarch From the early plays through the histories to Hamlet Shakespeare's work is haunted by the problem of political legitimacy

This is likewise one of the factors by obtaining the soft documents of this **Merchant Of Venice Choice Hazard And Consequences** by online. You might not require more time to spend to go to the book creation as with ease as search for them. In some cases, you likewise pull off not discover the proclamation Merchant Of Venice Choice Hazard And Consequences that you are looking for. It will certainly squander the time.

However below, gone you visit this web page, it will be so unquestionably easy to get as competently as download lead Merchant Of Venice Choice Hazard And Consequences
