Merchant Ivorys English Landscape:

Merchant Ivory's English Landscape John Pym,1995 In recent years the films of Ismail Merchant and James Ivory have captured period England like no others This book examines in detail four Merchant Ivory films A Room with a View Maurice Howards End and The Remains of the Day and offers a portrait of enduring England with the evocatively shot country and town settings that serve as backdrops for the film s narratives 101 illustrations 82 in color Map

Merchant-Ivory Ismail Merchant,2012-04-09 Merchant Ivory Interviews gathers together for the first time interviews made over the past five decades with director James Ivory b 1928 producer Ismail Merchant 1936 2005 and screenwriter Ruth Praver Jhabvala b 1927 Beginning with their earliest work in India and ending with James Ivory s last film The City of Your Final Destination 2009 the book traces their career while offering valuable insights into their creative filmmaking process The volume serves as a corrective to the prevailing critical orthodoxy attached to Merchant Ivory s work which tends to regard them as being solely concerned with historically accurate costumes and settings As independent filmmakers they have developed an idiosyncratic approach that resists facile classification Merchant Ivory have insisted on maintaining their independence More importantly this book shows how Merchant Ivory have always taken considerable care in casting their films as well as treating actors with respect This is a deliberate policy designed to bring out one of the triumvirate s principal thematic concerns running throughout their work the impact of the clash of cultures on individuals Partly this has been inspired by their collective experiences of living and working in different cultures They do not offer any answers to this issue rather they believe that their task is simply to raise awareness to make filmgoers conscious of the importance of cultural sensitivities that assume paramount significance in any exchange whether verbal or nonverbal **English Filming,**

The English Way of Life Henry Cassell Ruschmeyer, 2021-04-27 The ethic of a people determines how they act in life situations requiring right and wrong behavior It can be seen in their daily activities by the words they say whether spoken or written and by the things they do both publicly and privately The English are no exception to this means of understanding why a people act the way they do whether at home or abroad in their own company or in the company of strangers A now retired Bishop of London was heard to say rather ironically and exasperatingly during a meeting of area clergy of the Westminster St Margaret Deanery and in response to a query by a young priest from a British Commonwealth country living in England for the past several years Haven't you realized by now that this is England where nothing is clear This response speaks to the many uncomfortable situations in which Englishmen find themselves to which there are no apparent answers Mercifully the English fog can descend upon these awkward moments providing a temporary way out from the nagging truth Herein an attempt is made to penetrate fog and all trying to lay bare the mysteries of the English way of life by an American outsider who once lived and worked amongst the English people for seven years An inside look into the English legal political social educational commercial athletic international and religious institutions is explored by one who served as a clergyman in a central London parish and simultaneously as a teacher of religious studies at a private Church of England affiliated secondary school in south London
