Merchants And Empire Trading In Colonial New York:

Merchants & Empire Cathy D. Matson, 1998 Throughout the 17th and 18th centuries the port of New Amsterdam later New York bustled with the activity of emerging capitalism **MERCHANTS AND EMPIRE** examines the attitudes and practices of New York's merchants and traders and offers vivid descriptions of their New York City environs A compelling look at early America and old New York sure to interest students and scholars of economic history 12 illustrations *Defying Empire* Thomas M. Truxes, 2008-11-18 This enthralling book is the first to uncover the story of New York City merchants who engaged in forbidden trade with the enemy before and during the Seven Years War also known as the French and Indian War Ignoring British prohibitions designed to end North America's wartime trade with the French New York's merchant elite conducted a thriving business in the French West Indies insisting that their behavior was protected by long practice and British commercial law But the government in London viewed it as treachery and its subsequent efforts to discipline North American commerce inflamed the colonists Through fast moving events and unforgettable characters historian Thomas M. Truxes brings eighteenth century New York and the Atlantic world to life There are spies street riots exotic settings informers courtroom dramas interdiction on the high seas ruthless businessmen political intrigues and more The author traces each phase of the city's trade with the enemy and details the frustrations that affected both British officials and independent minded New Yorkers The first book to focus on New York City during the Seven Years War *Defying Empire* reveals the important role the city played in hastening the colonies march toward revolution **The Atlantic Economy during the Seventeenth and Eighteenth Centuries** Peter A. Coclanis, 2020-05-21 The Atlantic Economy during the Seventeenth and Eighteenth Centuries is a collection of essays focusing on the expansion elaboration and increasing integration of the economy of the Atlantic basin comprising parts of Europe West Africa and the Americas during the seventeenth and eighteenth centuries In thirteen essays the contributors examine the complex and variegated processes by which markets were created in the Atlantic basin and how they became integrated While a number of the contributors focus on the economic history of a specific European imperial system others mirroring the realities of the world they are writing about transcend imperial boundaries and investigate topics shared throughout the region In the latter case the contributors focus either on processes occurring along the margins or interstices of empires or on breaches in the colonial systems established by various European powers Taken together the essays shed much needed light on the organization and operation of both the European imperial orders of the early modern era and the increasingly integrated economy of the Atlantic basin challenging these orders over the course of the same period **The British-Atlantic Trading Community, 1760-1810** Sherrylynn Haggerty, 2006-03-01 This book stresses the role of lesser traders including women in the distribution of goods around the Atlantic world 1760 1810 Networks of people credit and goods bound the British Atlantic trading community together despite the many crises of this period **Merchants and Trade Networks in the Atlantic**

and the Mediterranean, 1550-1800 Manuel Sánchez, Klemens Kaps, 2016-09-01 This collective volume explores the ways merchants managed to connect different spaces all over the globe in the early modern period by organizing the movement of goods capital information and cultural objects between different commercial maritime systems in the Mediterranean and Atlantic basin Merchants and Trade Networks in the Atlantic and the Mediterranean 1550 1800 consists of four thematic blocs theoretical considerations the social composition of networks connected spaces networks between formal and informal exchange as well as possible failures of ties This edited volume features eleven contributions who deal with theoretical concepts such as social network analysis globalization social capital and trust In addition several chapters analyze the coexistence of mono cultural and transnational networks deal with network failure and shifting network geographies and assess the impact of kinship for building up international networks between the Mediterranean and the Atlantic This work evaluates the use of specific network types for building up connections across the Mediterranean and the Atlantic Basin stretching out to Central Europe the Northern Sea and the Pacific This book is of interest to those who study history of economics and maritime economics as well as historians and scholars from other disciplines working on maritime shipping port studies migration foreign mercantile communities trade policies and mercantilism **William Livingston's American**

Revolution James J. Gigantino II, 2018-09-11 William Livingston's American Revolution explores how New Jersey's first governor experienced the American Revolution and managed a state government on the war's front lines A wartime bureaucrat Livingston played a pivotal role in a pivotal place prosecuting the war on a daily basis for eight years Such second tier founding fathers as Livingston were the ones who actually administered the war and guided the day to day operations of revolutionary era governments serving as the principal conduits between the local wartime situation and the national demands placed on the states In the first biography of Livingston published since the 1830s James J Gigantino's examination is as much about the position he filled as about the man himself The reluctant patriot and his roles as governor member of the Continental Congress and delegate to the Constitutional Convention quickly became one as Livingston's distinctive personality molded his office's status and reach A tactful politician successful lawyer writer satirist political operative gardener soldier and statesman Livingston became the longest serving patriot governor during a brutal war that he had not originally wanted to fight or believed could be won Through Livingston's life Gigantino examines the complex nature of the conflict and the choice to wage it the wartime bureaucrats charged with administering it the constant battle over loyalty on the home front the limits of patriot governance under fire and the ways in which wartime experiences affected the creation of the Constitution **In the Eye of All Trade** Michael J. Jarvis, 2012-12-01 In an exploration of the oceanic connections of the Atlantic world Michael J Jarvis recovers a mariner's view of early America as seen through the eyes of Bermuda's seafarers The first social history of eighteenth century Bermuda this book profiles how one especially intensive maritime community capitalized on its position in the eye of all trade Jarvis takes readers aboard small Bermudian sloops and follows white and

enslaved sailors as they shuttled cargoes between ports raked salt harvested timber salvaged shipwrecks hunted whales captured prizes and smuggled contraband in an expansive maritime sphere spanning Great Britain's North American and Caribbean colonies In doing so he shows how humble sailors and seafaring slaves operating small family owned vessels were significant but underappreciated agents of Atlantic integration The American Revolution starkly revealed the extent of British America's integration before 1775 as it shattered interregional links that Bermudians had helped to forge Reliant on North America for food and customers Bermudians faced disaster at the conflict's start A bold act of treason enabled islanders to continue trade with their rebellious neighbors and helped them to survive and even prosper in an Atlantic world at war Ultimately however the creation of the United States ended Bermuda's economic independence and doomed the island's maritime economy

Business News in the Early Modern Atlantic World Sophie Jones, Siobhan Talbott, 2024-01-15 Business News in the Early Modern Atlantic World explores the creation dissemination and consumption of a specific type of news business news within early modern commercial news networks The volume contains eleven case studies written by scholars from a range of disciplines which span the breadth of the early modern Atlantic from the first appearance of serial corantos in the seventeenth century to the United States Declaration of Independence in the late eighteenth century These expert contributions showcase the range of innovative methodological and theoretical approaches which can be used to study business news including social network analysis textual analysis and qualitative methods

National Duties Gautham Rao, 2016-04-26 This study of 19th century commerce and federal oversight reveals the importance of customs houses in the creation of the federal government Choice In the wake of the American Revolution the young nation found itself victorious liberated and in millions of dollars of debt To address this founding financial crisis the nascent federal government devised a system of taxes on imported goods and installed custom houses at the nation's ports to collect the fees But as the United States became dependent on this revenue the import merchants gained outsized influence over the daily affairs of the custom houses As the United States tried to police this commerce in the early nineteenth century the merchants stranglehold on custom house governance proved to be formidable In National Duties Gautham Rao makes the case that the early development of the federal government and the modern American state lie in these conflicts at government custom houses specifically in the period between the American Revolution and the presidency of Andrew Jackson Rao argues that the contours of the government emerged from the push and pull between these groups with commercial interests gradually losing power to the administrative state which only continued to grow and lives on today

Merchants and Profit in the Age of Commerce, 1680-1830 Dominique Margairaz, Yannick Lemarchand, Pierre Gervais, 2015-10-06 Merchant activity across Europe America and China during the long eighteenth century is explored in this collection of essays Using a unique data set from accounts and correspondence contributors are able to show the fragmented nature of merchant activity and the importance of trust based social and cultural networks
