Poetry and Terror Peter Dale Scott, 2018-08-15 A study at many levels of Scott's long poem Coming to Jakarta a book length response to a midlife crisis triggered in part by the author's initial inability to share his knowledge and horror about American involvement in the great Indonesian massacre of 1965 Interviews with Ng supply fuller information about the poem's discussions of a how this psychological trauma led to an explorations of violence in American society and then after a key recognition in the poet himself b the poem's look at east west relations through the lens of the yin yang spiritual secular doubleness of the human condition c how the process of writing the poem led to the recovery of memories too threatening at first to be retained by his normal presentational self and d the mystery of right action guided by the Bhagavad Gita and the maxim in the Gospel of Thomas that If you bring forth what is within you what you bring forth will save you Led by the interviews to greater self awareness Scott then analyses his poem as also an elegy not just for the dead in Indonesia but for the passing of the Sixties era when so many of us imagined that a Movement might achieve major changes for a better America Subsequent chapters develop how human doubleness can lead to an inner tension between the needs of politics and the needs of poetry and how some poetry can serve as a non violent higher politics contributing to the evolution of human culture and thus our second nature The book also reproduces a Scott prose essay inspired by the poem on the U S involvement in and support for the 1965 massacre It then discusses how this essay was translated into Indonesian and officially banned by the Indonesian dictatorship and how ultimately it and the poem helped inspire the ground breaking films of Josh Oppenheimer that have led to the first official discussions in Indonesia of what happened in 1965

Urban Squares as Places, Links and Displays Jon Lang, Nancy Marshall, 2016-07-15 To attract investment and tourists and to enhance the quality of life of their citizens municipal authorities are paying considerable attention to the quality of the public domain of their cities including their urban squares Politicians find them good places for rallies Children consider squares to be playgrounds the

elderly as places to catch up with each other and for many others squares are simply a place to pause for a moment Urban Squares as Places Links and Displays Successes and Failures discusses how people experience squares and the nature of the people who use them It presents a typology of squares based on the dimensions of ownership the square s instrumental functions and a series of their basic physical attributes including size degree of enclosure configuration and organization of the space within them and finally based on their aesthetic attributes their meanings Twenty case studies illustrate what works and what does not work in different cities around the world It discusses the qualities of lively squares and quieter more restorative places as well as what contributes to making urban squares less desirable as destinations for the general public The book closes with the policy implications stressing the importance and difficulties of designing good public places Urban Squares offers how to guidance along with a strong theoretical framework making it ideal for architects city planners and landscape architects working on the design and upgrade of squares *Backpacking with a Bunion* Terry

Grigg, 2012-02-22 Backpacking With A Bunion is a travelogue of discovery and adventure across the countries of S E Asia The journey begins in Bangkok where else and ends up on the island of Flores in Indonesia My story as a mature gapper is outlined in the Introduction as well as some of the highlights from my trip The reader if so inclined could follow my journey on a map it works quite well as a jigsaw though I have certainly left plenty of room for flexibility and spontaneity Travel like life is not always straightforward but thats the joy in it Each chapter is given a descriptive heading to provide a unique flavour to the areas visited They are roughly in chronological order to give a sense of continuity to my travelling over a period of eighteen months but could stand alone as set pieces I have tried to make the book as varied as possible with various quotations travellers tales and humour and more serious religious cultural political and environmental observations I have included some facts and figures where appropriate on history geography transport arrangements places of interest and personal experiences thus painting a picture in words of sights sounds and happenings The book concludes with S E Asia in a nutshell a summary of what the traveller might expect and emphasising that travelling changes the traveller And hopefully reading this book will change the readers perspective too
