Merely Mothering And Other Myths:

Merely Mothering and Other Myths Janet Jensen, Gayle H. Peterson, 1987 **California. Court of Appeal (4th Appellate District). Division 3. Records and Briefs** California (State)., Number of Exhibits 15 **Theogony & Works and Days** Hesiod, 2015-01-02 Greek poet Hesiod took many lines of thought and knowledge myth fable personal experience practical understanding and wove them into one great whole He did as much with the origins of the Greek gods in the Theogony and then did the same in creating his manual of moral and practical advice Works and Days Here Stephanie Nelson's translation of Works and Days is paired with Richard S Caldwell's take on the Theogony Along with introductory essays these comprehensible versions of Hesiod's two best known poems make it easy for readers to see why Hesiod's writings continue to resound through the ages *The Monstrous Mother: Unexpected Evil in Myth, Literature, and Popular Culture* Anna Chiara Corradino, Alessandro Grilli, 2025-09-30 This edited volume delves into the unexpected intriguing depictions of monstrous mothers in different cultures literatures and the arts This wide ranging topic is explored through a variety of methodological approaches spanning disciplines from sociology to film studies and from comparative literature to cultural studies The scope of this collection is global highlighting the presence of maternal monstrosity not only in Western cultures but also in a number of other cultural contexts worldwide The book's international and interdisciplinary perspective makes it relevant to a broad and diverse readership focusing on literary criticism as well as cultural and gender studies *The Waning Sword: Conversion Imagery and Celestial Myth in 'Beowulf'* Edward Pettit, 2020-01-14 The image of a giant sword melting stands at the structural and thematic heart of the Old English heroic poem Beowulf This meticulously researched book investigates the nature and significance of this golden hilted weapon and its likely relatives within Beowulf and beyond drawing on the fields of Old English and Old Norse language and literature liturgy archaeology astronomy folklore and comparative mythology In Part I Pettit explores the complex of connotations surrounding this image from icicles to candles and crosses by examining a range of medieval sources and argues that the giant sword may function as a visual motif in which pre-Christian Germanic concepts and prominent Christian symbols coalesce In Part II Pettit investigates the broader Germanic background to this image especially in relation to the god Ing Yngvi Freyr and explores the capacity of myths to recur and endure across time Drawing on an eclectic range of narrative and linguistic evidence from Northern European texts and on archaeological discoveries Pettit suggests that the image of the giant sword and the characters and events associated with it may reflect an elemental struggle between the sun and the moon articulated through an underlying myth about the theft and repossession of sunlight The Waning Sword Conversion Imagery and Celestial Myth in Beowulf is a welcome contribution to the overlapping fields of Beowulf scholarship Old Norse Icelandic literature and Germanic philology Not only does it present a wealth of new readings that shed light on the craft of the Beowulf poet and inform our understanding of the poem's major episodes and themes it further highlights the merits of adopting an interdisciplinary

approach alongside a comparative vantage point As such *The Waning Sword* will be compelling reading for Beowulf scholars and for a wider audience of medievalists *The Ring of Truth and Other Myths of Sex and Jewelry* Wendy Doniger,2017 In *The Ring of Truth* Wendy Doniger expertly unfolds the cultural and historical significance of rings and other kinds of circular jewelry through timeless stories taken from mythology religious traditions and literature Each chapter like a separate charm on a charm bracelet considers a different constellation of stories linked by a common cluster of meanings the mutual imitation of real and fake legal and illegal marital and extra marital jewelry the circular form of rings and bracelets miming the circle of eternity which persists in the face of human ephemera **Approaches to Greek Myth** Lowell

Edmunds,2014-10-06 Segal on psychoanalytic interpretations **Encyclopedia of Motherhood** Andrea O'Reilly,2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The Encyclopedia of Motherhood is a collection of approximately 700 articles in a three volume A to Z set exploring major topics related to motherhood from geographical historical and cultural entries to anthropological and psychological contributions In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The Encyclopedia is a comprehensive resource designed to provide an understanding of the complexities of motherhood for academic and public libraries and is written by academics and institutional experts in the social and behavioural sciences Mistress, Mother, Muse Maria Palaska,2021-01-15 *Mistress Mother Muse An Exploration of the Female in Modern and Contemporary Mediterranean Literature* fills a vacuum in comparative literary studies in that it lays the foundations for Mediterraneanism to develop as an area in literary studies The book is an exploration of aspects of female liminality including motherhood sexuality and creativity in three distinctive Mediterranean cultures namely Spanish Greek and Arabic It adopts myth as an approach to literary analysis and thus introduces a new ground breaking method of analysis in literary studies *Mistress Mother Muse An Exploration of the Female in Modern and Contemporary Mediterranean Literature* represents a useful reference to students scholars and academics in the fields of comparative literature modern Greek literature Spanish literature Arabic literature myth studies classical Greek literature and women s studies **Transactions of the ...
