Mergers And Acquisitions A Critical Reader:

Mergers & Acquisitions Annette Risberg, 2013-04-15 Mergers and acquisitions remain one of the most common forms of growth yet they present considerable challenges for the companies and management involved The effects on stakeholders including shareholders managers and employees must be considered as well as the wider implications for the economy the level of competition and employment By drawing on classic research perspectives and placing them alongside more recent alternatives this book provides readers with a focused yet far reaching introduction to the study of M As Each paper is set in context by editorial commentaries and reflects the important organizational and behavioural aspects which have often been ignored in the past By providing this in depth understanding of the mergers and acquisitions process the reader understands not only how and why mergers and acquisitions occur but also the broader implications for organizations The book is structured clearly into sections concerned with the issues that arise before during and after the mergers and acquisitions process including motives and planning partner selection integration employee experiences and communication A unique collection of selected readings and contextualising commentary this volume will greatly appeal to MBA and graduate students as well as experienced practitioners

Mergers and Acquisitions Annette Risberg, 2006 Mergers and acquisitions remain one of the most common forms of growth yet they present considerable challenges for the companies and management involved This collection draws on classic research perspectives as well as more recent alternatives to offer a holistic overview of the subject

Handbook of Research on Mergers and Acquisitions Yaakov Weber, 2012 For the last four decades researchers in various disciplines have been trying to explain the enduring paradox of the growing activity and volume of mergers and acquisitions M A versus the high failure rate of M A This book explores how underlying concepts and methodologies contribute towards understanding M A and its performance

The Routledge Companion to Mergers and Acquisitions Annette Risberg, David R. King, Olimpia Meglio, 2015-06-19 Mergers and acquisitions M As are events that attract considerable interest from academics and practitioners and much research has been conducted into their impact on individuals organizations and societies Yet despite all the existing research and the varied theoretical and methodological approaches employed there remains more to learn about M As The Routledge Companion to Mergers and Acquisitions takes a detailed look at this multifaceted subject using a novel framework of four domains substantive issues contextual issues methodological issues and conceptual issues Drawing on the expertise of its international team of contributors the volume surveys the state of the field including emerging and cutting edge areas such as social network analysis and corporate branding This Companion will be a rich resource for students researchers and practitioners involved in the study of M As and organizational and strategic studies more widely

Mergers & Acquisitions Annette Risberg, 2013-04-15 Mergers and acquisitions remain one of the most common forms of growth yet they present considerable challenges for the companies and management involved The effects on stakeholders including shareholders managers and employees must be considered as

well as the wider implications for the economy the level of competition and employment By drawing on classic research perspectives and placing them alongside more recent alternatives this book provides readers with a focused yet far reaching introduction to the study of M As Each paper is set in context by editorial commentaries and reflects the important organizational and behavioural aspects which have often been ignored in the past By providing this in depth understanding of the mergers and acquisitions process the reader understands not only how and why mergers and acquisitions occur but also the broader implications for organizations The book is structured clearly into sections concerned with the issues that arise before during and after the mergers and acquisitions process including motives and planning partner selection integration employee experiences and communication A unique collection of selected readings and contextualising commentary this volume will greatly appeal to MBA and graduate students as well as experienced practitioners

Handbook of Research on Enhancing Innovation in Higher Education Institutions Babić, Verica, Nedelko, Zlatko, 2020-03-27 Innovation in higher education is a process of institutional adaptation to changes in the environment that enables higher education institutions to improve their existing practice and to be innovative at different levels and in different forms Moreover innovativeness is also related to internal characteristics of higher education institutions Innovation in higher education can be observed as a result of the changing contexts in which higher education institutions function Adjacent a comprehensive approach to considering innovativeness is needed in order to enable the examination of different elements of innovativeness in higher education that is to identify the key factors that de stimulate innovations and affect their interactions with other relevant stakeholders at the national level and beyond The Handbook of Research on Enhancing Innovation in Higher Education Institutions is a critical scholarly book that examines innovativeness in higher education and its complications and diversity Starting from the view that higher education is currently confronted by global forces that require new research ideas the publication suggests that comprehensive understanding of innovativeness is imperative for higher education s institutions in the 21st century Analyzing the recognized trends within the publication and concluding which aspects should be taken to improve innovativeness in higher education this reference book outlines quality and innovation in teaching innovative university business cooperation institutional framework and governance of higher education institutions knowledge management and leadership and organizational culture It is ideal for curriculum designers administrators researchers policymakers academicians professionals and students

Hostile Business and the Sovereign State Michael J. Strauss, 2018-12-14 This

book describes and assesses an emerging threat to states territorial control and sovereignty the hostile control of companies that carry out privatized aspects of sovereign authority The threat arises from the massive worldwide shift of state activities to the private sector since the late 1970s in conjunction with two other modern trends the globalization of business and the liberalization of international capital flows The work introduces three new concepts firstly the rise of companies that handle privatized activities and the associated advent of post government companies that make such activities their core business Control of them may reside with individual investors other companies or investment funds or it may reside with other states through state owned enterprises or sovereign wealth funds Secondly imperfect privatizations when a state privatizes an activity to another state s public sector The book identifies cases where this is happening It also elaborates on how ownership and influence of companies that perform privatized functions may not be transparent and can pass to inherently hostile actors including criminal or terrorist organizations Thirdly belligerent companies whose conduct is hostile to those of states where they are active The book concludes by assessing the adequacy of existing legal and regulatory regimes and how relevant norms may evolve
