Chris Gibson, John Connell

Mersey Sound:

The Mersey Sound Adrian Henri, Brian Patten, Roger McGough, 2007-06-07 The Mersey Sound is an attempt to introduce contemporary poetry to the general reader by publishing representative work by each of three modern poets in a single volume in each case the selection has been made to illustrate the poet's characteristics in style and form With this modest brief The Mersey Sound was conceived and first published in 1967 An anthology which features Roger McGough's work alongside that of Brian Patten and Adrian Henri The Liverpool Poets it went on to sell over half a million copies and to become the bestselling poetry anthology of all time *The Mersey Sound* Anthony Grant, Clive Grey, 2007 This latest publication from Open House Press represents the first major book on Liverpool's English It brings together a set of fascinating insights into the area's history its place names and the contexts for the development of that well known variety of English Scouse Contributors to the volume are all linguists based in or connected with the Liverpool region and the chapters together represent the state of current scientific research into Merseyside's language *The Mersey Sound* Adrian Henri, Roger McGough, Brian Patten, 1994

Music and Tourism Chris Gibson, John Connell, 2005-01-01 Music and Tourism is the first book to comprehensively examine the links between travel and music It combines contemporary and historical analysis of the economic and social impact of music tourism with discussions of the cultural politics of authenticity and identity *The Beat Makers* Anthony Hogan, 2017-08-15 The stories of the bands and the people who made Liverpool the home of Rock n Roll in the early sixties *The Mersey Sound. Adrian Henri, Roger McGough, Brian Patten* MERSEY SOUND., 1967

The Ringo Starr Encyclopedia Bill Harry, 2012-12-31 Ringo Starr was the genuine working class member of the Beatles Born into poverty in a tiny house in Liverpool's Dingle area deserted by his father he suffered years of illness which seriously affected his schoolwork Despite having all the odds against him he became one of the most famous people on the planet The Ringo Starr Encyclopedia completes the Virgin series on the individual Beatles and is the most comprehensive book about Ringo Starr ever written

"We are the Mods" Christine Jacqueline Feldman, 2009 Drawing on archival research oral history interviews and participant observation this examination of the adoption and adaptation of Mod style across geographic space also maps its various interpretations over time from the early 1960s to the present The book traces the Mod youth culture from its genesis in the dimly lit clubs of London's Soho where it began as a way for young people to reconfigure modernity after the chaos of World War II to its contemporary country specific expressions By examining Mod culture in the United States Germany and Japan alongside the United Kingdom We Are the Mods contrasts the postwar development of Mod in those countries that lost the war with those that won The book illuminates the culture's fashion music iconography and gender aesthetics to create a compelling portrait of a transnational subculture Book Jacket

The Mersey Sound Adrian Henri, 1975 *The Twenty-First-Century Legacy of the Beatles* Michael Brocken, 2016-03-03 It has taken Liverpool almost half a century to come to terms with the musical cultural and now economic legacy of the Beatles

and popular music At times the group was negatively associated with sex and drugs images surrounding rock music deemed unacceptable by the city fathers and unworthy of their support Liverpoolian musicians believe that the musical legacy of the Beatles can be a burden especially when the British music industry continues to brand the latest white male group to emerge from Liverpool as the next Beatles Furthermore Liverpoolians of perhaps differing ethnicities find images of four white boys with guitars and drums not only problematic in a musical roots sense but for them culturally devoid of meaning and musically generic The musical and cultural legacy of the Beatles remains complex In a post industrial setting in which both popular and traditional heritage tourism have emerged as providers of regular employment on Merseyside major players in what might be described as a Beatles music tourism industry have constructed new interpretations of the past and placed these in such an order as to re confirm re create and re work the city as a symbolic place that both authentically and contextually represents the Beatles
