Creating a Happier Life David M. Lindsey,1990-07 **The Sufi Message of Hazrat Inayat Khan: The Alchemy of Happiness** Hazrat Inayat Khan,2020-09-28 THE SOUL in Sanskrit in the terms of the Vedanta is called Atman which means happiness or bliss itself It is not that happiness belongs to the soul it is that the soul itself is happiness Today we often confuse happiness with pleasure but pleasure is only an illusion a shadow of happiness and in this delusion man may pass his whole life seeking after pleasure and never finding satisfaction There is a Hindu saying that man looks for pleasure and finds pain Every pleasure seems happiness in outward appearance it promises happiness for it is the shadow of happiness but just as the shadow of a person is not the person though representing his form so pleasure represents happiness but is not happiness in reality According to this idea one rarely finds souls in this world who know what happiness is they are constantly disappointed in one thing after another That is the nature of life in the world it is so deluding that if man were disappointed a thousand times he would still take the same path for he knows no other The more we study life the more we realize how rarely there is a soul who can honestly say I am happy Almost every soul whatever his position in life will say he is unhappy in some way or another and if you ask him why he will probably say that it is because he cannot attain to the position power property possessions or rank for which he has worked for years Perhaps he is craving for money and does not

realize that possessions give no satisfaction perhaps he says he has enemies or that those whom he loves do not love him There are a thousand excuses for unhappiness that the reasoning mind will make But is even one of these excuses ever entirely correct Do you think that if these people gained their desires they would be happy If they possessed all would that suffice No they would still find some excuse for unhappiness all these excuses are only like covers over a man s eyes for deep within is the yearning for the true happiness which none of these things can give He who is really happy is happy everywhere in a palace or in a cottage in riches or in poverty for he has discovered the fountain of happiness which is situated in his own heart As long as a person has not found that fountain nothing will give him real happiness Enjoying a Happier Life Now!
