Messianism Through History Concilium 1993 1:

Messianism Among Jews and Christians William Horbury, 2016-03-10 William Horbury considers the issue of messianism as it arises in Jewish and Christian tradition Whilst Horbury's primary focus is the Herodian period and the New Testament he presents a broader historical trajectory looking back to the Apocrypha and pseudepigrapha and onward to Judaism and Christianity in the Roman empire Within this framework Horbury treats such central themes as messianism in the Apocrypha and pseudepigrapha the Son of man and Pauline hopes for a new Jerusalem and Jewish and Christian messianism in the second century Neglected topics are also given due consideration including suffering and messianism in synagogue poetry and the relation of Christian and Jewish messianism with conceptions of the church and of antichrist and with the cult of Christ and of the saints Throughout Horbury sets messianism in a broader religious and political context and explores its setting in religion and in the conflict of political theories This new edition features a new extended introduction which updates and resituates the volume within the context of current scholarship

Messiah and Exaltation Andrew Chester, 2007 Andrew Chester focuses on Jewish messianic hope intermediary figures and visionary traditions of human transformation particularly in the Second Temple period and analyzes their significance for the origin and development of New Testament Christology He brings together five previously published essays on these themes these include two long chapters one on Jewish messianic and mediatorial traditions in relation to Pauline Christology the other on messianism and eschatology in early Judaism and Christianity plus one on messiah and Temple in Sibylline Oracles 3 5 Two further essays on the significance of Torah in the messianic age and on resurrection transformation and early Christology have been extensively revised There are also three substantial new chapters all of which engage closely with recent scholarly debate The first on the origin of Christology argues for the significance of Jewish visionary traditions of human transformation for understanding how high Christology came about at

such an early stage within the New Testament The second discusses the complex questions of the definition scope and nature of Jewish messianism especially in relation to the Hebrew Bible and the more recently available Qumran evidence and their significance for the New Testament The third is concerned with what Paul means by the law of Christ and the wider issues raised by this

"The Bold Arcs of Salvation History" Maureen Junker-Kenny,2022-01-19 This book offers the first in depth treatment in English language of Habermas s long awaited work on religion Auch eine Geschichte der Philosophie published in 2019 Charting the contingent origins and turning points of occidental thinking through to the current postmetaphysical stage the two volumes provide striking insights into the intellectual streams and conflicts in which core components of modern self understanding have been forged The encounter of Greek metaphysics with biblical monotheism has led to a theology of history as salvation expanding in bold arcs from Adam s Fall to Christ and the Last Judgement The reconstruction of key turns in the relationship between faith and knowledge ends however with locating the uniqueness of religion in ritual and defining reason as inherently secular The book exposes the sources and trajectories analysed by Habermas with great erudition to different assessments in biblical studies theology and philosophy of subjectivity Apart from Paul and Augustine key lines of continuity are identified in the Gospels early patristic theology Duns Scotus and Schleiermacher that retain the internal connection of faith to autonomous freedom

Spirit of the Last Days Peter Althouse,2003-10-01 Early Pentecostals proclaimed the restoration of the charismatic gifts as a sign of the imminent coming of Christ This eschatology was later marginalized by the rise of fundamentalist dispensationalism Today Pentecostal eschatology is being revised to include a more transformative view of the kingdom This boook proposes a further revision of Pentecostal eschatology created to recover prophetic elements of early Pentecostalism that invite a responsible social engagement in the world and to overcome fundamentalist assumptions which have crept into Pentecostal theology in its middle years To this end the eschatological thought of selected Pentecostal theologians is placed in dialogue with Jurgen Moltmann This dialogue critiques fundamentalist tendencies within contemporary Pentecostalism by advocating a theology more open to history and creation and a Pentecostal ethic both personal and social in scope

Disavowing Constantine Nigel G. Wright,2007-01-01 Disavowing Constantine draws upon the work of two highly influential modern theologians J rgen Moltmann and John Howard Yoder to develop an independent and constructive understanding of the relation of the church to the state Its aim is to restate for modern understanding the insights of the Believers Church tradition and to work out their implications for Christian participation in the civil order In this complex realm positive insights are located in traditions usually regarded as incompatible but the thesis of the book concerns disavowing Constantine renouncing the reliance of the church upon coercive power to further its mission in order to rediscover how a faithful church might nonetheless participate as a witness within the power structures of human society

The Sense of Mission in Russian Foreign Policy Alicja Curanović,2021-03-04 This book explores how far messianism the conviction that Russia has a special historical destiny is

present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia's mission in Tsarist times that the sense of mission matters more for Russia's elites than for Russia's masses and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy

Jewish Messianism and the Cult of Christ William Horbury, 1998 William Horbury demonstrates that there were more messianic beliefs in Judaism at the time of Jesus than is commonly recognised

God the Revealed Michael Welker, 2013-12-14 God revealed himself in Jesus Christ Christian faith has confessed and proclaimed this message for nearly two thousand years But what does it really mean In *God the Revealed* Michael Welker delves into this declaration and shows how it offers genuine insight into Christian faith He asks Who is Jesus Christ for us today and approaches the answer from five different angles the historical Jesus the resurrection the cross the reign of Christ and eschatology Uniquely Welker argues for the need to place historical Jesus research in a Christology and proposes a Fourth Quest for the historical Jesus
